## **Final War:**

**Final War** Leo Giampietro, 2011-04 In the end there will be many wars this will be one of the signs that the end is near In Matthew 24 7 8 Jesus Christ foretold signs that would mark the time leading up to His return For nation will rise against nation and kingdom against kingdom And there will be famines pestilences and earthquakes in various places We have certainly seen devastating earthquakes in recent years The December 2004 earthquake off Indonesia was the most powerful in decades unleashing a massive tsunami that took some 300 000 lives Less than a year later an earthquake in southern Asia killed another 30 000 In Matthew 24 7 the Greek word translated earthquakes is seismos from which we derive such English words as seismology referring to the study of earthquakes Strong's Lexicon defines it as a commotion i e of the air a gale of the ground an earthquake earthquake tempest Seismos has a broader meaning than just the earth shaking Matthew 8 records how a violent storm overtook Jesus and His disciples on the Sea of Galilee threatening to capsize their boat and drown them until Jesus miraculously calmed the winds and waves *The Final War* Frederick Thomas Jane, Louis Tracy, 1998 This volume traces the modern critical and performance history of this play one of Shakespeare's most loved and most performed comedies The essay focus on such modern concerns as feminism deconstruction textual theory and queer theory *America's Final War* Andrei Martynanov, 2024-06-01 Washington's eight years of preparing Ukraine and its armed forces for war with Russia was a mistake of historic proportions due to its misperception of American military power based on its 1991 Gulf War victory against a minor military player Washington believed its own propaganda about crippling sanctions on Russia about the viability of its Ukrainian proxy army and the economic and military weakness of Russia spelling doom for the American empire and its rules based order By 2023 the Kiev regime could no longer exist without the West's support both financial and in war materiel By 2024 Russia will have not just exhausted Ukraine but also demilitarized NATO as a whole exposing the industrial and military impotence of the US and its European vassals The United States military as a whole and the USAF in particular have no resources or means to close the ever widening gap in capability between American and Russian Air Defenses insofar as such systems as the S 500 are already being produced serially in Russia with their immense range of more than 500 kilometers against aerial targets not to mention their full integration with Russia's Air Force and Air Defense The air space of Russia is becoming increasingly prohibitive to penetration by any combination of USAF and NATO forces The US has fallen behind and it won't be able to catch up **The Final War, and the Permanent Peace** John COX (Baptist Minister.), 1859 [Satan's Looming Identity Crisis! the Final War in the Age of Reason](#) I. A. Mallone, 2010-01-05 **Final War on Jupiter** Carl Wells, 2010-05 An emperor's report in his own words Final War On Jupiter is written by Sagwind IV emperor of Ramosan Jupiter Sagwind IV was appointed Supreme Warlord of the Allied Forces for the Preservation of Jupiterian Civilization in the war with Godosan a war which shook an entire planet This is his very personal report on that expedition Final War On Jupiter is the concluding volume of the trilogy The Chronicles of Jupiter

