**Military Terms, Abbreviations, and Symbols** United States. Department of the Army,1953      **Dictionary of United States Army Terms** United States. Department of the Army,1961 These regulations supersede AR 320 5 28 November 1958 including C 1 11 September 1959 and AR 320 4 9 July 1957      **A Dictionary of Military Terms** Edward Samuel Farrow,1918      **Armorbearers** Gerald Watford,2014-05-06 There is a desperate need for effective leadership today in our nation in our churches in our families and even in ourselves The Bible uses the term armorbearer to describe leaders who offer help support and strength to those around them These types of servant leaders are needed now more than ever Using Scripture as the guide Armorbearers takes readers down a path of self discovery pursuing greatness by developing character that is forged on the anvil of self restraint and tested through the heat of self discipline Packed with inspiring stories and powerful lessons Armorbearers reveals the four revolutionary choices every leader must make risking their own significance in order to encounter God in life altering ways Are you ready to become an armorbearer      **General and Special Laws of the State of Texas** Texas,1943      **Carpenters of Light** Neil Powell,1980-01-01 To find more information about Rowman and Littlefield titles please visit [www rowmanlittlefield com](http://www.rowmanlittlefield.com)      *The Alvarez Generation* William Wootten,2020 Exploration of the generation of poets anthologized in A Alvarez s classic The New Poetry Thom Gunn Geoffrey Hill Ted Hughes Sylvia Plath and Peter Porter      [How Fighting Ends](#) Holger Afflerbach,Hew Strachan,2012-07-26 There are many histories of how wars have begun but very few which discuss how they have ended This book fills that gap Beginning with the Stone Age and ending with globalized terrorism it addresses the specific issue of surrender rather than the subsequent establishment of peace At its heart is the individual warrior or soldier and his or her decision to lay down arms In the ancient world surrender led in most cases to slavery but a slave still lived rather than died In the modern world international law gives the soldiers rights as prisoners of war and those rights include the prospect of their eventual return home But individuals can surrender at any point in a war and without having such an effect that they end the war The termination of hostilities depends on a collective act for its consequences to be decisive It also requires the enemy to accept the offer to surrender in the midst of combat In other words like so much else in war surrender depends on reciprocity on the readiness of one side to stop fighting and of the other to accept that readiness This volume argues that surrender is the single biggest contributor to the containment of violence in warfare offering the vanquished the opportunity to survive and the victor the chance to show moderation and magnanimity Since the rules of surrender have developed over time they form a key element in understanding the cultural history of warfare      *The Invention of Martial Arts* Paul Bowman,2020-12-17 Through popular movies starring Bruce Lee and songs like the disco hit Kung Fu Fighting martial arts have found a central place in the Western cultural imagination But what would martial arts be without the explosion of media texts and images that brought it to a wide audience in the late 1960s and early 1970s In this examination of the media history of what we now call martial arts

author Paul Bowman makes the bold case that the phenomenon of martial arts is chiefly an invention of media representations Rather than passively taking up a preexisting history of martial arts practices some of which of course predated the martial arts boom in popular culture media images and narratives actively constructed martial arts Grounded in a historical survey of the British media history of martial arts such as Bartitsu jujutsu judo karate tai chi and MMA across a range of media this book thoroughly recasts our understanding of the history of martial arts By interweaving theories of key thinkers on historiography such as Foucault and Hobsbawm and Said's ideas on Orientalism with analyses of both mainstream and marginal media texts Bowman arrives at the surprising insight that media representations created martial arts rather than the other way around In this way he not only deepens our understanding of martial arts but also demonstrates the productive power of media discourses

E. Goemans,2000-08-20 What makes wars drag on and why do they end when they do Here H E Goemans brings theoretical rigor and empirical depth to a long standing question of securities studies He explores how various government leaders assess the cost of war in terms of domestic politics and their own postwar fates Goemans first develops the argument that two sides will wage war until both gain sufficient knowledge of the other s strengths and weaknesses so as to agree on the probable outcome of continued war Yet the incentives that motivate leaders to then terminate war Goemans maintains can vary greatly depending on the type of government they represent The author looks at democracies dictatorships and mixed regimes and compares the willingness among leaders to back out of wars or risk the costs of continued warfare Democracies according to Goemans will prefer to withdraw quickly from a war they are not winning in order to appease the populace Autocracies will do likewise so as not to be overthrown by their internal enemies Mixed regimes which are made up of several competing groups and which exclude a substantial proportion of the people from access to power will likely see little risk in continuing a losing war in the hope of turning the tide Goemans explores the conditions and the reasoning behind this gamble for resurrection as well as other strategies using rational choice theory statistical analysis and detailed case studies of Germany Britain France and Russia during World War I In so doing he offers a new perspective of the Great War that integrates domestic politics international politics and battlefield developments Organization and Administration of the Military Research and Development Programs ...
