Fighting the Slave Trade Sylviane A. Diouf, 2003-10-24 While most studies of the slave trade focus on the volume of captives and on their ethnic origins the question of how the Africans organized their familial and communal lives to resist and assail it has not received adequate attention But our picture of the slave trade is incomplete without an examination of the ways in which men and women responded to the threat and reality of enslavement and deportation *Fighting the Slave Trade* is the first book to explore in a systematic manner the strategies Africans used to protect and defend themselves and their communities from the onslaught of the Atlantic slave trade and how they assaulted it It challenges widely held myths of African passivity and general complicity in the trade and shows that resistance to enslavement and to involvement in the slave trade was much more pervasive than has been acknowledged by the orthodox interpretation of historical literature Focused on West Africa the essays collected here examine in detail the defensive protective and offensive strategies of individuals families communities and states In chapters discussing the manipulation of the environment resettlement the redemption of captives the transformation of social relations political centralization marronage violent assaults on ships and entrep ts shipboard revolts and controlled participation in the slave trade as a way to procure the means to attack it *Fighting the Slave Trade* presents a much more complete picture of the West African slave trade than has previously been available

From Africa to Jamaica Audra A. Diptee, 2010-07-18 Rich with historical sketches of the life and experiences of slaves in Africa on slave ships and in Jamaica this volume illustrates the way enslaved Africans lived and helped to shape Jamaican society in the three decades before British abolition of the slave trade Audra Diptee s in depth investigations reveal

unexpected insights into the demographics of those captured in Africa and legally transported on British slave ships For example there is a commonly held belief that slave traders had a preference for adult males In fact the practicalities of slave raiding meant that women children and large groups of the elderly were particularly vulnerable during raids and were more often captured and made available for sale in the Caribbean From Africa to Jamaica offers a new look at the Atlantic slave trade in its final years fleshing out the historical portrait of the African men women and children who were sold in Jamaica and were thus among the last of the enslaved to put their stamp on Jamaican society There is no comparable study that takes such a comprehensive approach looking at both the African and Jamaican sides of the trade system **Landscapes of**

Movement and Predation Brenda J Bowser, Catherine M Cameron, 2024 Landscapes of Movement and Predation is a global study of times and places in the colonial and precolonial eras where people were subject to brutality displacement and loss of life liberty livelihood and possessions The book provides a startling new perspective on an aspect of the past that is often overlooked the role of violence in shaping where how and with whom people lived *In the Cause of Humanity* Fabian

Klose, 2021-12-09 A major new history of the emergence of the theory and practice of humanitarian intervention during the nineteenth century Debt and Slavery in the Mediterranean and Atlantic Worlds Alessandro Stanziani, 2015-10-06 Filling a

significant gap in the historiography the essays in this volume show that debt slavery has played a crucial role in the economic history of numerous societies which continues even today **A Curse upon the Nation** Kay Wright

Lewis, 2017-08-15 From the inception of slavery as a pillar of the Atlantic World economy both Europeans and Africans feared their mass extermination by the other in a race war In the United States says Kay Wright Lewis this ingrained dread nourished a preoccupation with slave rebellions and would later help fuel the Civil War thwart the aims of Reconstruction justify Jim Crow and even inform civil rights movement strategy And yet says Lewis the historiography of slavery is all but silent on extermination as a category of analysis Moreover little of the existing sparse scholarship interrogates the black perspective on extermination A Curse upon the Nation addresses both of these issues To explain how this belief in an impending race war shaped eighteenth and nineteenth century American politics culture and commerce Lewis examines a wide range of texts including letters newspapers pamphlets travel accounts slave narratives government documents and abolitionist tracts She foregrounds her readings in the long record of exterminatory warfare in Europe and its colonies placing lopsided reprisals against African slave revolts or even rumors of revolts in a continuum with past brutal incursions against the Irish Scots Native Americans and other groups out of favor with the empire Lewis also shows how extermination became entwined with ideas about race and freedom from early in the process of enslavement making survival an important form of resistance for African peoples in America For African Americans enslaved and free the potential for one sided violence was always present and deeply traumatic This groundbreaking study reevaluates how extermination shaped black understanding of the Atlantic slave trade and the political social and economic worlds in which it thrived **A Muslim**

