Figures Of Speech Men And Maidens In Ancient Greece:

Figures of Speech Gloria Ferrari,2002-01-15 Over the past 200 years thousands of ancient Greek vases have been unearthed Yet debate continues about what the images depicted on these vases actually meant to ancient Greek viewers This work demonstrates how the study of visual images will enrich understanding of the ancient world **Male Nudity in the Greek Iron Age** Sarah C. Murray,2022-09-22 Naked Male Figurines in the EIA Aegean Iconographic and Regional Patterns in EIA Bronze Figurines and the History of Ritual Action The Lost Wax Method of Production and EIA Bronze Figurines Bronze Figurines Transformative Processes and Ritual Power EIA Nudity and Ritual in Historical Perspective Method and Approach in the Archaeology of the EIA Aegean **Houses of Ill Repute** Allison Glazebrook,Barbara Tsakirgis,2016-05-18 Houses of Ill Repute is the first book to focus on the difficulties of distinguishing between private homes and buildings such as brothels and taverns which housed activities neither public nor private in ancient Greece providing a way forward for the study of domestic and entertainment spaces in the Hellenic world **Sexual Labor in the Athenian Courts** Allison Glazebrook,2022-01-03 Oratory is a valuable source for reconstructing the practices legalities and attitudes surrounding sexual labor in classical Athens It provides evidence of male and female sex laborers sex slaves brothels sex traffickers the cost of sex contracts for sexual labor and manumission practices for sex slaves Yet the witty wealthy free and independent hetaira well known from other genres does not feature Its detailed narratives and character portrayals provide a unique discourse on sexual labor and reveal the complex relationship between such labor and Athenian society Through a holistic examination of five key speeches Sexual Labor in the Athenian Courts considers how portrayals of sex laborers intersected with gender the body sexuality the family urban spaces and the polis in the context of the Athenian courts Drawing on gender theory and exploring questions of space place and mobility Allison Glazebrook shows how sex laborers represented a diverse set of anxieties concerning social legitimacy and how the public discourse about them is in fact a discourse on Athenian society values and institutions *Beauty and the Gods* Hugo Shakeshaft,2025-03-25 How ideas and experiences of beauty informed human relationships with the divine in ancient Greece Beginning with the earliest Greek literature the epics of Homer and Hesiod beauty was seen as having a special connection with the divine The gods of ancient Greece were defined by their exceptional beauty even today to look like a Greek god is proverbial for human beauty In *Beauty and the Gods* Hugo Shakeshaft explores the relationship between the beautiful and divine in ancient Greece principally in the Archaic period ca 750 480 BCE Analysing evidence that ranges from poetry art and philosophical texts to architecture and the natural landscape Shakeshaft shows how ideas and experiences of beauty shaped Greek relations with the divine With a powerful call for the place of beauty and aesthetics in the writing of history Shakeshaft uncovers the cultural dialogue between beauty and the gods in a variety of contexts in the Archaic Greek world in forms of divine worship in poetry music and dance in attitudes to the natural environment and in architecture and art This early chapter of Greek history he argues holds an unrecognised

key to understanding some long running threads in the histories of religion art and aesthetics from Plato's aesthetic theories to beauty's status in contemporary discourse Beauty's deep past and divine connection in ancient Greece can help us see beauty now in sharper focus Sexuality in Greek and Roman Culture Marilyn B. Skinner, 2013-08-19 This agenda setting text has been fully revised in its second edition with coverage extended into the Christian era It remains the most comprehensive and engaging introduction to the sexual cultures of ancient Greece and Rome Covers a wide range of subjects including Greek pederasty and the symposium ancient prostitution representations of women in Greece and Rome and the public regulation of sexual behavior Expanded coverage extends to the advent of Christianity includes added illustrations and offers student friendly pedagogical features Text boxes supply intriguing information about tangential topics Gives a thorough overview of current literature while encouraging further reading and discussion Conveys the complexity of ancient attitudes towards sexuality and gender and the modern debates they have engendered *The Greeks and Greek Love* James N. Davidson, 2007 For nearly two thousand years historians have treated the subject of homosexuality in ancient Greece with apology embarrassment or outright denial Now classics scholar James Davidson offers a brilliant unblushing exploration of the passion that permeated Greek civilization Using homosexuality as a lens Davidson sheds new light on every aspect of Greek culture from politics and religion to art and war With stunning erudition and irresistible wit and without moral judgment Davidson has written the first major examination of homosexuality in ancient Greece since the dawn of the modern gay rights movement What exactly did same sex love mean in a culture that had no word or concept comparable to our term homosexuality How sexual were these attachments When Greeks spoke of love between men and boys how young were the boys how old were the men Drawing on examples from philosophy poetry drama history and vase painting Davidson provides fascinating answers to questions that have vexed scholars for generations To begin he defines the essential Greek words for romantic love eros pothos philia and explores the shades of emotion and passion embodied in each Then exploding the myth of Greek boy love Davidson shows that Greek same sex pairs were in fact often of the same generation with boys under eighteen zealously separated from older boys and men Davidson argues that the essence of Greek homosexuality was besottedness falling head over heels and making a great big song and dance about it though sex was certainly not excluded With refreshing candor humor and an astonishing command of Greek culture Davidson examines how this passion played out in the myths of Ganymede and Cephalus in the lives of archetypal Greek heroes such as Achilles Heracles and Alexander in the politics of Athens and the army of lovers that defended Thebes He considers the sexual peculiarities of Sparta and Crete the legend and truth surrounding Sappho and the relationship between Greek athletics and sexuality Writing with the energy vitality and irony that the subject deserves Davidson has elucidated the ruling passion of classical antiquity Ultimately *The Greeks and Greek Love* is about how desire homosexual and heterosexual is embodied in human civilization At once scholarly and entertaining this is a book that sheds as much light on our own world as on the world of Homer Plato and Alexander

democratic Athens especially during its brief fifth century empire raised troubling questions about the alleviation and infliction of suffering and pity emerged as a topic in Athenian culture at this time
