Bartlett, 2007-08-01 How shall we interpret the stories of miracles particularly the resurrection in this secular age The author calls us to look beyond the fact of a miracle to faith in what the miracle means To do this he tells us we must first of all try to understand what actually happened in history However he

warns us that merely knowing what happened will not necessarily lead to vital Christian faith In developing his theme the author discusses the way in which each of the Four Gospels presents miracles the meaning of exorcism in the New Testament and today and the significance of the resurrection accounts Throughout the author suggests significant themes for preaching

Queer. Southern. Women.** E. Patrick Johnson,2018-10-22 Drawn from the life narratives of more than seventy African American queer women who were born raised and continue to reside in the American South this book powerfully reveals the way these women experience and express racial sexual gender and class identities all linked by a place where such identities have generally placed them on the margins of society Using methods of oral history and performance ethnography E. Patrick Johnson's work vividly enriches the historical record of racialized sexual minorities in the South and brings to light the realities of the region's thriving black lesbian communities At once transcendent and grounded in place and time these narratives raise important questions about queer identity formation community building and power relations as they are negotiated within the context of southern history Johnson uses individual stories to reveal the embedded political and cultural ideologies of the self but also of the listener and society as a whole These breathtakingly rich life histories show afresh how black female sexuality is and always has been an integral part of the patchwork quilt that is southern culture      *The Sapphire Raven* Pasquale De Marco,2025-05-10 Embark on an extraordinary journey into the enigmatic world of the Sapphire Raven a timeless symbol of wisdom transformation and enduring hope This captivating book delves into the depths of ancient lore and modern day manifestations exploring the multifaceted nature of the Sapphire Raven and its profound impact on human history and consciousness From its origins as a revered divine messenger in ancient civilizations to its modern day presence as a source of guidance and inspiration the Sapphire Raven has left an indelible mark on cultures across time and space Through meticulous research and captivating storytelling this book unravels the Sapphire Raven's secrets exploring its connection to lost cities ancient prophecies and the very nature of reality itself The Sapphire Raven's symbolism deeply rooted in the realms of wisdom magic and prophecy has permeated countless works of art literature and music In this book we delve into the Sapphire Raven's enduring presence in popular culture examining its role in shaping our collective imagination and

### **Fides in Flavian Literature**

Antony Augoustakis, Emma Buckley, Claire Stocks, 2019-09-09 Fides in Flavian Literature explores the ideology of good faith fides during the time of the emperors Vespasian Titus and Domitian 69 96 CE the new imperial dynasty that gained power in the wake of the civil wars of the period The contributors to this volume consider the significance and semantic range of this Roman value in works that deal in myth contemporary poetry and history in both prose and verse Though it does not claim to offer the comprehensive last word on fides in Flavian Rome the book aims to show that fides in this period was subjected to a particularly striking and special brand of contestation and reconceptualization used to interrogate the broad cultural changes and anxieties of the Flavian period as well as connect to a republican and imperial past The editors argue that fides was both a vehicle for reconciliation and a means to test the nature of good faith in the wake of a devastating and divisive period in Roman history

**The Power of Prayer** Jean Lafrance, 1998 *Reimagining the Sacred* Richard Kearney, Jens Zimmermann, 2015-12-15

Contemporary conversations about religion and culture are framed by two reductive definitions of secularity In one multiple faiths and nonfaiths coexist free from a dominant belief in God In the other we deny the sacred altogether and exclude religion from rational thought and behavior But is there a third way for those who wish to rediscover the sacred in a skeptical society What kind of faith if any can be proclaimed after the ravages of the Holocaust and the many religion based terrors

since Richard Kearney explores these questions with a host of philosophers known for their inclusive forward thinking work on the intersection of secularism politics and religion An interreligious dialogue that refuses to paper over religious difference these conversations locate the sacred within secular society and affirm a positive role for religion in human reflection and action Drawing on his own philosophical formulations literary analysis and personal interreligious experiences Kearney develops through these engagements a basic gesture of hospitality for approaching the question of God His work facilitates a fresh encounter with our best known voices in continental philosophy and their views on issues of importance to all spiritually minded individuals and skeptics how to reconcile God s goodness with human evil how to believe in both God and natural science how to talk about God without indulging in fundamentalist rhetoric and how to balance God s sovereignty with God s love

