E Pluribus Unum W. C. Harris,2005-04 Out of many one But how do the many become one without sacrificing difference or autonomy This problem was critical to both identity formation and state formation in late 18th and 19th century America The premise of this book is that American writers of the time came to view the resolution of this central philosophical problem as no longer the exclusive province of legislative or judicial documents but capable of being addressed by literary texts as well The project of E Pluribus Unum is twofold Its first and underlying concern is the general philosophic problem of the one and the many as it came to be understood at the time W C Harris supplies a detailed account of the genealogy of the concept exploring both its applications and its paradoxes as a basis for state and identity formation Harris then considers the perilous integration of the one and the many as a motive in the major literary accomplishments of 19th century U S writers Drawing upon critical as well as historical resources and upon contexts as diverse as cosmology epistemology poetics politics and Bible translation he discusses attempts by Poe Whitman Melville and William James to resolve the problems of social construction caused by the paradox of e pluribus unum by writing literary and philosophical texts that supplement the nation s political founding documents Poe Eureka Whitman Leaves of Grass Melville Billy Budd and William James The Varieties of Religious Experience provide their own distinct sometimes contradictory resolutions to the conflicting demands of diversity and unity equality and hierarchy Each of these texts

understands literary and philosophical writing as having the potential to transform conceptually or actually the construction of social order This work will be of great interest to literary and constitutional scholars *Game Design Secrets* Wagner James Au,2012-09-19 Design great Facebook iOS and Web games and learn from the experts what makes a game a hit This invaluable resource shows how to put into action the proven design and marketing techniques from the industry s best game designers who all started on a small scale The book walks novice and experienced game designers through the step by step process of conceptualizing designing launching and managing a winning game on platforms including Facebook iOS and the Web The book is filled with examples that highlight key design features explain how to market your game and illustrate how to turn your design into a money making venture Provides an overview of the most popular game platforms and shows how to design games for each Contains the basic principles of game design that will help promote growth and potential to generate revenue Includes interviews with top independent game developers who reveal their success secrets Offers an analysis of future trends that can open or close opportunities for game designers *Game Design Secrets* provides aspiring game designers a process for planning designing marketing and ultimately making money from new games *Animals in Literary Education* John Drew,2025-09-24 This book examines the complicated place of animals in literary analysis and education and shows how an ethically engaged approach to animals representation could be pursued to challenge anthropocentrism and cultivate multispecies empathy Other species are represented in the literary education canon including farmed animals Yet the animals are typically anthropomorphized to guide students toward humanist readings and away from consideration of animals experiences or subjectivities This reproduces the idea that animals are mere objects meant to be exploited for human purposes even metaphorical and educational ones John Drew develops the term anthro allegory to capture and critique the process through which students are taught to read animal literary representations exclusively as symbolic analogues for humans and human themes The concept serves as an analytical lens for critically interrogating significant texts taught across educational levels and exposing the deeply engrained educational anthropocentrism that silences animal issues even when animals are represented Crucially Drew identifies texts and pedagogical strategies that can help cultivate a literary educational animal ethic that simultaneously encourages analytical rigour and multispecies concern **The Treasure Island** Hengameh Fazeli,Arkadeb Bhattacharyya,2023-01-08 *Treasure Island* is the story of two animals who leave their country travelling to a far island in the heart of an ocean in search of solutions to save their kingdom from famine and drought This search symbolizes the journey of the soul and its evolution They meet five new friends on the island becoming a group of seven souls representing the seven rays Their task is to conquer five mountains symbolizing the five virtues They must collect gems to unlock a final relic and bring it to their kingdom The story deals with challenges and learning gained from practicing each virtue It emphasizes that to be successful in life we do not need a magical relic but spiritual practice and the empowerment we gain through practicing the virtues **Mind Over Tennis** Jörgen Jensen,Peter