American Slave Omar Ibn Said, 2011-07-20 Born to a wealthy family in West Africa around 1770 Omar Ibn Said was abducted and sold into slavery in the United States where he came to the attention of a prominent North Carolina family after filling the walls of his room with piteous petitions to be released all written in the Arabic language as one local newspaper reported Ibn Said soon became a local celebrity and in 1831 he was asked to write his life story producing the only known surviving American slave narrative written in Arabic In A Muslim American Slave scholar and translator Ala Alryyes offers both a definitive translation and an authoritative edition of this singularly important work lending new insights into the early history of Islam in America and exploring the multiple shifting interpretations of Ibn Said s narrative by the nineteenth century missionaries ethnographers and intellectuals who championed it This edition presents the English translation on pages facing facsimile pages of Ibn Said s Arabic narrative augmented by Alryyes s comprehensive introduction contextual essays and historical commentary by leading literary critics and scholars of Islam and the African diaspora photographs maps and other writings by Omar Ibn Said The result is an invaluable addition to our understanding of writings by enslaved Americans and a timely reminder that Islam and America are not mutually exclusive terms This edition presents the English translation on pages facing facsimile pages of Ibn Said s Arabic narrative augmented by Alryyes s comprehensive introduction and by photographs maps and other writings by Omar Ibn Said The volume also includes contextual essays and historical commentary by literary critics and scholars of Islam and the African diaspora Michael A Gomez Allan D Austin Robert J Allison Sylviane A Diouf Ghada Osman and Camille F Forbes The result is an invaluable addition to our understanding of writings by enslaved Americans and a timely reminder that Islam and America are not mutually exclusive terms Best Books for General Audiences selected by the American Association of School Librarians

The Voyage of the Slave Ship Hare Sean M. Kelley, 2016-02-23 From 1754 to 1755 the slave ship Hare completed a journey from Newport Rhode Island to Sierra Leone and back to the United States a journey that transformed more than seventy Africans into commodities condemning some to death and the rest to a life of bondage in North America In this engaging narrative Sean Kelley painstakingly reconstructs this tumultuous voyage detailing everything from the identities of the captain and crew to their wild encounters with inclement weather slave traders and near mutiny But most importantly Kelley tracks the cohort of slaves aboard the Hare from their purchase in Africa to their sale in South Carolina In tracing their complete journey Kelley provides rare insight into the communal lives of slaves and sheds new light on the African diaspora and its influence on the formation of African American culture In this immersive exploration Kelley connects the story of enslaved people in the United States to their origins in Africa as never before Told uniquely from the perspective of one particular voyage this book brings a slave ship s journey to life giving us one of the clearest views of the eighteenth century slave trade

Principles and Agents David Richardson, 2022-01-04 A new history of the abolition of the British slave trade Easily the most scholarly clear and persuasive analysis yet published of the rise to dominance of the British in the

Atlantic slave trade as well as the implementation of abolition when that dominance was its peak David Eltis co author of *Atlas of the Transatlantic Slave Trade* Parliament's decision in 1807 to outlaw British slaving was a key moment in modern world history In this magisterial work historian David Richardson challenges claims that this event was largely due to the actions of particular individuals and emphasizes instead that abolition of the British slave trade relied on the power of ordinary people to change the world British slaving and opposition to it grew in parallel through the 1760s and then increasingly came into conflict both in the public imagination and in political discourse Looking at the ideological tensions between Britons sense of themselves as free people and their willingness to enslave Africans abroad Richardson shows that from the 1770s those simmering tensions became politicized even as British slaving activities reached unprecedented levels mobilizing public opinion to coerce Parliament to confront and begin to resolve the issue between 1788 and 1807

