Fasching-Varner, Rema E. Reynolds, Katrice A. Albert, Lori L. Martin, 2014-11-04 Trayvon Martin

Race and American Justice Writing Wrong is the first comprehensive text to analyze not only the killing of Trayvon Martin but the implications of this event for the state of race in the United States Bringing together contributions from a variety of disciplines and approaches this text pushes readers to answer the question In the wake of the killing of Trayvon Martin and the acquittal of his killer how post racial can we claim to be This collection of short and powerful chapters is at times angering and at times hopeful but always thought provoking critical and poignant This interdisciplinary volume is well suited for undergraduate and graduate students as well as faculty in sociology social work law communication and education This book can also be read by anyone interested in social justice and equity through the lens of race in the 21st century This text is an invitation to a rebellion the inevitable insurgency of Black youth brewing right now across the land as the descendants of enslaved workers step up to exercise their agency and at that moment become agents of liberty and actors in history William Ayers Distinguished Professor from the University of Illinois Chicago the authors offer incisive and vivid examinations of the contours of white supremacy today inviting readers into a much needed discussion of moral questions surrounding the very foundation life in the U S Christine Sleeter Professor Emerita California State University Monterey

Trayvon Martin Race and American Justice Writing Wrong is a powerful assemblage of voices that speak to the salience of race gender and their intersection Collectively the authors provide us with poignant reminders of the multiple forces that rail against Black males in our society Each chapter grabs our attention ignites our activism and encourages us to remain steadfast in the struggle toward a true democracy for all Americans a society where Black males lives are valued and they no longer face daily threats to their humanity Yolanda Sealey Ruiz Assistant Professor Teachers College Columbia University

While motivated by Trayvon Martin s unfortunate and tragic death this impressive collection serves as a one of a kind tribute to Martin and will help to keep his legacy alive The contributions are evocative and accessible and while the focus is on Martin the contributions also call attention to mundane severe and systemic racial wrongdoings biases in existing research colorblindness and white privilege and erasures of history and failures of memory Tony E Adams Professor at Northeastern Illinois University and NCA book award winner The editors and contributors have taken a tragic topic and presented it in a way that is engaging effective and surprisingly optimistic There is a style for everyone here making it a great text for multiple audiences and classrooms A truly superb addition to any classroom and a great read for those interested in social justice in today s world U Melissa Anyiwo Professor and Coordinator of African American Studies Curry College

Trayvon Martin Race and American Justice Writing Wrong is true to its title it focuses attention through critical writing on the pernicious pervasive and persistent violence waged against black men especially black male youth in American society Using the still unpunished pre meditated murder of Trayvon Martin as a highly emblematic example of this violence the editors and authors use carefully crafted and sequenced poetry and prose to write truth to power about the economic political social and cultural factors that produce and reproduce systemic aggression toward especially men and boys of African descent but also

toward members of other societally minoritized groups The breadth and depth of the contributions included in Trayvon Martin Race and American Justice Writing Wrong makes it a particularly valuable resource for faculty and students engaged in teaching learning research service and activism related to issues of race racism blackness whiteness class caste classism language dialect literacy linguistic geographic and national origin immigration status sex gender gender identity and expression masculinity sexual orientation size appearance and more broadly equity equality and social justice Chapters reflect the thoughtful insight and advanced expertise of their authors who bring increased levels of complexity to historical and contemporary dialogue discussion and debate about especially race and racism in the United States The editors selection of contributors and organization of contributions balances pain truth telling with hope and possibility for a more just future In sum Trayvon Martin Race and American Justice Writing Wrong reciprocally links theory and practice relating to issues of power privilege oppression discrimination and liberation Christine Clark Professor Senior Scholar in Multicultural Education and Founding Vice President for Diversity and Inclusion University of Nevada Las Vegas Chapters in this timely and probing book stare straight at a difficult incident refuse to ignore injustice but call on a higher purpose of great academic criticism in writing the wrong Here the wrong is the corrosive and sometimes lethal bias by many in power toward black males who are too often seen as dangerous and disposable in American society The killing of Trayvon Martin and the subsequent acquittal of his killer George Zimmerman are examined by minds informed by reflection on theory and history We hear of conversations that black parents particularly mothers who often felt on trial themselves had with their teenage sons Some of these endangered sons were outraged by the act and verdict while some others were indifferent Chapters are devoted to the incident the trial and aftermath and to the future of the struggle against racial injustice Through what T J Yosso calls resistant capital we are urged to continue to interrogate a judicial system that prosecutes not only black males but their parents and families There is much to learn here about the current state of social justice and the way we live with and among each other In both prose and poetry these impassioned authors strive to write the wrong of Trayvon Martin and many others like him I recommend this volume highly and will use it in my graduate classes AG Rud Distinguished Professor College of Education Washington State University Kenneth J Fasching Varner PhD is Shirley B Barton Endowed Assistant Professor of Foundations and Elementary Education and holds a Ph D in Language Literacy and Culture from The Ohio State University Rema E Reynolds PhD is Assistant Professor of Education Policy Organization and Leadership and holds a doctorate in Education from the University of California Los Angeles Katrice A Albert PhD is Vice President for Equity and Diversity and holds a doctorate in Counseling from Auburn University Lori L Martin PhD is Associate Professor of Sociology and African American Studies and holds a doctorate in Sociology from University of Albany State University of New York

