Allen talks about every facet of moviemaking through the prism of his own work as well as the larger world of film and in so doing reveals an artist's development over the course of his career. He speaks about his influences and about the genesis of his ideas about writing, casting, acting, shooting, directing, editing, and scoring, and throughout shows himself to be thoughtful, honest, self-deprecating, always witty and often hilarious. From the Trade Paperback edition [The Complete Prose of Woody Allen](#) Woody Allen, 1991. For the first time in one hardcover edition here are three best-selling books by one of 20th century's greatest movie directors. Woody Allen is an American cultural icon, funny, philosophical, and controversial in his work and personal life. In this side-splitting collection containing *Without Feathers*, *Getting Even*, and *Side Effects*, the Academy Award-winning filmmaker explores subjects ranging from sleeplessness to the UFO menace. No Woolly fan will want to be without his hilarious ruminations on the moral and ethical predicaments of modern life. **Love, Sex, Death and the Meaning of Life** Foster Hirsch, 1990. Revised and updated with a final chapter covering the last decade of a career as actor, director, and screenwriter that now spans a quarter century. Recommended to anyone who would like a better understanding of this comic genius. *Kansas City Chronicle*. *The Films of Woody Allen* Charles L. P. Silet, 2006. From *What's Up Tiger Lily* to *Match Point*, Woody Allen's work has generated substantial interest among scholars and professionals who have written extensively about the director. In *The Films of Woody Allen: Critical Essays*, Charles L. P. Silet brings together two dozen scholarly articles that address the core of Allen's work from a variety of cultural and theoretical perspectives. With a special emphasis on his films of the 1980s, this collection includes both general essays that examine various themes and issues encompassed in Allen's repertoire as well as discussions that focus on one or two specific films. General essays explore Allen's Jewish background as a religious and cultural facet, his apparent love affair with New York City, and his relation to various strains of humor—particularly American film humor—but also Allen's broad use of such traditional comic tropes as irony and parody. The essays on individual films include examinations of some of Allen's most significant work, including *Love and Death*, *Annie Hall*, *Interiors*, *Crimes and Misdemeanors*, *Hannah and Her Sisters*, *Manhattan*, and *Shadows and Fog*. A number of the articles collected here were originally published in now hard-to-locate places, while others were selected from journals not usually associated with film studies. The result is an anthology of essays that presents an overview of the central issues raised by Allen's body of work as well as a close examination of fourteen individual films that convey these larger themes. A wide-ranging exploration of one of America's most innovative and productive modern directors, this book should appeal to both professionals and students of contemporary film comedy.
