Elephant Ann And How The Very First Circus Began:

Elephant Ann and How the Very First Circus Began Jon Madian,1988 While little Elephant Ann comes down with a cold the villagers lovingly sew her a handkerchief from an array of beautiful bedsheets They stitch and stitch until they create what finally becomes the very first circus tent Join clowns acrobats lions tigers and the entire cast of whimsical characters in the magical tale of how the greatest show on earth may have begun *Saving Anne the Elephant - The True Story of the Last British Circus Elephant* Claire Ellicott,2016-03-03 When shocking images emerged of Anne Britain's last circus elephant being beaten by one of her keepers it sparked a national outcry Undercover footage showed the gentle creature cowering in fear as the youth repeatedly inflicted violent attacks on her making her wince in pain The public was appalled and demanded that Anne be freed from the circus where she had spent nearly fifty five years performing and be allowed to live out her final years in peace I a reporter at the Daily Mail broke the story after the campaign group Animal Defenders International passed the newspaper the footage they had secretly shot From then on the paper animal charities and experts worked tirelessly behind the scenes to save Anne and deliver her to safety But there were fears for her health due to her crippling arthritis and old age and at one stage it was thought that she might have to be put down to ease her suffering Thankfully the vets decided that they could treat her and she officially retired in 2011 It was agreed that Longleat Safari Park would be her new home and she settled in nicely Meanwhile her keeper is believed to have fled to his native Romania and her owner Bobby Roberts was prosecuted for animal cruelty the following year The Daily Mail ran a funding appeal to build her a refuge at the park specifically designed for her needs and she moved in to Anne's Haven a year ago Since she was rescued she has gone from strength to strength and the arthritis which caused her to drag her back legs has dramatically improved Having recovered her mobility she is able to play and go for walks with new found energy Now at last she has the chance to live out her final years in a happy and safe place **American Bookseller** ,1987 **The Publishers Weekly** ,1988 **Subject Guide to**