Materialities of Ritual in the Black Atlantic Akinwumi Ogundiran, Paula Saunders, 2014-10-03 Focusing on everyday rituals the essays in this volume look at spheres of social action and the places throughout the Atlantic world where African descended communities have expressed their values ideas beliefs and spirituality in material terms The contributors trace the impact of encounters with the Atlantic world on African cultural formation how entanglement with commerce commodification and enslavement and with colonialism emancipation and self rule manifested itself in the shaping of ritual acts such as those associated with birth death healing and protection Taken as a whole the book offers new perspectives on what the materials of rituals can tell us about the intimate processes of cultural transformation and the dynamics of the human condition

A History of the Global Economy Joerg Baten, 2016-03-10 In co operation with the International Economic History Association

Africa's Development in Historical Perspective Emmanuel Akyeampong, Robert H. Bates, Nathan Nunn, James Robinson, 2014-08-11 Why has Africa remained persistently poor over its recorded history Has Africa always been poor What has been the nature of Africa's poverty and how do we explain its origins This volume takes a necessary interdisciplinary approach to these questions by bringing together perspectives from archaeology linguistics history anthropology political science and economics Several contributors note that Africa's development was at par with many areas of Europe in the first millennium of the Common Era Why Africa fell behind is a key theme in this volume with insights that should inform Africa's developmental strategies

Rethinking Prison Reentry Tony Gaskew, 2014-08-26 *Rethinking Prison Reentry Transforming Humiliation into Humility* describes a prison based education pedagogy designed to address a prevalent racial politics of shaming self segregation and transgenerational learned helplessness So many incarcerated black men face insurmountable psychosocial obstacles when attempting to make the successful transition back into ownership of their lives Tony Gaskew confronts the issue of redemption and reconciliation head on by critically examining the triads of culpability when it comes to crime and justice in America 1 of those who commit crimes 2 of those who enforce criminal laws and 3 of those who stand by and do nothing He explores the growth of a black counterculture of

crime that has created modern day killing fields across urban neighborhoods and challenges the incarcerated black men trapped within its socially constructed lies helping them to draw upon the strength of their cultural privilege to transform from criminal offender into incarcerated student

Transnational Black Dialogues Markus Nehl, 2016-08-15 Markus Nehl focuses on black authors who from a 21st century perspective revisit slavery in the U S Ghana South Africa Canada and Jamaica Nehl s provocative readings of Toni Morrison s *A Mercy* Saidiya Hartman s *Lose Your Mother* Yvette Christians s *Unconfessed* Lawrence Hill s *The Book of Negroes* and Marlon James *The Book of Night Women* delineate how these texts engage in a fruitful dialogue with African diaspora theory about the complex relation between the local and transnational and the enduring effects of slavery Reflecting on the ethics of narration this study is particularly attentive to the risks of representing anti black violence and to the intricacies involved in re appropriating slavery s archive

The Rise and Fall of Modern Empires, Volume III Sarah Stockwell, 2017-03-02 Few aspects of the history of modern empires are of such significance as their economics and politics These factors are inextricably linked in many analyses have generated extensive historiographical debate and are currently the subject of some of the freshest and liveliest scholarship The articles and chapters which are brought together in this volume relate not only to the European colonial empires but also to the Napoleonic Russian and Japanese empires The collection is strongly comparative in approach with the articles arranged into thematic sections on the place of politics and economics in the rise and fall of modern empires the causal relationship between modern empires and colonial global and metropolitan economic transformations and the technologies of rule which provided the frameworks through which colonial economies were managed and rights defined The collection reflects new approaches as well as the continuing importance of issues addressed in an older historiography and the thematic arrangement produces useful juxtapositions of older and newer literatures The substantial introduction explores the themes and identifies key historiographical trends in relation to each