Lundgren,2022-01-24 Why did Roger Federer challenge his coach Peter Lundgren to a wrestling match And how did Lundgren manage to help transform him from an ill tempered youth to the consummate professional we have come to know Mind over Tennis answers this and many other questions The book thoroughly covers all aspects how to master the mental game of tennis including such topics as Managing nervousness Reaching the zone Achieving consistency Effective training and drills Controlling emotions Along with this we get real life examples and stories from Peter Lundgren s unique experience of coaching three players who all reached world number one rankings How did they do it What was special about them How did Peter coach them **Mammoth Hunt** John Blashford-Snell,1997 *Dumbo - The Official Movie Special* Dan Jolin,2019-04-02 With Dumbo visionary director Tim Burton brings a beloved Disney animated classic to the world of live action telling the touching story of a uniquely talented baby elephant who changes the lives of a small circus family and makes the world gasp in awe This Movie Special features in depth interviews with stars Danny DeVito Colin Farrell Nico Parker Finley Hobbins Michael Keaton Eva Green and more Also interviews with Tim Burton and the behind the scenes crews including the costume and special effects departments plus stunning photography and concept art from this magical family adventure You will truly believe an elephant can fly Rula Rula Lenska,2013-09-26 Rula Lenska s is an extraordinary life Born in Britain to Polish aristocrats refugees from the Nazis and then the Soviets Rula found fame in the 1970s as Q in the TV series Rock Follies Shortly afterwards she accidentally conquered America with the infamous VO5 hair advert prompting Johnny Carson to ask Who the hell is Rula Lenska The world soon found out exactly who she was as her career went on a rollercoaster ride through classic British television series such as Minder To the Manor Born The Detectives Doctor Who Casualty Space 1999 and of course Coronation Street This came alongside a distinguished stage career with stellar performances in The Vagina Monologues and Calendar Girls But her success has often been tempered with heartache The fanfare surrounding her celebrity marriage to Dennis Waterman quickly faded amid accusations of alcoholism and spousal abuse And then there was her surreal stint on Celebrity Big Brother which she calls sixteen days of madness Now older and wiser and elevated to the status of national treasure Rula Lenska is ready to share her unbelievable story in full And while we ve all watched her life from the outside no one has heard or seen Rula like this unabashed honest and thrilling The Battle of Plumstead Marshes Adrian Liley,2015-10-20 This is the sixth volume of the Marketeer Chronicles Caroline Williams is back in England this time working at a summer school in Plumstead in East London What follows is possibly the worst weekend of her life as her centre is assailed from all directions by angry local residents rampaging youths and plasma hungry rioters Caroline organises the teachers and staff into a defensive army out to stop anybody gaining entry to the college Twelve manic hours follow as the staff use any means at their disposal to protect the children and college The story echoes the 1963 film Zulu on so many levels **At Gleason's Gym** Ted Lewin,2007-08-07 Describes the visitors and activities which go on at Gleason s Gym in Brooklyn where famous boxers such as Muhammed Ali trained Creating Literacy-Rich Schools for

Adolescents Gay Ivey, Douglas Fisher, 2006-03-15 We know that literacy is the key to learning in school yet millions of middle and high school students lack the literacy skills they need to succeed What can educators do In *Creating Literacy Rich Schools for Adolescents* authors Gay Ivey and Douglas Fisher make a compelling case that all teachers across the content areas have a role to play in students development of literacy which they define as reading writing speaking listening and viewing Rather than focusing solely on reading instruction and the cliché that says all teachers are teachers of reading they urge teachers to incorporate rich literacy based learning experiences into their classrooms with the goal of helping students to learn and think across the curriculum With research based findings engaging examples and extensive lists of resources Ivey and Fisher encourage readers to Reexamine the materials experiences and expectations of the English language arts classroom Use strategies to improve literacy in all the content areas and seek alternatives to the traditional textbook Make independent reading an important part of students ongoing literacy development Design and use interventions that really work for struggling students and Consider the schoolwide elements professional development peer coaching leadership and assessment that should be in place to support teachers and students Essential questions provide the focus for each chapter and Quality Indicators for Secondary Literacy help readers gauge where they are on the continuum of providing a meaningful literacy experience for students *Creating Literacy Rich Schools for Adolescents* will inspire educators to take up this challenge in their own school with new confidence that the work is worthwhile and achievable Note This product listing is for the Adobe Acrobat PDF version of the book **Literacy and Young Children** Diane M. Barone, Lesley Mandel Morrow, 2003-01-01 One of two parents guides based on the revised National Curriculum this book is intended as an introduction to Key Stages 1 and 2 The need for parents to be involved in their children s education has taken root in recent years To be able to make choices however parents need to be informed This book is intended to enable them to get to grips with the elements of the National Curriculum and topical issues
