*Final Judgment* Michael Collins Piper, 1998-07-01      *Final Judgment* Michael Collins Piper, 2005      *Exploding the Truth: The JFK, Jr. Assassination* John Koerner, 2018-10-26 Exploding the Truth The JFK Jr Assassination presents evidence of a conspiracy to assassinate the only surviving son of President John F Kennedy and considers the motives that many powerful forces had to make sure he never set foot in the White House Divided into two parts Part One examines the potential motives the Bush family the C I A and perhaps even Israeli intelligence had to eliminate JFK Jr Part Two systematically dismantles the official version of events that JFK Jr crashed his plane due to pilot error and examines both the evidence of a government cover up at the crime scene and the extensive eyewitness reports of an explosion that brought the aircraft down      *The High Priests of War* Michael Collins Piper ,2004 The Secret History of How America s Neo Conservative Trotskyites came to power and Orchestrated the war against Iraq as the First Step in their drive for Global Empire Written by the author of the 1 Banned Book in America *Final Judgement*      **The Kennedy Assassination Cover-up** Donald Gibson, 2000 Professor Gibson peels away layers of the JFK assassination conspiracy and cover up An effectively researched and probing analysis of America s most important solved murder      **Adrift on a Sea of Lies** , 2019-09-26 How would you feel if you were told that everything you thought you knew was a lie Humanity has been living with amnesia since the dawn of civilization Mankind has believed that authority provides the truth rather than truth provides the authority This book is an attempt to find the truth of our past and the real history of our civilization why it has been hidden away from us and by whom It is our story with a different theory of the beginning of the universe to the coming totalitarian society of today It follows our history from the cataclysm in our solar system and on Earth in 10 900 BCE through the formation of all religions mystery schools and secret societies that still exist today Because there are too many dots to connect it instead follows a thread of greed power and control through all the world s major events wars assassinations fake terrorism fake news and false flag events such as 9 11 and the London tube bombings It reveals our actual history and attempts to provide evidence that demonstrates that this is not a conspiracy theory but a reality In the West the authorities want to keep us occupied and non thinking with reality television shows televised sports sixty hour work weeks alcohol and drug abuse texting on our iPhones believing in the lies or partial lies they want us to believe in and leave the thinking to them Religious institutions the educational system the justice system the economic system the media and even secret societies have been infiltrated and usurped by these individuals and others with the same philosophy at mankind s expense These individuals have no empathy and no concern for the human condition They seek only one thing and that is power the power to control To them power is more than an addiction but a right Knowledge is the form of their initial power They use that to gain economic power control and influence and then infiltrate all levels of society until they infect the entire planet Their religion is worshipping the self and their ego and they believe that their unique ego is their divine spark Their motto is Do as thou wilt Who are these individuals Why and how have

they managed to do this over the past 12 000 years Is there anything we can do that might reverse this during the next 12 000 years Can we ensure this doesn't happen again during the next cycle of our Earth or will it repeat again and again with only minor changes These are the questions that I hope to if not answer give at least some direction where we can find some hope to recapture our civilization

**Reclaiming History** Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi's irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense

**Undeniable Truths** Ed Souza,2014-08 Since we forget the implications of the assassination of President John F Kennedy at our peril I welcome and support the recent work of Ed Souza s Undeniable Truths Welcome aboard Mr Souza Mark Lane Author of Rush to Judgment To many the murder of President John F Kennedy was the defining tragedy of the twentieth century To many the intricate and pervasive veil of lies generated by the Warren Commission and some of our own government agencies is an egregious and continuing insult to our collective intelligence integrity and dignity To many there are more questions than plausible answers But for one former LA cop private investigator and professor of criminal justice the time has come to put forth the clear and plausible answers too many have craved for too long In Undeniable Truths Professor Ed Souza applies modern investigative techniques and theories to present the clear and simple facts surrounding this infamous murder His approach exposes the lies cover ups and misinformation involved in this case He explores some of the murder s most enduring mysteries Why was President Kennedy really murdered Who really did and did not want Kennedy eliminated Why and how was Oswald chosen as the scapegoat Through the use of time tested police strategies the author puts decades of professional research to the task of solving one of history s most enduring unsolved crimes

*Holocaust Denial as an International Movement* Stephen E. Atkins,2009-04-30 The end of World War II saw an emergence of Holocaust dissention that began in Europe and has since developed into an international movement with adherents in almost every country in the world At first this denial was fueled by the desire to rehabilitate Adolf Hitler and the Nazi regime in an effort to reestablish a neo Nazi state In the following years coupled with the renewal of anti Semitism this dissent has been used as a means of denying the legitimacy of the state of Israel Despite these motivations the ultimate cause for concern is in the way this denial attracts its members by both challenging the existence of the Holocaust and the testimony of its witnesses By tracing the history causes and spread of Holocaust denial Atkins reveals the dangers this mindset poses to rational thinkers who become vulnerable to fringe ideas This book traces the state of the international Holocaust denial movement in the early 21st century grounding contemporary thought in the history of the movement Since Holocaust deniers have distorted the facts about this mass genocide Atkins discusses just what is known about the Holocaust from historical research conducted since World War II The role of negative racial genetics is explored in both Hitler s

intellectual makeup and among the leaders of the German right wing including historians assessments of Hitler s anti Semitism motivations and decision making Also provided is a roll call of Holocaust dissenters in countries such as the United States Germany France Great Britain Russia and Italy among many others By analyzing the arguments of leaders within this expanding dissention movement this book demonstrates how extremists build informational links that have wide ranging effects

