Proclus,1933     **Proclus: The Elements of Theology** E. R. Dodds,1962     The Elements of Theology Proclus (Diadochus),1933     ~Theoe elements of theology Proclus (Diadochus),1963     Πρόκλου Διαδοχου Στοιχείωσις Θεολογική. The Elements of Theology. A Revised Text with Translation, Introduction and Commentary by E.R. Dodds ... Second Edition Proclus,Eric Robertson Dodds,1963     *Russian Literature and the Classics* Peter I. Barta,David H. J. Larmour,Paul Allen Miller,2013-12-02 Russian Literature and the Classics attempts to fill a gap To date there has been no book length systematic study of the impact of antiquity on Russian literature and culture While by no means claiming to offer a comprehensive approach the authors focus on various aspects of the influence which the Classics have had on Russian literature at particularly significant junctures the beginning of the nineteenth century the age of the great Russian realist novel the Silver Age Stalin s terror the Thaw after 1956 and the period just before the collapse of Soviet society In their introductory essay the editors offer an overview of the Classical Tradition In it they provide an insight into the contrasting ways in which that tradition manifested itself in the literatures of Western Europe and of Russia     **Western Sufism** Mark Sedgwick,2016-10-18 In this book Mark Sedgwick shows that Western Sufism is not a recent phenomenon of the new age but rather is rooted in a series of intercultural transfers between the Muslim world and the West starting in the Middle Ages and in centuries of later Western intellectual history     Hierarchy and the Definition of Order in the Letters of Pseudo-Dionysius Ronald F. Hathaway,2012-12-06 Neoplatonism begins explicitly with Plotinus in the third century of our era The later Neoplatonism of the fifth and six century schools at Athens and Alexandria was both the continuation of the philosophy of Plotinus and also a pagan ideology When these schools were closed despite attempts at compromise at Alexandria and as a result of direct and indirect political pressures and actions pagan ideology died Many philosophers such as Isidore Asclepiodotus Damascius and Olym piodorus must have foreseen the danger to philosophy and their extant writings are sprinkled with forebodings Would the death of pagan ideology in the form of pagan worship and the Homeric and Orphic traditions bring about the death of all genuine philosophy as well One answer to this great question is found in the enigmatic writings of Ps Dionysius the Areopagite Purposing to be the writings of the Athenian convert of St Paul they fall within the province of a multitude of so called pseudepigraphic Christian writings 1 GENERAL ARGUMENT I embarked on the study of Ps Dionysius Letters with two goals in mind r to grasp in clear detail the unknown author s philosophic intentions in writing his famous Corpus and the way in which he set about writing and 2 to attempt to see with precision the reason for the absence of a political philosophy in Christian Platonism The Letters provided a richness of detail and information bearing on the first subject which was wholly unexpected     The Oxford Handbook of Maximus the Confessor Pauline Allen,Bronwen Neil,2015-03-26 Maximus the Confessor c 580 662 has become one of the most discussed figures in contemporary patristic

studies This is partly due to the relatively recent discovery and critical edition of his works in various genres including On the Ascetic Life Four Centuries on Charity Two Centuries on Theology and the Incarnation On the Our Father two separate Books of Difficulties addressed to John and to Thomas Questions and Doubts Questions to Thalassius Mystagogy and the Short Theological and Polemical Works The impact of these works reached far beyond the Greek East with his involvement in the western resistance to imperial heresy notably at the Lateran Synod in 649 Together with Pope Martin I 649 53 CE Maximus the Confessor and his circle were the most vocal opponents of Constantinople's introduction of the doctrine of monothelitism This dispute over the number of wills in Christ became a contest between the imperial government and church of Constantinople on the one hand and the bishop of Rome in concert with eastern monks such as Maximus John Moschus and Sophronius on the other over the right to define orthodoxy An understanding of the difficult relations between church and state in this troubled period at the close of Late Antiquity is necessary for a full appreciation of Maximus' contribution to this controversy The editors of this volume aim to provide the political and historical background to Maximus' activities as well as a summary of his achievements in the spheres of theology and philosophy especially neo Platonism and Aristotelianism

**Fullness Received and Returned** Seng-Kong Tan, 2014-01-01 Seng Kong Tan argues that human participation in the divine a classical theological axiom most notably associated with the Eastern Orthodox tradition is a central theme in the theology of Jonathan Edwards This notion Tan contends is a defining motif for the entire systematic sweep of Edwards's theology and it serves to focus and determine the contours of Edwards's thought Fullness Received and Returned situates Edwards's theology within the folds of the classical theological tradition while arguing that Edwards's is a unique and creative form of Reformed theology

Kabbalah on Spinoza's Metaphysics Miquel Beltran,2016-06-21 In this book the author seeks to find historiographical and textual evidence that Abraham Cohen de Herrera s main kabbalistic work Puerta del Cielo influenced Spinoza s metaphysics as it is expounded in his later work the Ethica Many of the most important ontological topics maintained by the philosopher like the concept of the first cause as substance the procession of the infinite modes the subjective or metaphorical reality of the attributes and the two different understandings of God were anticipated in Herrera s mystical treatise Both shared a particular consideration of panentheism that entails acosmism This influence is proven through a comparative examination of the writings of both authors as well as a detailed research on previous Jewish philosophical thought     **Nag Hammadi**

**Codices XI, XII, XIII** Charles W. Hedrick,2020-10-26 This volume presents critical editions of three of the most fragmentary codices in the Nag Hammadi Library Their nine tractates are presented in an English translation with critically edited transcriptions of Coptic texts including introductions and notes A complete set of indices is provided for Coptic and Greek words proper names ancient texts and authors and modern authors The contents of these three ancient books reflect the rich diversity of the Library as a whole They include a fragmentary and apparently non Christian revelation descent narrative Hypsiphrone a non Christian Sethian text reflecting heavy platonizing influence Allogenes Hellenistic Greek wisdom literature Sentence of Sextus a non christian Sethian text secondarily Christianized Trimorphic Protennoia Valentinian Gnosticism A Valentinian Exposition a Christian Gnostic tractate with Valentinian affinities The Interpretation of Knowledge A Christian Gnostic perhaps Valentinian homily on the gospel the Gospel of Truth the first page of On the Origin of the World completely preserved in NHC II and an identified fragmentary tractate with ethical content There are also five Valentinian liturgical supplements appended to Allogenes The publication of these religio philosophical materials from Nag Hammadi provides the scholar and interested reader with critical editions of texts that help to fill in background and context of gnostic origins and that shed light on the interaction among early Christianity and gnostic movements in antiquity     **The Coptic**

**Byzantine Perspectives on Neoplatonism** Sergei Mariev, 2017-03-20 Byzantine intellectuals not only had direct access to Neoplatonic sources in the original language but also at times showed a particular interest in them During the Early Byzantine period Platonism significantly contributed to the development of Christian doctrines and paradoxically remained a rival world view that was perceived by many Christian thinkers as a serious threat to their own intellectual identity This problematic relationship was to become even more complex during the following centuries Byzantine authors made numerous attempts to harmonize Neoplatonic doctrines with Christianity as well as to criticize refute and even condemn them The papers assembled in this volume discuss a number of specific questions and concerns that drew the interest of Byzantine scholars in different periods towards Neoplatonic sources in an attempt to identify and explore the central issues in the reception of Neoplatonic texts during the Byzantine era This is the first volume of the sub series Byzantinisches Archiv Series Philosophica which will be dedicated to the rapidly growing field of research in Byzantine philosophical texts