*The Soul of Justice* Cynthia Willett, 2018-05-31 Cynthia Willett brings together diverse insights from social psychology classical and contemporary literature and legal and justice theory to redefine the basis of the moral and legal person Feminists communitarians and postmodern thinkers have made clear that classical liberalism with its emphasis on individual autonomy and excessive rationalism is severely limited Although she is sympathetic with the liberal view Willett finds it necessary to go further For her attention to the social dimensions of the family and civil society is critical if issues of race gender class and sexuality are to be taken seriously Interdependency not autonomy is of increasing significance in an era of globalization Willett proposes an alternate normative theory that recognizes the impact of social forces on individual well being Citizenship in a democracy should not be defined solely on the basis of rights to autonomy such as bare rights to property or free speech she explains Rather citizenship should be defined first of all in terms of the rights responsibilities and capacities of the social person It is within the African American tradition of political thought that Willett finds a more useful definition of human identity and political freedom The African American experience offers a compelling vision of social change and a deeper understanding of what it means to be a social person By focusing on everyday battles against racism Willett contends we can gain valuable insight into the meaning of justice

**Gender Talk** Johnnetta B. Cole, Beverly Guy-Sheftall, 2009-01-16 Why has the African American community remained silent about gender even as race has moved to the forefront of our nation's consciousness In this important new book two of the nation's leading African American intellectuals offer a resounding and far reaching answer to a question that has been ignored for far too long Hard hitting and brilliant in its analysis of culture and sexual politics Gender Talk asserts boldly that gender matters are critical to the Black community in the twenty first century In the Black community rape violence against women and sexual harassment are as much the legacy of slavery as is racism Johnnetta Betsch Cole and Beverly Guy Sheftall argue powerfully that the only way to defeat this legacy is to focus on the intersection of race and gender Gender Talk examines why the race problem has become

Bodies out of Place Barbara Harris Combs, 2022-09-01

Bodies out of Place asserts that anti Black racism is not better than it used to be it is just performed in more nuanced ways Barbara Harris Combs argues that racism is dynamic so new theories are needed to help expose it The Bodies out of Place BOP theory she advances in the book offers such a corrective lens Interrogating several recent racialized events the Central Park birding incident the killing of Ahmaud Arbery sleeping while Black occurrences and others Combs demonstrates how the underlying belief that undergirds each encounter is a false presumption that Black bodies in certain contexts are out of place Within these examples she illustrates how even amid professions to color blindness fixed attitudes about where Black bodies belong in what positions at what time and with whom still predominate Combs describes a long historical pattern of White pushback against Black advancement and illuminates how each of the various forms of pushback is aimed at social control and regulation of Black bodies She describes overt and covert attempts to push Black bodies back into their presumed place in U S society While the pushback takes many forms each works to paint a narrative to justify rationalize and excuse continuing violence against Black bodies Equally important Combs celebrates the resilient Black agency that has resisted this subjugation
