Roots of Film Noir Kevin Grant, 2022-11-29 Individual reviews of 90 films created and released before 1941 are included here in the first title by title reference guide to the forerunners of film noir Silent Hitchcock thrillers and German expressionist masterpieces French poetic realist dramas and forgotten Hollywood B movies pseudo Freudian gangster films and costume melodramas are among the works covered The collection spans subgenres and cultures of filmmaking aiming to demonstrate that the roots of noir were sown far and wide long before the lasting and mysterious genre flowered in America during the war years

Crime Films Thomas Leitch, 2002-08-15 This book surveys the entire range of crime films including important subgenres such as the gangster film the private eye film film noir as well as the victim film the erotic thriller and the crime comedy Focusing on ten films that span the range of the twentieth century Thomas Leitch traces the transformation of the three leading figures that are common to all crime films the criminal the victim and the avenger Analyzing how each of the subgenres establishes oppositions among its ritual antagonists he shows how the distinctions among them become blurred throughout the course of the century This blurring Leitch maintains reflects and fosters a deep social ambivalence towards crime and criminals while the criminal victim and avenger characters effectively map the shifting relations between subgenres such as the erotic thriller and the police film within the larger genre of crime film that informs them all

Public Enemies, Public Heroes Jonathan Munby, 2009-04-24 In this study of Hollywood gangster films Jonathan Munby examines their controversial content and how it was subjected to continual moral and political censure Beginning in the early 1930s these films told compelling stories about ethnic urban lower class desires to make it in an America dominated by Anglo Saxon Protestant ideals and devastated by the Great Depression By the late 1940s however their focus shifted to the problems of a culture maladjusting to a new peacetime sociopolitical order governed by corporate capitalism The gangster no longer challenged the establishment the issue was not making it but simply making do Combining film analysis with archival material from the Production Code Administration Hollywood's self censoring authority Munby

shows how the industry circumvented censure and how its altered gangsters influenced by European filmmakers fueled the infamous inquisitions of Hollywood in the postwar 40s and 50s by the House Committee on Un American Activities Ultimately this provocative study suggests that we rethink our ideas about crime and violence in depictions of Americans fighting against the status quo Somewhere in the Night Nicholas Christopher, 2010-05-11 Film noir is more than a cinematic genre It is an essential aspect of American culture Along with the cowboy of the Wild West the denizen of the film noir city is at the very center of our mythological iconography Described as the style of an anxious victor film noir began during the post war period a strange time of hope and optimism mixed with fear and even paranoia The shadow of this rich and powerful cinematic style can now be seen in virtually every artistic medium The spectacular success of recent neo film noirs is only the tip of an iceberg In the dead on nocturnal jazz of Charlie Parker and Miles Davis the chilled urban landscapes of Edward Hopper and postwar literary fiction from Nelson Algren and William S Burroughs to pulp masters like Horace McCoy we find an unsettling recognition of the dark hollowness beneath the surface of the American Dream Acclaimed novelist and poet Nicholas Christopher explores the cultural identity of film noir in a seamless elegant and enchanting work of literary prose Examining virtually the entire catalogue of film noir Christopher identifies the central motif as the urban labyrinth a place infested with psychosis anxiety and existential dread in which the noir hero embarks on a dangerously illuminating quest With acute sensitivity he shows how technical devices such as lighting voice over and editing tempo are deployed to create the film noir world *Somewhere in the Night* guides us through the architecture of this imaginary world be it shot in New York or Los Angeles relating its elements to the ancient cultural archetypes that prefigure it Finally Christopher builds an explanation of why film noir not only lives on but is currently enjoying a renaissance *Somewhere in the Night* can be appreciated as a lucid introduction to a fundamental style of American culture and also as a guide to film noir's heyday Ultimately though as the work of a bold talent adeptly manipulating poetic cadence and metaphor it is itself a superb aesthetic artifact *Maximum Movies—Pulp Fictions* Peter Stanfield, 2011-07-15 In the words of Richard Maltby *Maximum Movies Pulp Fictions* describes two improbably imbricated worlds and the piece of cultural history their intersections provoked One of these worlds comprises a clutch of noisy garish pulp movies *Kiss Me Deadly Shock Corridor Fixed Bayonets I Walked with a Zombie The Lineup Terror in a Texas Town Ride Lonesome* pumped out for the grind houses at the end of the urban exhibition chain by the studios B divisions and fly by night independents The other is occupied by critics intellectuals cinephiles and filmmakers such as Jean Luc Godard Manny Farber and Lawrence Alloway who championed the cause of these movies and incited the cultural guardians of the day by attacking a rigorously policed canon of tasteful rarified and ossified art objects Against the legitimate and in defense of the illegitimate in an insolent and unruly manner they agitated for the recognition of lurid sensational crime stories war pictures fast paced Westerns thrillers and gangster melodramas were claimed as examples of the true the real and the authentic in contemporary culture the foundation upon which modern film
