Financial Reporting Practices Of Corporations:

The Evolution of Selected Annual Corporate Financial Reporting Practices in Canada, 1900-1970 George J.

Murphy, 2020-09-04 This book first published in 1988 studies the changes in selected annual corporate financial reporting practices in Canada from 1900 to 1970 and examines the background and processes that have influenced such changes Knowledge of how financial reporting practices evolved and what influenced their evolution is key to understanding current financial reporting and in influencing further change A History of Corporate Financial Reporting in Britain John Richard Edwards, 2018-07-11 A History of Corporate Financial Reporting provides an understanding of the procedures and practices which constitute corporate financial reporting in Britain at different points of time and how and why those practices changed and became what they are now Its particular focus is the external financial reporting practices of joint stock companies This is worth knowing about given the widely held view that Britain i pioneered modern financial reporting and ii played a primary role in the development of both capital markets and professional accountancy The book makes use of a principal and agent framework to study accounting s past but one where the failure of managers always to supply the information that users desire is given full recognition It is shown that corporate financial reporting did not develop into its current state in a straightforward and orderly fashion Each era produces different environmental conditions and imposes new demands on accounting A proper understanding of accounting developments therefore requires a careful examination of the interrelationship between accountants and accounting techniques on the one hand and on the other the social and economic context within which changes took place The book s corporate coverage starts with the legendary East India Company created in 1600 and continues through the heyday of the statutory trading companies founded to build Britain s canals commencing in the 1770s and railways commencing c 1829 to focus principally on the limited liability company fashioned by the Joint Stock Companies Act 1844 and the Limited Liability Act 1855 The story terminates in 2005 when listed companies were required to prepare their consolidated accounts in accordance with International Financial Reporting Standards thus signalling the effective end of British accounting *Financial Reporting Practices* United States. Congress. House. Committee on Energy and Commerce.