Book I was *War On Jupiter* by Lieutenant Nublander Book II was *Brains Ought Not to Be Overworked* by Wrinklebonk All three books were translated from the original Jupiterian and edited for American audiences by Carl Wells *Ethics Beyond War's End* Eric Patterson, 2012-03-02 The wars in Afghanistan and Iraq have focused new attention on a perennial problem how to end wars well What ethical considerations should guide war's settlement and its aftermath In cases of protracted conflicts recurring war failed or failing states or genocide and war crimes is there a framework for establishing an enduring peace that is pragmatic and moral *Ethics Beyond War's End* provides answers to these questions from the just war tradition Just war thinking engages the difficult decisions of going to war and how war is fought But from this point forward just war theory must also take into account what happens after war ends and the critical issues that follow establishing an enduring order employing political forms of justice and cultivating collective forms of conciliation Top thinkers in the field including Michael Walzer Jean Bethke Elshtain James Turner Johnson and Brian Orend offer powerful contributions to our understanding of the vital issues associated with late and post conflict in tough real world scenarios that range from the US Civil War to contemporary quagmires in Afghanistan the Middle East and the Congo **The War That Will End War** H. G. Wells, 2016-09-14 This is a 1914 novel written by H G Wells Within it wells writes passionately and with elegance about his conviction that World War I will be the war to end all wars Although he was obviously and unfortunately wrong in his suppositions his book makes a good case for his belief and is highly recommended for those with an interest in WWI Contents include Why Britain Went to War The Sword of Peace Hands Off the People's Food Concerning Mr Maximilian Craft The Most Necessary Measures in the World The Need of a New Map of Europe The Opportunity of Liberalism The Liberal Fear of Russia An Appeal to the American People et cetera Herbert George Wells 1866 1946 was a prolific English writer who wrote in a variety of genres including the novel politics history and social commentary Today he is perhaps best remembered for his contributions to the science fiction genre thanks to such novels as *The Time Machine* 1895 *The Invisible Man* 1897 and *The War of the Worlds* 1898 Many vintage books such as this are becoming increasingly scarce and expensive We are republishing this book now in an affordable modern high quality edition complete with a specially commissioned new biography of the author **Dreamworlds of Race** Duncan Bell, 2020-12-08 How transatlantic thinkers in the late nineteenth and early twentieth centuries promoted the unification of Britain and the United States Between the late nineteenth century and the First World War an ocean spanning network of prominent individuals advocated the unification of Britain and the United States They dreamt of the final consolidation of the Angloworld Scholars journalists politicians businessmen and science fiction writers invested the Anglo Saxons with extraordinary power The most ambitious hailed them as a people destined to bring peace and justice to the earth More modest visions still imagined them as likely to shape the twentieth century *Dreamworlds of Race* explores this remarkable moment in the intellectual history of racial domination political utopianism and world order Focusing on a quartet of extraordinary figures Andrew Carnegie W T Stead Cecil J Rhodes and H

G Wells Duncan Bell shows how unionists on both sides of the Atlantic reimagined citizenship empire patriotism race war and peace in their quest to secure global supremacy Yet even as they dreamt of an Anglo dominated world the unionists disagreed over the meaning of race the legitimacy of imperialism the nature of political belonging and the ultimate form and purpose of unification The racial dreamworld was an object of competing claims and fantasies Exploring speculative fiction as well as more conventional forms of political writing Bell reads unionist arguments as expressions of the utopianism circulating through fin de si cle Anglo American culture and juxtaposes them with pan Africanist critiques of racial domination and late twentieth century fictional narratives of Anglo American empire Tracing how intellectual elites promoted an ambitious project of political and racial unification between Britain and the United States Dreamworlds of Race analyzes ideas of empire and world order that reverberate to this day

### **7 Steps to End War & Save the Planet** Steve

Ratzlaff,2008-04-17 A pacifists timely and passionate manifesto addressing the issue of global warming Utopia as Ratzlaff explains is not some unattainable oasis but rather a world without war and with a balanced global habitat that can sustain future generations Rank and file Americans need to be able to comprehend what global warming is all about the author writes in order to grasp what will happen if we fail to take immediate steps to combat it The book is not a scientific treatise bogged down with academic language but rather a pacifists simple approach to solving one of the worlds most difficult dilemmas Employing a minimum of hard data to explore melting ice caps rising sea levels changing weather patterns and ocean currents Ratzlaff effectively illustrates the cause and effect relationship between human activity and the planets well being While Al Gore answered the hows and whys of global warming in An Inconvenient Truth Ratzlaff illustrates the imminent need for vast governmental and political changes and he explains the consequences of ignoring the obvious threat to our planet The author states that one of the biggest problems with the current approach to global warming is the tendency of advocates to ignore the significant role of population growth Additionally at the roots of global warming lay nationalism religious wars and the military industrial complex Ratzlaff outright blames governments and corporations for the current situation After demonstrating the various successes of the United Nations in heading off global conflicts the author concludes that the UN is the only organization capable of becoming a fully empowered international governing body Yet handcuffed by its current structure it can do nothing more than cast environmental resolutions that are often ignored Unlike other books that attempt to tackle major global issues rather than pointing out the problems and offering no solutions Ratzlaff rounds out each of the seven steps with definitive alternatives in his If I Were President summaries A thorough yet easy to comprehend take on global warming KIRKUS REVIEWS

