

# A DICTIONARY OF CHINESE BUDDHIST TERMS

With Sanskrit and English Equivalents and a  
Sanskrit-Pali Index

Compiled by William Edward Soothill  
and Lewis Hodous

# Hand Of Chinese Buddhismsanskrit Chinese Dictionary Terms Phrases

**Ernest John Eitel**

## **Hand Of Chinese Buddhismsanskrit Chinese Dictionary Terms Phrases:**

*Hand-book of Chinese Buddhism* Ernest John Eitel,1904      **Catalogue of the Keiogijuku Library** 清国图书,1906      **A Dictionary of Chinese Buddhist Terms** William Edward Soothill,Lewis Hodous,1977 Here is an outstanding work for which two eminent scholars of Chinese Buddhism separated by 2000 miles of ocean collaborated for complete ten years during which the manuscript crossed the Atlantic four times The authors aim has been to provide a key for the student with which to unlock a closed door and which does serve to reveal the riches of the great Buddhist thesaurus in China In the absence of a dictionary of Chinese Buddhist Terms it was small wonder that the translation of Chinese texts has made little progress important thought these are to the understanding of Mahayana buddhism especially in its Far Eastern development

A Dictionary of Chinese Buddhist Terms ,2004 This invaluable interpretive tool first published in 1937 is now available for the first time in a paperback edition specially aimed at students of Chinese Buddhism Those who have endeavoured to read Chinese texts apart from the apprehension of a Sanskrit background have generally made a fallacious interpretation for the Buddhist canon is basically translation or analogous to translation In consequence a large number of terms existing are employed approximately to connote imported ideas as the various Chinese translators understood those ideas Various translators invented different terms and even when the same term was finally adopted its connotation varied sometimes widely from the Chinese term of phrase as normally used by the Chinese For instance kl sa undoubtedly has a meaning in Sanskrit similar to that of i e affliction distress trouble In Buddhism affliction or as it may be understood from Chinese the afflicters distressers troublers means passions and illusions and consequently fan nao in Buddhist phraseology has acquired this technical connotation of the passions and illusions Many terms of a similar character are noted in the body of this work Consequent partly on this use of ordinary terms even a well educated Chinese without a knowledge of the technical equivalents finds himself unable to understand their implications      Chinese Clay Figures Berthold Laufer,1913

**Hand-book for the Student of Chinese Buddhism** Ernest John Eitel,1870      *Chinese Clay Figures: Prolegomena on the history of defensive armor* Berthold Laufer,1914      *Hand-book for the Student of Chinese Buddhism* Eitel,1870

**Chinese Buddhism and the Scholarship of Erik Zürcher** Jonathan A. Silk,Stefano Zacchetti†,2022-11-14 China has a long and complex history of interactions with the world around it One of the most successful imports arguably the most successful before modern times and the impact of the West is Buddhism which since the first centuries of the Common Era has spread into almost every aspect of Chinese life thought and practice Erik Z rcher was one of the most important scholars to study the history of Buddhism in China and the ways in which Buddhism in China gradually became Chinese Buddhism More than half a century after the publication of Z rcher s landmark *The Buddhist Conquest of China* we now have a collection of essays from the top contemporary specialists exploring aspects of the legacy of Z rcher s investigations bringing forward new evidence new ideas and reconsiderations of old theories to present an up to date and exciting expansion and

