Fictional representations of horrific events run the risk of undercutting efforts to verify historical knowledge and may heighten our ability to respond intellectually and ethically to human experiences of devastation In this captivating study of the epistemological psychological and ethical issues underlying Holocaust fiction Emily Miller Budick examines the subjective experiences of fantasy projection and repression manifested in Holocaust fiction and in the reader's encounter with it Considering works by Cynthia Ozick Art Spiegelman Aharon Appelfeld Michael Chabon and others Budick investigates how the reading subject makes sense of these fictionalized presentations of memory and trauma victims and victimizers **Lisey's Story** Stephen King, 2008-09-09

Flat Aesthetics Christian Moraru, 2022-12-15 *Flat Aesthetics* seeks to secure a more granular and ontologically demotic handle on the contemporary in American literature While contemporaneity can be viewed as our period Christian Moraru approaches the contemporary as some thing made by things themselves The making of the contemporary is

variously restaged by the body of fictional prose under scrutiny here. Thus this corpus itself participates in the making of contemporaneity. In dialogue with object-oriented ontology and various new materialisms, Moraru contends that the contemporary does not preexist objects or the novels featuring them; it is not their background but an outcome of things self-presentation. As objects, beings, or existents present themselves in the present in our now, they foster thing configurations that together compose the form of and essentially make the contemporary the present's cultural material signature, as Moraru calls it. To decipher this signature, Flat Aesthetics provides a cross-sectional reading of postmillennial American fiction. Discussed are solely post-2000 works by writers who have also established themselves over the past two decades or so, from Nicole Krauss, Michael Chabon, and Ben Lerner to Colson Whitehead and Emily St. John Mandel. Their output, Moraru claims, bears witness to the onset of a flat aesthetics in American letters after September 11, 2001. Organized into five parts, the book canvases objectual constellations of contemporaneity shaped by material dynamics of language, museality, and display; spatiality; zombification; and thing rhetoric and post-anthropocentric kinship.

**Studies in American Jewish Literature in Honor of Sarah Blacher Cohen** Carole Kessner, Ann Shapiro, Daniel Walden, 2010. Scholar, teacher, playwright, and editor, Sarah Blacher Cohen was one of the earliest champions of the study of American Jewish literature, a field of academic study that has been in existence for barely thirty-five years. Over the years until her premature death in 2008, she contributed to the discipline in a profusion of genres, from scholarly to popular, from essay to drama writing or editing seven books of her own. She also wrote and produced several plays with her longtime collaborator Joanne B. Koch. This special volume, 29 of the annual *Studies in American Jewish Literature* (ISSN 0271-9274), the journal edited by Daniel Walden, contains a range of tributes from her many friends and colleagues.

**Multiculturalism and the Jews** Sander L. Gilman, 2006. A series of eleven lectures delivered at Oxford University in 2004-05, some of which appeared as articles in journals. Partial contents:

Conversations with Michael Chabon Brannon Costello, 2015-04-17. Since the publication of his first novel *The Mysteries of Pittsburgh* launched him to fame, Michael Chabon (b. 1963) has become one of contemporary literature's most acclaimed novelists by pursuing his singular vision across all boundaries of genre and medium. A firm believer that reading even the most challenging literature should be a fundamentally pleasurable experience, Chabon has produced an astonishingly diverse body of work that includes detective novels, weird tales of horror, alternate history, science fiction, and rollicking chronicles of swashbuckling adventure alongside tender coming-of-age stories, sprawling social novels, and narratives of intense introspection. Uniting them all is Chabon's utterly distinct prose style: exuberant and graceful, sometimes ironic but never cynical. His work has earned accolades ranging from the Pulitzer Prize to science fiction's Hugo and Nebula Awards. *Conversations with Michael Chabon* collects eighteen revealing interviews with the renowned author of *The Amazing Adventures of Kavalier & Clay*, *The Yiddish Policemen's Union*, and other much-admired works. Spanning nearly twenty years and drawn from science fiction fan magazines and literary journals alike, these interviews shed new light on the central concerns

of Chabon's fiction including the importance of dismantling the false divide between literary and lowbrow his evolving relationship to Jewish culture and literature the unique properties of male friendship and the complexities of race in contemporary America These interviews are essential reading for anyone seeking a better understanding of the life and work of an author who has been instrumental in defining the landscape of contemporary American fiction
