Elements Of Playwriting:

The Elements of Playwriting Louis E. Catron, Norman A. Bert, 2017-12-06 Louis Catron imbued experienced and fledgling playwrights with inspiration guidance and a passport to maximizing their writing skills as well as their overall ability to transform written words into a stage production He understood that being a playwright is more than putting pen to paper It involves expressing a personal point of view bringing a vision to life developing dimensional characters structuring a play s action and finding producers directors and actors to bring the work to life In the second edition Norman Bert infuses the enduring merits of Catron s original work with examples technological developments and trends geared to today s readers Bert s play references are familiar to contemporary students including examples from plays written since 2000 He includes useful information on web based research and the electronic submission process A new chapter focuses on the playwright s responsibility to lay the groundwork for production elements like casting design theatre architecture as it impacts audience performer relationships staging modes and the uses and expectations of stage directions Also new to this edition are reading resources for delving deeper into topics discussed

Playwriting Effiong Johnson, 2011-02-16 Summary The Nigerian theatre milieu is trapped in a cobweb of strangulating strings Little wonder therefore that its growth has been impaired over the years The numerous multi tribal thrusts in Nigeria disallow the full growth and development of theatre forms and trends The university and other degree awarding institutions engaged in theatre studies have not carved out uniquely distinguishing styles that can be said to be theirs The Nigerian theatre makers themselves are not style driven and technique creating An ideal repertory of form can hardly be identified with them in a sustainable manner The National Theatre set up as a symbol of the nation s cultural pride now stands as a totem for the nation s creative shame The state owned Cultural Centre Boards are devoid of objectives in focused cultural promotions Many graduates of the arts prefer other creative businesses A few die hards are bedeviled by frustrating dilemmas as businessmen refuse to patronise theatre because they consider it a wasteful venture while international agencies shun it because of its profit making outlook