revision of what was arguably the single most influential contribution to date on the history of Chinese Buddhism Contributors are Tim Barrett Stephen R Bokenkamp Funayama Toru Barend ter Haar Liu Shufen Minku Kim Jan Nattier Antonello Palumbo and Nicolas Standaert *A Chinese-English Dictionary* Herbert Allen Giles,1892 The Chinese Times ,1888 **Critical Terms for the Study of Buddhism** Donald S. Lopez Jr.,2009-11-15 Over the past century Buddhism has come to be seen as a world religion exceeding Christianity in longevity and according to many philosophical wisdom Buddhism has also increasingly been described as strongly ethical devoted to nonviolence and dedicated to bringing an end to human suffering And because it places such a strong emphasis on rational analysis Buddhism is considered more compatible with science than the other great religions As such Buddhism has been embraced in the West both as an alternative religion and as an alternative to religion This volume provides a unique introduction to Buddhism by examining categories essential for a nuanced understanding of its traditions Each of the fifteen essays here shows students how a fundamental term from art to word illuminates the practice of Buddhism both in traditional Buddhist societies and in the realms of modernity Apart from Buddha the list of terms in this collection deliberately includes none that are intrinsic to the religion Instead the contributors explore terms that are important for many fields and that invite interdisciplinary reflection Through incisive discussions of topics ranging from practice power and pedagogy to ritual history sex and death the authors offer new directions for the understanding of Buddhism taking constructive and sometimes polemical positions in an effort both to demonstrate the shortcomings of assumptions about the religion and the potential power of revisionary approaches Following the tradition of Critical Terms for Religious Studies this volume is not only an invaluable resource for the classroom but one that belongs on the short list of essential books for anyone seriously interested in Buddhism and Asian religions *Postponement in Perpetuality: the Buddha's Prophecy of the End of Buddhism and Its Transmission in East Asia* Yi Liu,2025-03-27 The Buddha prophesied that his teachings would vanish a few hundred years after his passing creating an existential dilemma for Chinese Buddhists on the brink of Buddhism's disappearance This book examines the origins of this prophecy and the famous end of Buddhism belief in Indian and Central Asian Buddhism and the centuries long struggle of Chinese Buddhists to interpret and adapt this prophecy This resulted in the unique East Asian Buddhist belief of mofa the final age of Buddhism which profoundly influenced medieval China and Japan *Buddhism Across Asia* Tansen Sen,2014-04-02 Buddhism across Asia is a must read for anyone interested in the history and spread of Buddhism in Asia It comprises a rich collection of articles written by leading experts in their fields Together the contributions provide an in depth analysis of Buddhist history and transmission in Asia over a period of more than 2000 years Aspects examined include material culture politics economy languages and texts religious institutions practices and rituals conceptualisations and philosophy while the geographic scope of the studies extends from India to Southeast Asia and East Asia Readers knowledge of Buddhism is constantly challenged by the studies presented incorporating new materials and interpretations Rejecting the

concept of a reified monolithic and timeless Buddhism this publication reflects the entangled dynamic and multi dimensional history of Buddhism in Asia over extended periods of integration development of multiple centres and European expansion which shaped the religion s regional and trans regional identities Max Deeg Cardiff University Buddhism Across Asia presents new research on Buddhism in comprehensive spatial and temporal terms From studies on transmission networks to exegesis on doctrinal matters linguistics rituals and practices institutions Buddhist libraries and the religion s interactions with political and cultural spheres as well as the society at large the volume presents an assemblage of essays of breathtaking breadth and depth The goal is to demonstrate how the transmission of Buddhist ideas serves as a cultural force a lynchpin that had connected the societies of Asia from past to present The volume manifests the vitality and maturity of the field of Buddhist studies and for that we thank the editor and the erudite authors Dorothy C Wong University of Virginia

**National Union Catalog** ,1983      Hand-book of Chinese Buddhism Being a Sanskrit-Chinese Dictionary with Vocabularies of Buddhist Terms in Pali, Singhalese Siamese, Burmese, Tibetan, Mongolian and Japanese Ernest John Eitel,1888      *Anthropological Series* Field Museum of Natural History,1913      **Indian Antiquary** ,1882 At a time when each Society had its own medium of propagation of its researches in the form of Transactions Proceedings Journals etc a need was strongly felt for bringing out a journal devoted exclusively to the study and advancement of Indian culture in all its aspects This encouraged Jas Burgess to launch the Indian antiquary in 1872 The scope was in his own words as wide as possible incorporating manners and customs arts mythology feasts festivals and rites antiquities and the history of India Another laudable aim was to present the readers abstracts of the most recent researches of scholars in India and the West Indian antiquary also dealt with local legends folklore proverbs etc In short Indian antiquary was entirely devoted to the study of MAN the Indian in all spheres introduction to facsimile volumes published 1985      The Chrysanthemum ,1881

**Chinese Religion in Western Languages** Laurence G. Thompson,1985
