Fiction of Value Shmulik Fishman, 2010-05-19 Fiction of Value **Financialization, Austerity, and Inclusion in**

Latin America and the Caribbean Rana S. Gautam, Diogo L. Pinheiro, Dwight Wilson, 2023-12-06 Financialization Austerity and Inclusion in Latin America and the Caribbean examines the spread of financialization since 1980 highlighting the ideational origins of financialization outside the region its effects on government budgeting and social inclusion and options for increased inclusivity Rana S Gautam Diogo L Pinheiro and Dwight Wilson argue that rather than a mechanistic implementation of external pressures financialization is a complex social process with ideational origins in which national level actors participate Ultimately the authors find that deeper financial integration the expansion of credit and reliance on international bond markets drives governments to cut certain areas of social spending and drives inequality but ameliorates absolute poverty There is therefore space for agents to mold financialization and its inclusiveness [International Review of Modern Sociology](#) ,2008

The Ongoing End: On the Limits of Apocalyptic Narrative Michael Titlestad, David Watson, 2018-11-08 The world keeps turning to apocalypticism Time is imagined as proceeding ineluctably to a catastrophic perhaps revelatory conclusion Even when evacuated of distinctly religious content a broadly ecclesial structure persists in conceptions of our precarious life and our collective journey to an inevitable fate the extinction of the human species It is commonly believed that we are propelled along this course by human turpitude myopia hubris or ignorance and by the irreparable damage we have wrought to the world we inhabit Yet this apprehension is insidious Such teleological convictions and crises laden narratives lead us to undervalue contingent hesitant and provisional forms of experience and knowledge The essays comprising this volume concern a range of writers engagements with

apocalyptic reasoning Extending from a reading of Percy Bysshe Shelley's *Triumph of Life* to critiques of contemporary American novels they examine the ways in which end times reasoning can inhibit imaginative reflection blunt political advocacy or more positively provide a repertoire for the critique of complacency By gathering essays concerning a wide range of periods and literary dispositions this volume makes an important contribution to thinking about apocalypticism in literature but also as a social and political discourse This book was originally published as a special issue of *Studia Neophilologica* *Positions*, 2004 **Social Text**, 2004 **Thinking with Water** Cecilia Chen, Janine MacLeod, Astrida Neimanis, 2013-10-01 Emphasizing the role that vivid personalities including engineers John Laing Weller and Alex Grant as well as contractors and labourers played in the construction of the canal Roberta Styran and Robert Taylor use archival sources government documents newspapers maps and original plans to describe a saga of technological financial geographical and social obstacles met and overcome in an accomplishment akin to the building of the Canadian Pacific Railway A story of Canadian skill courage vision and hardship This Colossal Project details the twenty year excavation of the giant channel and the creation of huge concrete locks amidst war the Great Depression political change and labour unrest