The Gifts of Africa Jeff Pearce, 2022-04-15 The West will begin to understand Africa when it realizes it s not talking to a child it s talking to its mother So writes Jeff Pearce in the introduction to his fascinating groundbreaking work *The Gifts of Africa How a Continent and Its People Changed the World* We learn early on in school how Europe and Asia gave us important literature science and art and how their nations changed the course of history But what about Africa There are plenty of books that detail its colonialism corruption famine and war but few that discuss the debt owed to African thinkers and innovators In *The Gifts of Africa* we meet Zera Yacob an Ethiopian philosopher who developed the same critical approach and several of the same ideas as Ren Descartes We consider how Somalis traded with China and we meet the African warrior queens who still inspire national pride We explore how Liberia s Edward Wilmot Blyden deeply influenced Marcus Garvey and we sneak into the galleries and theaters of 1920s Paris where African art and dance first began to make huge impacts on the world Relying on meticulous research Pearce brings to life a rich intellectual legacy and profiles modern innovators like acclaimed griot Papa Susso and renowned economist George

Ayittey from Ghana From the ancient Nubians to a Nigerian superstar in modern painting and sculpture from the father of sociology in the Maghreb to how the Mau Mau in Kenya influenced Malcom X The Gifts of Africa is bold engaging and takes the reader on a journey of thousands of years up to the present day Past works have reinforced misconceptions about Africa from its oral traditions and languages to its resistance to colonial powers Other books have treated African achievements as a parade of honorable mentions and novelties This book is different refreshingly different It tells the stories behind the milestones and provides insights into how great Africans thought and how they passed along what they learned Provocative and entertaining The Gifts of Africa at last gives the continent its due and it should change the way we learn about the interactions of cultures and how we teach the history of the world

The Powerful Presence of the Past Jacqueline Knörr, Wilson Trajano Filho, 2010-10-25 This book conceptualizes integration and conflict as interrelated dimensions of social interaction impacted by specific historical experiences Contributions aim at a better understanding of the social mechanisms affecting processes of integration and conflict at the local national and regional levels

The Paradoxes of History and Memory in Post-Colonial Sierra Leone Sylvia Ojukutu-Macauley, Ismail Rashid, 2013-10-10 This anthology reflects the complex processes in the production of historical knowledge and memory about Sierra Leone and its diaspora since the 1960s The processes while emblematic of experiences in other parts of Africa contain their own distinctive features The fragments of these memories are etched in the psyche bodies and practices of Africans in Africa and other global landscapes and on the other hand are embedded in the various discourses and historical narratives about the continent and its peoples Even though Africans have reframed these discourses and narratives to reclaim and re center their own worldviews agency and experiences since independence they remained until recently heavily sedimented with Western colonialist and racist ideas and frameworks This anthology engages and interrogates the differing frameworks that have informed the different practices professional as well as popular of retelling the Sierra Leonean past In a sense therefore it is concerned with the familiar outline of the story of the making and unmaking of an African nation and its constituent race ethnic class and cultural fragments from colonialism to the present Yet Sierra Leone the oldest and quintessential British colony and most Pan African country in the continent provides interesting twists to this familiar outline The contributors to this volume who consist of different generations of very accomplished and prominent scholars of Sierra Leone in Africa the United States and Europe provide their own distinctive reflections on these twists based on their research interests which cover ethnicity class gender identity formation nation building resistance and social conflict Their contributions engage various paradoxes and transformative moments in Sierra Leone and West African history They also reflect the changing modes of historical practice and perspectives over the last fifty years of independence

Warfare and the Dynamics of Political Control Brian R. Billman, 2025 Warfare and the Dynamics of Political Control explores how warfare shapes the establishment maintenance and collapse of political institutions across diverse societies and historical periods The chapters cover a wide range of topics and

time periods to bring into focus the material and ideological drivers of conflict offering deep insights into the complex interplay between violence and political power
