Tourism in Pacific Islands Stephen Pratt,David Harrison,2015-02-20 Pacific Island Countries have been shown to be especially vulnerable to such external influences as natural disasters political unrest and downturns in the global economy and their tourism industries have been notably affected In particular they typically have a narrow resource base and a fragile and often vulnerable natural environment While there is some research on islands and small states there is a dearth of information on the South Pacific and very little research is being undertaken in the region compared to other geographical regions in the world This volume brings together current work in Pacific Island tourism In this collection three main themes arise Images of the South Pacific Socio economic Impacts of Tourism and Pacific Island Countries and the Outside World The first focus is on the question of image namely stereotypes of a destination held by tourists and potential tourists the extent to which residents for their part really welcome visitors and the role tourism might play in changing pre established images The second theme is tourism s impacts notably the economic and socio cultural effects of international tourism s intrusion in the region which though often hotly debated have attracted relatively little empirical research The third focus is on the challenges of how PICs articulate with their external geo political and physical environment These involve existing relations with formal colonial centres geographical isolation the need for greater air access to the outside world and for more tourists and the continuing threat to several PICs of global warming which increased air travel will inevitably exacerbate This text will be of interest to tourism students researchers and academics in the fields of tourism development studies and cultural studies Republic of the Marshall Islands International Monetary Fund. Asia and Pacific Dept,2014-02-03 This 2013 Article IV Consultation highlights that the GDP growth of The Republic of the Marshall Islands RMI picked up in FY2012 fiscal year ending September 30 to 3.2 percent lifted by a surge in fishery

Subaltern Narratives in Fiji Hindi Literature Vijay Mishra, 2024-02-13 Subaltern Narratives in Fiji Hindi Literature is the first comprehensive study of fiction written in Fiji Hindi that moves beyond the hegemonic and colonially implicated perspectives that have necessarily informed top down historical accounts Mishra makes this case using two extraordinary novels *Purnima Subaltern Tale* 2001 and *Fiji Maa Mother of a Thousand* 2018 by the Fiji Indian writer Subramani They are massive novels respectively 500 and 1 000 pages long written in the devanagari Sanskrit script They are examples of subaltern writing that do not exist as a legitimization of the subaltern voice anywhere else in the world The novels constitute the silent underside of world literature whose canon they silently challenge For postcolonial diaspora and subaltern scholars they are defining indeed definitive texts without which their theories remain incomplete Theories require mastery of primary texts and these subaltern novels heroic compositions as they are in the vernacular offer a challenge to the theorist
