REACH and the Environmental Regulation of Nanotechnology Nertila Kuraj, 2019-07-23 REACH and the Environmental Regulation of Nanotechnology presents a thorough and comprehensive legal analysis on the status of nanoscale chemicals under the EU's REACH. Registration, Evaluation, Authorisation, and Restriction regulation, asking whether it effectively safeguards human health and environmental protection. This book examines the European Commission's claim that REACH offers the best possible framework for the risk management of nanomaterials. Through a detailed and meticulous analysis of the four phases of REACH, Kuraj assesses the capacity of the Regulation to protect human health and the environment against the potential harms associated with exposure to nanomaterials and draws attention to the ways in which the specificities of nanoscale chemicals are not tackled by the current REACH framework. Overall, this book is an innovative and timely contribution to the ongoing debate on how to best address the unprecedented risks posed by the growing pursuit of nanotechnological innovation by the EU and global policy agenda. REACH and the Environmental Regulation of Nanotechnology will be of great