### **War after Death** Steven Miller,2014-03-03

War after Death considers forms of violence that regularly occur in actual wars but do not often factor into the stories we tell about war which revolve invariably around killing and death Recent history demonstrates that body counts are more necessary than ever but the fact remains that war and death is only part of the story an essential but ultimately subordinate part Beyond killing there is no

war without attacks upon the built environment ecosystems personal property artworks archives and intangible traditions Destructive as it may be such violence is difficult to classify because it does not pose a grave threat to human lives Nonetheless the book argues that destruction of the nonhuman or nonliving is a constitutive dimension of all violence especially forms of extreme violence against the living such as torture and rape and it examines how the language and practice of war are transformed when this dimension is taken into account Finally War after Death offers a rethinking of psychoanalytic approaches to war and the theory of the death drive that underlies them

**It's the End of the World, My Love** Alla Gorbunova, 2023-02-07 Otherworldly forces dark phantasmagoria the horrors of underground life adolescence and rebellion myth and fairy tale all swirl in Alla Gorbunova's audacious and spectacular novel Children students beggars young poets Alla Gorbunova's heroes and heroines live their lives intensely experiencing the longing joy anticipation and heartbreak of youth in 1990s Saint Petersburg But Gorbunova's interconnected episodes don't limit themselves to the realm of the everyday as they move from harsh material realities to delirious dark fantasies Characters escape decline self destruct and transform In vivid prose she conjures a fragile and haunted society and renders it with frank and uncompromising tenderness A stunning work of fiction It's the End of the World My Love is a compassionate terrifying and rewarding book from an undeniable literary voice

**Stand on Guard** Stephanie Carvin, 2021-05-07 Stand on Guard provides a nuanced explanation of Canadian national security threats such as violent extremism espionage and clandestine foreign influence emphasizing trust and empathy in developing national security policies to counter them

**Writings on War** Carl Schmitt, 2011-08-08 Writings on War collects three of Carl Schmitt's most important and controversial texts here appearing in English for the first time The Turn to the Discriminating Concept of War The Gro raum Order of International Law and The International Crime of the War of Aggression and the Principle Nullum crimen nulla poena sine lege Written between 1937 and 1945 these works articulate Schmitt's concerns throughout this period of war and crisis addressing the major failings of the League of Nations and presenting Schmitt's own conceptual history of these years of disaster for international jurisprudence For Schmitt the jurisprudence of Versailles and Nuremberg both fail to provide for a stable international system insofar as they attempt to impose universal standards of humanity on a heterogeneous world and treat efforts to revise the status quo as criminal acts of war In place of these flawed systems Schmitt argues for a new planetary order in which neither collective security organizations nor 19th century empires but Schmittian Reichs will be the leading subject of international law Writings on War will be essential reading for those seeking to understand the work of Carl Schmitt the history of international law and the international system and interwar European history Not only do these writings offer an erudite point of entry into the dynamic and charged world of interwar European jurisprudence they also speak with prescience to a 21st century world struggling with similar issues of global governance and international law

**Hitler's Millennial Reich** David Redles, 2005-10 After World War I German citizens sought not merely relief from the political economic social and cultural

upheaval which wracked Weimar Germany they sought salvation argues David Redles who believes that millenarian sentiment was central to the rise of Nazism

**Ethics of War and Peace in Iran and Shi'i Islam** Mohammed Jafar Amir Mahallati, 2016-11-14 Nearly four decades after a revolution experiencing one of the longest wars in contemporary history facing political and ideological threats by regional radicals such as ISIS and the Taliban and having succeeded in negotiations with six world powers over her nuclear program Iran appears as an experienced Muslim country seeking to build bridges with its Sunni neighbours as well as with the West Ethics of War and Peace in Iran and Shi i Islam explores the wide spectrum of theoretical approaches and practical attitudes concerning the justifications causes and conduct of war in Iranian Shi i culture By examining primary and secondary sources and investigating longer lasting factors and questions over circumstantial ones Mohammed Jafar Amir Mahallati seeks to understand modern Iranian responses to war and peace His work is the first in its field to look into the ethics of war and peace in Iran and Shi i Islam It provides a prism through which the binary source of the Iranian national and religious identity informs Iranian response to modernity By doing so the author reveals that a syncretic and civilization conscious soul in modern Iran is re emerging

