**DEATHWORLD** Robert J. Kalle, 2020-12-30 Deathworld is a young adult horror novel that is set in the future where there is no more war or disease. The USA has decided on a means of population control that is controversial. Once a youth reaches eighteen and graduates from high school, they are put in a draft lottery that chooses ten thousand youths a day to attend the theme park Deathworld, and one hundred will die. The main character Jesse has ADD and has faced many challenges through his life. His selection to attend the park is the most important test of his life. Not only is his life in danger, but the lives of his twin sister and two other students from his school are at risk as well. Using his ability to focus and decode puzzles, Jesse manages to help the group avoid all the major pitfalls until the last required ride where tragedy strikes. Wracked by guilt and grief, Jesse does the one thing he knows how to do: hack. He digs into the history of the creation of the Deathworld, the inner workings of the park, and the qualifications, motivations of the park's creator. Through his investigations, he discovers the true nefarious purposes of the park. Jesse and his friends vow to take down both the director and the murderous park. He creates a plan that brings him face to face with the director of the park and the greatest challenge of his life. **Last Rider J.**

**Park Fandom** Rebecca Williams, 2025-10-01 Theme Park Fandom argues that serious study of theme parks and their adult fans has much to tell us about contemporary transmediality and convergence-themed and immersive spaces and audience relationships with places of meaning. Considering the duopoly of Disney and Universal in Orlando, the book explores a range of theme park experiences including planning trips, meeting characters, eating and drinking, engaging in practices such as cosplay and re-enactment, and memorializing lost attractions. Highlighting key themes such as immersion, materiality, cultural distinctions, and self-identity, the book argues that theme parks are a crucial site for the exploration of transmediality and the development of paratexts. Proposing the key concepts of spatial transmedia and haptic fandom, the book offers analysis of the intersections between fandom, media, texts, and merchandise, as well as fans' own affective and physical responses to visiting the parks. **LOWE FAMILY CHRONICLES** GERALD LOWE, 2006-05-08 Lowe Family Chronicles is an account of the lives and times of the Lowe and Chiacu families. It begins in Indianapolis, Indiana, in 1936 and continues through good times and bad, concluding in 2004.
