**God's Church-Community** David Emerton, 2020-07-09 David Emerton argues that Dietrich Bonhoeffer's ecclesial thought breaks open a necessary third way in ecclesiological description between the Scylla of ethnographic ecclesiology and the Charybdis of dogmatic ecclesiology Building on a rigorous and provocative discussion of Bonhoeffer's thought Emerton establishes a programmatic theological grammar for any speech about the church Emerton argues that Bonhoeffer understands the church as a pneumatological and eschatological community in space and time and that his understanding is built on eschatological and pneumatological foundations These foundations in turn give rise to a unique methodological approach to ecclesiological description an approach that enables Bonhoeffer to proffer a genuinely theological account of the church in which both divine and human agency are held together through an account of God the Holy Spirit Emerton proposes that this approach is the perfect remedy for an endemic problem in contemporary accounts of the church that of attending either to the human empirical church community ethnographically or to the life of God dogmatically and to each problematically at the expense of the other This book will act as a clarion call towards genuinely theological ecclesiological speech which is allied to real ecclesial action

**Beckett's Words** David Kleinberg-Levin,2015-07-30 At stake in this book is a struggle with language in a time when our old faith in the redeeming of the word and the word's power to redeem has almost been destroyed Drawing on Benjamin's political theology his interpretation of the German Baroque mourning play and Adorno's critical aesthetic theory but also on the thought of poets and many other philosophers especially Hegel's phenomenology of spirit Nietzsche's analysis of nihilism and Derrida's writings on language Kleinberg-Levin shows how because of its communicative and revelatory powers language bears the utopian promise of happiness the idea of a secular redemption of humanity at the very heart of which must be the achievement of universal justice In an original reading of Beckett's plays novels and short stories Kleinberg-Levin shows how despite inheriting a language damaged corrupted and commodified Beckett redeems dead or dying words and wrests from this language new possibilities for the expression of meaning Without denying Beckett's nihilism his picture of a radically disenchanted world Kleinberg-Levin calls attention to moments when his words suddenly ignite and break free of their despair and pain taking shape in the beauty of an austere yet joyous lyricism suggesting that after all meaning is still possible The Oxford Handbook of the Abrahamic Religions Adam Silverstein,Guy G.
