Hand Of The Bombay Archives:

The Hand Book of the Bombay Archives Maharashtra (India). Department of Archives,1978 The Blood-red Arab Flag Charles E. Davies,1997 During the years 1797 1820 the Qasimi Arabs or Qawasim inhabitants of the present day United Arab Emirates acquired an enduring reputation as ruthless pirates Some of their victims flew the British flag and thus their actions were to provide the initial stimulus and justification for 150 years of British involvement in the Gulf Recently however it has been doubted whether the Qawasim were in fact pirates In a scholarly but accessible account founded on contemporary sources illustrated with testimonies of eye witnesses and participants this book sets out to decide this controversial question By making use of valuable and hitherto untapped archival material Charles Davies strongly evokes a flavour of life in the Gulf in this turbulent and formative period in the Gulf s history This book represents the first in depth investigation into this controversial subject It is based on original research and and helps to explain why the Gulf is as it is today Indian Archives ,2004 The Rule of Law and Emergency in Colonial India Haruki Inagaki,2021-10-09 This book takes a closer look at colonial despotism in early nineteenth century India and argues that it resulted from Indians forum shopping the legal practice which resulted in jurisdictional jockeying between an executive the East India Company and a judiciary the King s Court Focusing on the collisions that took place in Bombay during the 1820s the book analyses how Indians of various descriptions peasants revenue defaulters government employees merchants chiefs and princes used the court to challenge the government and vice versa and demonstrates the mechanism through which the lawcourt hindered the government s indirect rule which relied on local Indian rulers in newly conquered territories The author concludes that existing political anxiety justified the East India Company s attempt to curtail the power of the court and strengthen their own power to intervene in emergencies through the renewal of the company s charter in 1834 An insightful read for those researching Indian history and judicial politics this book engages with an understudied period of British rule in India where the royal courts emerged as sites of conflict between the East India Company and a variety of Indian powers **Proceedings of the ... Session** Indian Historical Records Commission,1979 The Archive of Loss Maura Finkelstein,2019-03-21 Mumbai s textile industry is commonly but incorrectly understood to be an extinct relic of the past In The Archive of Loss Maura Finkelstein examines what it means for textile mill workers who are assumed not to exist to live and work during a period of deindustrialization Finkelstein shows how mills are ethnographic archives of the city where documents artifacts and stories exist in the buildings and in the bodies of workers Workers pain illnesses injuries and exhaustion narrate industrial decline the ways in which they live in tenements exist outside and resist the values expounded by modernity and the rumors and untruths they share about textile worker strikes and a mill fire help them make sense of the industry s survival In outlining this archive s contents Finkelstein shows how mills which she conceptualizes as lively ruins become a lens through which to challenge reimagine and alter ways of thinking about the past present and future in Mumbai and beyond The Growth and
