Finance Ronald W.

Melicher, Edgar A. Norton, 2005-02-28 The Twelfth Edition of this successful book provides a survey of the foundations of the finance discipline. The authors cover the three major financial areas: Institutions, Markets, Investments, and Financial Management, helping you develop an integrated perspective of the different foundations of finance. *Financial Markets and Institutions* Jeff Madura, 2009-09-25 FINANCIAL MARKETS AND INSTITUTIONS Ninth Edition with Stock Trak coupon provides a conceptual framework to help students understand why financial markets exist, how financial institutions serve those markets, and the various services those institutions offer. In describing each type of market, the text emphasizes the securities traded in that market and how financial institutions participate in it, while descriptions of financial institutions focus on their management performance, regulatory aspects, use of financial markets, and sources and uses of funds. Following the introduction of key financial markets and institutions, the text explores the functions of the Federal Reserve System, the major debt security markets, equity security markets, and the derivative security market. Numerous pedagogical features such as Global Aspects indicating international coverage within the chapter, Point Counterpoint discussions presenting both sides of a controversial issue, Interpreting Financial News, and Internet Exercises reinforce the key concepts of the text. Continuing a strong tradition of timely examples and practical applications, the ninth edition also includes extensive updates on the global financial and credit crisis, revised questions and exercises, and new WALL STREET JOURNAL features. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
