water And although a rise in water prices could reduce Taiwan s water usage significantly no politician is brave enough to suggest that solution To reduce the risk of a severe water crisis in the future it s therefore up to us to cut back on the amount of water we use 6 19 To figure out what actions are needed to conserve water it helps to know where water is being wasted In an average household flushing the toilet and showering account for an overwhelming percentage of all water used It stands to reason then that the most significant change you can make is to your bathroom habits Everyone loves a long hot shower but do try to limit your shower time to around five minutes To help you stick to this rule find a five minute long song that you can play while showering and make sure you re finished when it ends Limiting your shower time is pointless if you re allowing the shower water to drain away while it warms up To solve this collect that initial stream of cold water in a container You can then use that water to flush your toilet Besides trying to minimize the number of times you flush check your toilet for leaks After all leakages are the biggest waste of water You may think these small actions won t make much of a difference but there are over 23 million people in Taiwan If everyone takes steps to waste less water the nation s water security is all but assured News Report Huge Locust Outbreak Hits East Africa Heads Beyond People Florence Pugh Hollywood s Confident Newcomer History Denim Jeans From Worker Safety to Fashion Staple CNN News Who Are BTS BTS Dialogue Focus Different Jobs Becoming a Professional Gamer Internet How to Protect Your Smart Home from Hackers Travel Camino de Santiago The Walk of a Lifetime Writing Translation Practice Reading Skill The Black Poodle Environment Waste Not Want Not Plus Talk Expressing Opinions 1 Discussing a New Policy 2 Choosing a Place for Dinner 3 Deciding on Evening Plans 4 Holding an Evaluation Meeting Biology Facts about Viruses Debate Adventure Tourism a Risky Business Topic Writing A Letter to the Teacher **Polishing Gems** Joel Emerson,2023-02-09 The Bible is like a jewelry box holding treasures of immeasurable value For instance John 3 16 can be compared to the hope diamond It surpasses all others Genealogy listings of who begat whom could be compared to mere gravel Though maybe not life changing it serves its purpose We cannot improve on GodaEUR tm s Word it is what it is but God has called us to be laborers together with Him 1 Corinthians 3 9 Just like a priceless diamond simply looks like a rock until it is shaped and put in the proper light His Word is almost always hidden until the Holy Spirit reveals its worth and sometimes another person can share its impact on their lives or even a looked over by most observation that puts it in a different light Example the shortest verse is John 11 35 aEURoeJesus wept aEUR My take is that He had to bring Lazarus back IaEUR tm ve seen many people surprised by this A sermon is for the purpose of putting a shine on scripture bringing out the beauty revealing the intent of the message making it understandable This collection of poetry is basically quick read minisermons given to the author by the Holy Spirit Tertius was a scribe who wrote the Book of Romans while Paul dictated The authoraEUR tm s education in poetry has only come from bathroom walls and Dr Seuss He credits God with its entire content The style is down to earth but its message is out of this world It is his hope that believers will gain a closer relationship with God and unbelievers will begin a journey that leaves

behind all the hopelessness misery darkness and suffering of the soul that accompanies life apart from God that he has experienced firsthand and begin a joyous walk with Jesus toward the Promised Land He hopes it entertains you and prays that it changes you for the better