*Why Did Yahweh and His Son Yahshuah Say What They Said?* Dr. Justin G. Prock,2020-05-07 YAHWEH The LORD God and His Son YAHSHUAH Jesus Christ made statements with regard to Eschatology that have been Spiritualized for over a Millennium which has led to the belief in Universalism the belief that YAHSHUAH died for EVERYONE Well after one studies the original languages of the Hebrew Aramaic and Greek the message of the Kingdom of God was preached to and accepted by a certain House in the Bible The other House rejected this message and YAHSHUAH punished that House by taking the Kingdom away from them and giving It to another nation bringing forth fruit There are only the House of Israel the House of Judah and the House of David mentioned in the Bible All three existed then as they do today However most of today s Babylonian Priesthood Churchianity refuses to accept the secular historical position with regard to the House of Israel and who they are today The people groups which YAHWEH and YAHSHUAH addressed still exist today However these people are all mixed up and known by different names but they DO exist This book goes back to the origin of these people groups in the Bible and brings them forward to the present using their old names in order to understand Eschatology This brings us to the major question of Is the Bible only about Israel And if so how does it affect our Eschatology today This book answers these hard questions

**The Complete Idiot's Guide to the New World Order** Alan Axelrod, Ph.D.,2010-09-07 The good the bad and the ugly behind the NWO The New World Order NWO is a conspiracy theory describing the evolution or existence of one world government administered by the powerful elite Now Alan Axelrod offers an understandable look at what the NWO really means to people and lets the reader decide which theories are correct or whether perhaps it s a little bit of every proposed theory He discusses The Knights of Templar the Illuminati the Masons ancient and modern day religionists and how they paved the way for a possible Fourth Reich The link between the lost island of Atlantis Hitler and the first President Bush with the concept of a future one world government The United Nations Yale University s Skull and Bones society the Rockefellers Morgans Rothschilds and Kennedys

**Culture and Civilization** Irving Horowitz,2018-02-06 Intellectual activity in the twentieth century took place largely under the banner of science and society As the new millennium develops it is becoming evident that science and society are not words that represent an unmitigated good nor for that matter do they exhaust what is new in the human condition Past writing on the theme of culture has emphasized the growth and expansion of human capabilities Recent use of the term civilization has placed great emphasis on the fall from grace of human beings The use of both terms is rapidly changing Culture and Civilization develops critical ideas intended to produce a positive intellectual climate one that is prepared to confront threats and alert us to the opportunities of the twenty first century It

recognizes that the twenty first century presents people in all fields and of all faiths with shared challenges Culture and Civilization embraces the work of novelists journalists cultural figures technologists physical sciences historians and policy personnel who range beyond social science areas What they have in common is a view that civilization is under assault and that it represents a cause worth advancing and defending This publication does not embrace idiosyncratic visions of the clash of world civilizations or the end of Western civilization It does attempt to bring together immediate issues of the century that are substantially new and challenging We see that the essential polarity between democracy and autocracy has now taken on larger deeper dimensions in a different political economic and ecological terrain the central issue of our day is now civilization versus barbarism The character of democratic culture is central to the global equation and the systemic challenge This publication is a sober response to such a challenge      *See No Evil* Jim DeBrosse,2018-03-29 After more than fifty years of new evidence and new theories the Warren Commission s claim that Lee Harvey Oswald acted alone and without clear motive in assassinating John F Kennedy has become a wheezing jalopy running on missing and broken parts and fueled with lies And yet the U S media continue to support its findings as the only factual explanation for the murder of JFK Why does the media marginalize and even ridicule more plausible conspiracy theories when the majority of American people long ago wrote off the Warren Report as a cover up See No Evil analyzes the built in biases of the U S corporate media exposes its complicity in the whitewashing and advocates for the broadest possible investigation into the key players who may have been responsible for the Crime of the Twentieth Century including the CIA Organized Crime and Israel This book is meant for readers who seek the truth no matter where it leads      *The Poison Patriarch* Mark Shaw,2013-10-01 Focusing for the first time on why attorney general Robert F Kennedy wasn t killed in 1963 instead of on why President John F Kennedy was Mark Shaw offers a stunning and provocative assassination theory that leads directly to the family patriarch Joseph P Kennedy Mining fresh information and more than forty new interviews Shaw weaves a spellbinding narrative involving Mafia don Carlos Marcello Jack Ruby Lee Harvey Oswald s killer Ruby s attorney Melvin Belli and ultimately the Kennedy brothers and their father Shaw addresses these tantalizing questions Why shortly after his brother s death did a grief stricken RFK tell a colleague I thought they would get one of us I thought it would be me Why was Belli an attorney with almost no defense experience but proven ties to the Mafia chosen as Jack Ruby s attorney How does Belli s Mafia connection call into question his legal strategy which ultimately led to the Ruby s first degree murder conviction and death sentence What was Joseph Kennedy s relationship to organized crime And how was his insistence that JFK appoint RFK as attorney general tantamount to signing the president s death warrant For fifty years Shaw maintains researchers investigating the president s murder in Dallas have been looking at the wrong motives and actors The Poison Patriarch offers a shocking reassessment one that is sure to alter the course of future assassination debates      **The Kennedy Family** S. J. Fuller,2007 America has no official royalty by design Yet there have been the Roosevelts the Adams the Bushes the wanabee Clintons and most intriguing of all

the Kennedys The Kennedys have so far only reached the presidency once but the assassination of JFK and his brother Robert and the trials and tribulations of the family members and society in general continue to fascinate the world This new book presents more than 1200 citations of books and related materials arranged by family member The accompanying CD ROM offers ready access and easy searching     The Enemy of My Enemy George Michael,2006 In the violent world of radical extremists the enemy of my enemy is my friend This study reveals how that precept plays out in the unexpected bonding between militant Islam and the extreme right in America and Europe It provides an insightful and sane look at the possibilities for collaboration between these groups     Walk a Crooked Road with the Crooks Gyeorgos Ceres Hatonn,1994