**The Drum Is a Wild Woman** Patricia G. Lespinasse, 2022-01-04 In 1957 Duke Ellington released the influential album *A Drum Is a Woman* This musical allegory revealed the implicit truth about the role of women in jazz discourse jilted by the musician and replaced by the drum Further the album s cover displays an image of a woman sitting atop a drum depicting the way in which the drum literally obscures the female body turning the subject into an object This objectification of women leads to a critical reading of the role of women in jazz music If the drum can take the place of a woman then a woman can also take the place of a drum *The Drum Is a Wild Woman* Jazz and Gender in African Diaspora Literature challenges that image but also defines a counter tradition within women s writing that involves the reinvention and reclamation of a modern jazz discourse Despite their alienation from bebop women have found jazz music empowering and have demonstrated this power in various ways *The Drum Is a Wild Woman* explores the complex relationship between women and jazz music in recent African diasporic literature The book examines how women writers from the African diaspora have challenged and revised major tropes and concerns of jazz literature since the bebop era in the mid 1940s Black women writers create dissonant sounds that broaden our understanding of jazz literature By underscoring the extent to which gender is already embedded in jazz discourse author Patricia G Lespinasse responds to and corrects narratives that tell the story of jazz through a male centered lens She concentrates on how the Wild Woman the female vocalist in classic blues used blues and jazz to push the boundaries of Black womanhood outside of the confines of respectability In texts that refer to jazz in form or content the Wild Woman constitutes a figure of resistance who uses language image and improvisation to refashion herself from object to subject This book breaks new ground by comparing the politics of resistance alongside moments of improvisation by examining recurring literary motifs cry and response the Wild Woman and the jazz moment in jazz novels short stories and poetry comparing works by Ann Petry Gayl Jones Toni Morrison Paule Marshall Edwidge Danticat and Maya Angelou with pieces by Albert Murray Ralph Ellison James Baldwin and Ellington Within an interdisciplinary and transnational context Lespinasse foregrounds the vexed negotiations around gender and jazz discourse

*Schubert's Goethe Settings* Lorraine Byrne Bodley, 2017-07-05 The traditional approach to the study of Goethe and Schubert is to place them in opposition to one another both in terms of their life experiences and in relation to the nineteenth century Lied In her introduction to this book Lorraine Byrne examines the myths that have evolved around these artists and challenges the view that Goethe was unmusical and conservative in his musical tastes She also considers Schubert's life in relation to his obvious affinity with the poet and links the composer's Goethe settings with the poet's perception of the Lied Goethe judged the success of a setting by whether the meaning of the text had been realised in musical form In his Goethe settings Schubert translates the poet's meaning into musical terms and his rendition attains the classical unity of words and music that Goethe sought The core of this volume is the series of individual analyses of all of Schubert's solo dramatic and multi voice settings of Goethe texts These explore in detail both the literary and the musical dimensions of each work and Schubert's reading and interpretation of Goethe's writings This is the first study in English to treat both artists with equal attention and insight This together with its encyclopaedic coverage of this important corpus of works makes this volume an essential reference tool for all those who study Schubert and Goethe

**Promising Nothing** Neal J. Anthony, 2021-02-23 Can the categories of classical Lutheran Christology be unleashed to express the vitality of christological existence an existence situated between Promise and experience If as Martin Luther famously asserted in his Heidelberg Disputation 1518 true theology and recognition of God are in the crucified Christ then such a theological point of departure not only bore radical implications for his Christology but indeed also bears profound significance for theological discussions around the Word of Promise its structure its experience its plurality With regard to the elaboration of the two natures of Jesus Christ such a point of departure permits a delineation of Promise the body of Promise who is bound to who suffers the nihil of human existence Which means such a point of

departure affords us equally the opportunity to consider and probe the implications of the nihil as the medium of both threat and Promise Is this a promising threat Or a threatening Promise Ultimately Promise is delineated from within hermeneutical origins the christological function of Scripture the text and developed through to its diverse expression as the body of Promise translated into christological existence Within this context categories of classical Lutheran Christology begin to express new vitality Along the way the Word of Promise as developed within the trajectory of Luther s theology of the cross and his radical delineation of the two natures of Jesus Christ receives further sharpening within the context of discussion with such theological voices as John Caputo and Jacques Derrida Hans Holbein the Younger Albert Schweitzer Matthias Gr newald Carl Braaten Karl Barth Michael Welker and Samuel Terrien Ultimately we are permitted to confess There is one Crucified And he is plural     The Meditations with a Monastic Commentary William (of Saint-Thierry, Abbot of Saint-Thierry),2022-12-15 The Meditations written over a period from 1125 to 1137 are a personal account of William of Saint Thierry s ascent into Trinitarian intimacy Writing to the monks of Mont Dieu sometime around 1144 he proposed the Meditations as helpful in forming minds in prayer These Meditations with their accompanying commentary are now presented as helpful in forming an intimate relationship with the triune God     *Nityarajya 2* Andi Sulistiadi, Set in a chillingly plausible 2075 the world is swiftly succumbing to HarmonySync an omnipresent digital spiritual interface Born from the ashes of a global Collapse HarmonySync orchestrated by the ancient entity Dusta and his human lieutenants Sujar and Dr Linda promise an end to all chaos Yet it delivers a tribulation of unprecedented spiritual suppression biometric deletion and artificial scarcity Worship is rebranded as Mood Calibration ancient scriptures are algorithmically revised and dissent leads to becoming part of the voiceless Erased Generation This new world order is the terrifying manifestation of Revelation s Beast from the Sea with Sujar as its deceptive Lion s Mouth and Linda as its subtle False Prophet enforcing the Mark 666 a digital rewriting of personhood that governs all access even to basic sustenance The novel is a poignant exploration of enduring faith in the face of pervasive deception reminding readers that even when the world seems lost to technology and false promises God remains sovereign It is a testament to the power of authentic worship memory and love promising ultimate vindication for those who refuse to let the truth be sealed