*Freedumb and Dumbocracy: Libertarians, Dogs, Goyim, the Internet, and Last Men* Ranty McRanterson, 2018-04-10 I may not agree with you but I will defend to the death your right to make an ass of yourself Oscar Wilde Thanks to the likes of Wilde the world is now overrun by asses The Pope of Fools has been unleashed to preside over the Dumbocalypse No one needs to burn any books these days since no one reads any books That would require intelligence and effort Who needs such things in this time of the internet the domain of cyber idiocy of the global moronocracy Every day on social media is a feast of fools a bonfire of the inanities We re never far from the sadding crowd Those whom the gods wish to destroy they first give a Facebook account The Pope of Dopes is elected at the Dinner of Dunces The internet ought to appoint its Troll King of the Day its Cyber Idiot its Clown Prince its World Wide Pleb Plato thought it insane to entrust power to the mob He compared them to a bunch of drunks on a party ship a pleasure cruiser for dummies sailing to its inevitable doom

War and Conflict Quotations Michael C. Thomsett, Jean Freestone Thomsett, 2015-09-02 History is replete with pronouncements on war Some reflect on man s warlike nature We are quick to flare up we races of men on the earth Homer others deal with the practical strategies of the combatants If Hitler invaded hell I would make at least a favorable reference to the devil in the House of Commons Winston Churchill and still others offer advice for avoiding conflict The most disadvantageous peace is better than the most just war Desiderius Erasmus More than 2 700 quotations on war and conflict are presented in this reference work The quotations are arranged by more than 100 broad categories from action to winning For each the quotation is first given followed by its author the work in which it appeared when appropriate and the date The book includes numerous cross references and keyword in context and author indexes are provided for further utility

*Israel's Wars* Ahron Bregman, 2016-01-22 Israel s Wars is a fascinating and essential insight into the turbulent history of this troubled country which since its foundation has

endured almost constant violence Bringing its coverage up to date with recent conflicts this fourth edition includes a new chapter on the Gaza wars from 2007 2014 a new preface and an updated concluding chapter From the 1947 8 Jewish Palestinian struggle for mastery of the land of Palestine to the Al Aqsa intifada the second Lebanon war and the Gaza wars Bregman exposes hitherto unknown facts including details of secret Soviet involvement in inciting the 1967 Six Day War Israeli bombing of the American warship the USS Liberty and Israeli assassinations of leading Palestinians in the Gaza Strip and the West Bank Illustrated throughout with maps and photographs this new edition is valuable reading for students of Arab Israeli conflicts over the last seventy years

**Facilitating Injustice** Yoosun Park, 2019-10-17 On February 19 1942 President Franklin Roosevelt issued Executive Order 9066 the primary action that propelled the removal and incarceration of Japanese Americans From the last days of that month when California's Terminal Island became the first site of forced removal to March of 1946 when the last of the War Relocation Authority concentration camps was finally closed the federal government incarcerated approximately 120 000 persons of Japanese ancestry Social workers were integral cogs in this federal program of forced removal and incarceration they vetted registered counseled and tagged all affected individuals staffed social work departments within the concentration camps and worked in the offices administering the resettlement the planned scattering of the population explicitly intended to prevent regional re concentration In its unwillingness to take a resolute stand against the removal and incarceration and carrying out its government assigned tasks social work enacted and thus legitimized the bigoted policies of racial profiling en masse *Facilitating Injustice* reconstructs this forgotten disciplinary history to highlight an enduring tension in the field the conflict between its purported value base promoting pluralism and social justice and its professional functions enabling injustice and actualizing social biases Highlighting the urgency to examine the profession's current approaches practices and policies within today's troubled nation this text serves as a useful resource for students and scholars of immigration ethnic studies internment studies U S history American studies and social welfare policy history
