Film Theory An Introduction:

Film Theory Robert Stam, 2017-11-20 This book is a lively and provoking introduction to film theory. It is suitable for students from any discipline but is particularly aimed at students studying film and literature as it examines issues common to both subjects such as realism, illusionism, narration, point of view, style, semiotics, psychoanalysis, and multiculturalism. It also includes coverage of theorists common to both Barthes, Lacan, and Bakhtin among others. Robert Stam, renowned for his clarity of writing, will also include studies of cinema specialists providing readers with a depth of reference not generally available outside the field of film studies itself. Other material covered includes film adaptations of works of literature and analogies between literary and film criticism.

Film Theory Thomas Elsaesser, Malte Hagener, 2009-12-16 What is the relationship between cinema and spectator? That is the central question for film theory, and renowned film scholars Thomas Elsaesser and Malte Hagener use this question to guide students through all of the major film theories from the classical period to today in this insightful engaging book. Every kind of cinema and film theory imagines an ideal spectator and then imagines a certain relationship between the mind and body of that spectator and the screen. Using seven distinctive configurations of spectator and screen that move progressively from exterior to interior relationships, the authors retrace the most important stages of film theory from 1945 to the present, from neo-realist and modernist theories to psychoanalytic, apparatus, phenomenological, and cognitivist theories.

Film Theory Robert Lapsley, Michael Westlake, 1988 An account of film theory aimed at the cinemagoer and the student. It ranges from the late 1960s to the present, a period in which a number of conceptual strands were woven together. The authors chart the construction of this synthesis and its subsequent fragmentation and elucidate the various intellectual currents contributing to it. The authors trace the shift from Althusserian Marxism to Lacanian psychoanalysis as the dominant paradigms for discussing aesthetic questions. From book jacket

Film Theory Robert Stam, 2000-02-29 This work is an introduction to film theory particularly aimed at those studying film and literature as it examines issues common to both subjects such as realism, illusionism, narration, style, and semiotics.

What Is Film Theory? Rushton, Richard, Bettinson, Gary, 2010-02-01 What is Film Theory? is an introduction to the key elements of film theory. So what is film theory as a subject? Film studies is divided into key subjects and themes: there's film art which looks at the aesthetics of film; cinema studies which looks at institutions, films themselves, and the industry; film theory which looks at the concepts, philosophies, and disciplines which underlie film studies. As such, the book will look at subjects including semiotics and structuralism, psychoanalysis, formalist film theory, cognitive approaches, and neoformalism. In the light of the readers' reports, it will also address more cultural issues such as queer theory, ethnicity, postcolonialism, and world cinema.

Film theory Robert Lapsley, Michael Westlake Ltd, 2024-07-30 Film theory an introduction offers a highly readable account of film theory and is an indispensable resource for students. The discussion ranges from the late 1960s to the present, a period in which a number of conceptual strands, notably politics, semiotics, and psychoanalysis, were woven

together in an ambitious synthesis In this book the authors chart the construction of this synthesis and its subsequent fragmentation and clearly explain the various intellectual currents which have contributed to it Divided into two parts the first covers the conceptual background of film theory dealing with historical materialism semiotics and psychoanalysis whilst in the second the authors concentrate on particular topics such as authorship narrative realism the avant garde and postmodernism For this new edition the authors have added a new foreword a fully updated and expanded bibliography and a 60 page Retrospect outlining developments within film theory since the book's original publication in 1988 This Retrospect identifies a number of broad readings of Theory each with a different perspective on the main content of the book As such it provides a new and original mapping of the post theory moment in this complex and often fractured terrain Accessible and authoritative this book is essential reading for students of film theory or indeed anyone seeking a deeper understanding of modern cinema
