Fiji My God My Land reveals the deeply complex and often paradoxical dynamics and tensions between processes of change and continuity as they unfold in representations and practices of Christianity and tradition in people's everyday lives. The book draws on extensive multi-sited fieldwork in different denominations to explore how shared values and cultural belonging are employed to strengthen relations. As such, My God My Land will be of interest to anthropologists of Oceania as well as scholars and students researching into social and cultural change, ritual religion, Christianity, enculturation and contextual theology.

My Colonial Fiji Beverley Margaret Angus, 2013. Hear the word Fiji and you are likely to think of turquoise waters, lush foliage and a year-round tropical paradise. But this island nation is more than a place to which to escape. Its fascinating history includes a brief background as to how Fiji became a British Crown Colony between 1874 and 1970, which period is overlapped by the monopoly of Fiji's sugar industry by the Colonial Sugar Refining Company (CSR) of Australia between 1880 and 1973, when sugar was the mainstay of Fiji's economy.

*In the Eye of the Storm* Brij V. Lal, 2010-11-01. To read this evocative book is to be thrust into a Fiji that has for the moment been snuffed out by military might: a Fiji of political parties, parliamentary politics, elections, manifestoes, campaigns, democratic defence of interests, party manoeuvres and constitutional protection of rights and freedoms. It is a comprehensive and eloquent re-telling of the story of Fiji politics from independence in 1970 to 1999 through the perspective of Fiji's greatest living statesman, Jai Ram Reddy, by one of the world's most distinguished scholars of its history and politics.

The Regional Travel Guide for the Mamanuca Islands (Fiji), **Masculinities and Place** Andrew Gorman-Murray, Peter Hopkins, 2016-05-06. Masculinities and Place bring together an impressive range of high-profile and emerging researchers to consolidate and expand new domains of interest in the geographies of men and masculinities. It is structured around key and emerging themes within recently completed and on-going research about the intersections between men, masculinities and place. Building upon broader themes in social and cultural geographies, cultural economy and urban/rural studies, the collection is organised around the key themes of theorising masculinities and place, intersectionality, home, family, domestic labour, work and health and well-being.

**Politics of Identity in Small Plural Societies** S. Wilson, 2012-01-30. In small plural societies, cultural differences can be exaggerated, exploited and intensified during political contests. The survival of these societies as democracies or even at all hangs in the balance.

Howard, 2011-11-01 In 1987 first in May and again in September Fiji which had often been regarded as a model for racial co-existence surprised the rest of the world by staging not one but two coups Most interpreters of the Fijian political scene saw the events as a result of tension between native Fijians and members of other ethnic groups Michael Howard argues in this book that this interpretation is simplistic Instead he points out the May coup was a strike against democratic government by elements associated with Fiji's traditional oligarchy seeking to hide behind a mask of populist communalism Howard traces the evolution of Fijian politics from the precolonial chiefdoms through the colonial era and into the postcolonial period emphasizing the developments during the latter half of the 1980s As a close and involved observer he draws a convincing picture of the leading actors in contemporary Fijian politics and the motives guiding their actions He describes how the ruling elite the Fijian chiefly families and their allies has maintained its power by manipulating communal or racially based

sentiments and how the opposition has attempted to change the situation by creating political alignments based on social class In the central part of the book Howard chronicles the rise of the Fiji Labour Party and its 1987 election victory over the ruling Alliance Party He then discusses the short lived regime of the Bavadra government and the events leading up to the May 1987 coup Finally he looks at events following the coup as the oligarchy has sought to reimpose control in the face of popular opposition and internal division discussing their implications for the social condition of Fiji its international politics and its internal ethnic relations The book concludes with the death of Timoci Bavadra in late 1989 A perceptive case study of racial politics in the modern world and a significant new approach to the understanding of the dynamics of a non western political system *Fiji Race and Politics in an Island State* provides a timely and comprehensive analysis of recent events in this important island state     South Pacific Handbook David Stanley, 1989 A comprehensive guide to the 16 territories of Polynesia and Melanesia not just the popular spots This is a guide for the budget traveller to the whole of the South Pacific
