Representing the Contemporary North American Family Sophie Chapuis, Marie Moreau, 2021-08-06 The rise in individualism and the growing liberalism of family law may be seen as potential threats to the family as a unit Currently defenders of traditional family models are being forced to accept a more fluid definition of family as an intrinsic heterogeneous unit Central to this book is the idea that the family as a social unit around which society is structured still plays a pivotal role in North America States courts and political parties have had to address the major mutations of the family landscape in the last decades The family is instrumental in reorganizing communities in migration contexts and is a key component of political strategies The way family is staged in the press on social media and in TV shows reflects the fast changing patterns and new realities of North American families and offers alternatives to hegemonic representations of normative families It also ranks high among current literary obsessions since it is the privileged receptacle for contemporary anxieties and operates both as an ideal retreat or an alienating space The proliferation of family narratives in their ever shifting forms reveals that family has boundless potential for fiction and continues to run deep in the North American imaginary This book gathers together approaches that range from field study sociology politics media studies and literature The contributions here show the centrality of the family both as an individual unit and as social political legal and fictional constructs La Fin de La Famille Moderne Daniel Dagenais, 2014-03 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book **The (Un)Making of the Modern Family** Daniel Dagenais, 2009-05-01 The family institution is undergoing a radical transformation The modern meanings of kinship marriage parenthood gender and sexuality are now being questioned and debates on same sex marriages and parenthood or on divorce and blended families

are reflective of these challenges The Un Making of the Modern Family is neither an indictment of the new family nor a rallying cry It is a classical exercise of family sociology that draws upon a range of disciplines history anthropology psychology and demography to provide an interpretive model for understanding contemporary changes in the family It explores traditional family forms in order to identify changes that gave birth to the ideal type of the modern family and it discusses how the modern family s constituent elements the family as institution conjugal and parent child relationships and gender and sexuality relate to modernity s central feature the concept of the individual By reconstructing an archetype of the modern family this book explains why individuals have experienced its deconstruction as a profound identity crisis It will appeal to anyone concerned with the future of the post modern family and society Published originally by Les Presses de l Universit Laval as La fin de la famille moderne this book was awarded the 2000 1 Prix Jean Charles Falardeau for the best book published in French in Canada in the field of social sciences

Engagements citoyens et politiques de jeunes Raymond Hudon, Bernard Fournier, 2012-07-13T00:00:00-04:00 Le diagnostic du désintérêt et du désengagement politique des jeunes est repris ad nauseam et il est maintenant largement accepté que la réalité de l'engagement se conçoit comme débordant les frontières du champ politique strictement parler Cet ouvrage propose plutôt d'explorer d'autres voies pour examiner le rapport des jeunes à la politique en partageant les représentations de cette réalité entre universitaires et praticiens intervenants ceux-ci tant pour une bonne part engagés dans des activités d'animation au sein d'organismes publics ou d'organisations militantes et entre jeunes et moins jeunes Ces alliances contribuent à rendre plus vivants les débats autour des modes de formation et d'éducation la chose politique Faut-il privilégier l'information ou les expériences de terrain pour sensibiliser les jeunes à l'importance de la politique Comment trouver le meilleur équilibre d'autonomie pour les jeunes et d'encadrement par des adultes pour optimiser l'engagement de ceux-ci Comment assurer que le soutien d'adultes à l'action de jeunes ne soit pas perverti en tentatives de récupération servant les intérêts des premiers Comment convaincre les jeunes de leur intérêt à s'engager Quand ils s'engagent quel intérêt y trouvent-ils effectivement Membre partielle cette liste de questions laisse déjà apparaître la pertinence d'une collaboration étroite entre universitaires et intervenants dans l'évaluation des efforts investis pour réduire les écarts grandissants entre une citoyenneté finie idéalement et celle vécue par les jeunes générations

Le Québec et ses mutations culturelles E.-Martin Meunier, 2016-08-24 Cet ouvrage avec ses contributions tant d'essayistes tant d'érudites cherche à approfondir la réflexion sur le Québec contemporain afin de mieux comprendre la nature des mutations qui le transforment profondément aujourd'hui Après l'introduction essayiste de E Martin Meunier on y trouve d'abord une section de quatre textes signés Joseph Yvon Thériault Anne Trépanier Jean Bissonnette et Pierre Baudet qui font un retour sur les Carrés rouges et les événements du printemps 2012 La deuxième thématique rassemble des essais portant sur la question sociale et économique récente avec des contributions parfois politiques de Gilles Paquet Francis Dupuis-Déri et Gilles Labelle La troisième consacre la question universitaire et sa rapide transformation compte un texte de Marc Chevrier et un autre d'Eric Martin et Maxime Ouellet La quatrième thématique consacre la démographie propose une analyse par Guillaume Marois du caractère distinct de la société québécoise de même qu'un essai vocateur et comparatif d'Isabelle Matte La question nationale est explorée par Jean-Claude Racine qui analyse la question de la décanadianisation de la société québécoise Linda Cardinal qui suggère des pistes analytiques pour saisir les

liens entre le mouvement étudiant de 2012 et le nationalisme qu'ibicois et Mathieu Bock Côté qui propose une lecture récapitulative de ce qu'il voit comme une certaine renaissance du nationalisme des Carrés rouges la Charte des valeurs La thématique religieuse vient clore l'ouvrage avec les contributions de Jean François Laniel sur la laïcité en lien avec les petites nations de Solange Lefebvre sur les différents aménagements du religieux et de l'état au Québec et dans le monde occidental et de François Rocher qui propose un modèle analytique pour comprendre l'histoire récente du régime de laïcité au Québec
