Financing Government In A Federal System:

Financing Government in a Federal System George F. Break, 1980 The Oxford Handbook of State and Local Government Finance Robert D. Ebel, John E. Petersen, 2012-03-21 State and local government fiscal systems have increasingly become vulnerable to economic changes Over the past three decades state and local deficits during economic recession have been larger and deeper each time The impact of the Great Recession and its aftermath of feeble growth and lingering high unemployment has been dramatic both in scope and intensity Before the crisis long term structural deficits were persistent for both individual governments and the entire sector as spending plans and patterns outpaced governments revenue generating capacity The revenue systems of these governments eroded while the workloads and scope on the expenditure side of the state and local system budget continued to grow This handbook evaluates the persistent problems in the fiscal systems of state and local governments and what can be done to solve them It contains 35 chapters authored by 60 practitioners and academics who are renowned scholars in state and local finance Each chapter provides a description of the discipline area examines major developments in policy practices and research and opines on future prospects The chapters are divided into four sections Section I is a systematic discussion of the institutional economic and political framework that provides a background for understanding the structure and financial performance of the state and local sector The chapters in Section II provide an overview of the various components of state and local revenue systems and how they reacted to the Great Recession They analyze the diverse forms of taxes and charges in detail prescribe remedies and alternatives and examine the implications for future revenue performance Chapters in Section III turn to spending borrowing and financial management in the state and local sector The focus is on the big six service delivery sectors education health care human services transportation pensions and housing Section IV is a set of chapters that look ahead and speculate about how the state and local government sector's money raising spending and service delivery structures will adjust to the new circumstances

Debt Financing Problems of State and Local Government United States. Congress. House. Committee on Banking, Currency and Housing. Subcommittee on Economic Stabilization, 1975 Public Finance (Fiscal Policy) Cauvery R./ Nayak, Sudha U.K/ Girija M./ Kruparani N. & Meenakshi R., 1995 The repeated appeal from the academic community to prepare a simple textbook of Fiscal Economics to meet the requirements of the undergraduate community has been the motivation to prepare the present textbook of Fiscal The text has been carefully prepared to incorporate all that is relevant from the examination point of view as based on our thorough assessment of the past question papers and the emerging trends *Macro Federalism and Local Finance* Anwar M. Shah, 2008-06-20 The design of a federal system to deal with growth stabilization and regional and local development issues is the primary concern of this volume edited by Anwar Shah The book provides analytical tools to address issues arising from globalization localization and regional integration It discusses tax harmonization issues associated with subnational value added tax administration It provides a framework for

fiscal discipline in a federal system Lessons from international experiences from policies to deal with lagging regions are drawn The book empirically examines the effect of fiscal decentralization on the overall size of the public sector Finally it draws lessons from industrial countries experiences on local governance This important new series represents a response to several independent evaluations in recent years that have argued that development practitioners and policy makers dealing with public sector reforms in developing countries and indeed anyone with a concern for effective public governance could benefit from a synthesis of newer perspectives on public sector reforms This series distills current wisdom and presents tools of analysis for improving the efficiency equity and efficacy of the public sector Leading public policy experts and practitioners have contributed to the series

Government Finance in Developing Countries Richard Goode,2010-12-01

Fiscal systems throughout the world have been severely strained in recent years as governments have assumed more responsibility for economic management The developing countries where needs are greatest and resources scarcest have found their finances especially hard pressed This book examines a range of issues in government finance that confront developing countries the formulation and execution of national budget the objectives size and effects of expenditures the purposes and results of various ways of taxing income wealth consumption exports or natural resources the role of foreign and domestic borrowings and the consequences of financing by money creation The book also relates fiscal operations to goals such as growth and development economic stabilization equitable distribution and national self reliance The author stresses the need to take account of economic and political conditions and particularly administrative capacity when evaluating the suitability of fiscal measures in developing countries
