Hand Painted Textiles For The Home:

Hand Painted Textiles for the Home Kazz Ball, Valerie Janitch, 1991 *Hand Painted Textiles for the Home* Kazz Ball, Valerie Janitch, 1993-10 **Hand-painted Textiles** Sarah Campbell, 2023-02-16 This beautiful and inspirational book written by a doyenne of British textile design explores the art of painting and making patterns on cloth. Fabrics bring colour and vibrance to our lives adding inventiveness and charm to both our clothes and our domestic interiors. In this book, lifelong textile designer Sarah Campbell takes you through her world of pattern and colour to uncover the joys of design from dots, stripes and checks to more surprising decorative solutions. Painting straight onto fabric is a very different experience to designing for digital production. Everything is unique; the placing of the patterns and colours is in your hands. The beauty is that the pattern doesn't have to repeat; there can be just one bird or just one square if it's in the right place. Beautifully illustrated with Sarah's colourful and internationally acclaimed work, her fabric designs show the comforting rhythm and universal language of pattern. Learn how to create your own unique designs using a range of tools and techniques including brushes and potato cuts, stencils and simple kitchen cupboard resists. Explore the delights of painting on different fabrics such as cotton, linen, silk and calico muslin. Develop your understanding of scale, colour tonality and the organisation of pattern ideas alongside suggestions on how to use your finished fabrics.

The Art of Cloth in Mughal India Sylvia Houghteling, 2022-03-29 When a rich man in seventeenth century South Asia enjoyed a peaceful night's sleep he imagined himself enveloped in a velvet sleep In the poetic imagination of the time the fine dew of early evening was like a thin cotton cloth from Bengal and woollen shawls of downy pashmina sent by the Mughal emperors to their trusted noblemen approximated the soft hand of the ruler on the vassal's shoulder Textiles in seventeenth century South Asia represented more than cloth to their makers and users They simulated sensory experience from natural environmental conditions to intimate personal touch The Art of Cloth in Mughal India is the first art historical account of South Asian textiles from the early modern era Author Sylvia Houghteling resurrects a truth that seventeenth century world citizens knew but which has been forgotten in the modern era South Asian cloth ranked among the highest forms of art in the global hierarchy of luxury goods and had a major impact on culture and communication While studies abound in economic history about the global trade in Indian textiles that flourished from the seventeenth to the nineteenth centuries they rarely engage with the material itself and are less concerned with the artistic and much less the literary and social significance of the taste for cloth This book is richly illustrated with images of textiles garments and paintings that are held in little known collections and have rarely if ever been published Rather than rely solely on records of European trading companies Houghteling draws upon poetry in local languages and integrates archival research from unpublished royal Indian inventories to tell a new history of this material culture one with a far more balanced view of its manufacture and use as well

decorative patterning and lavish materials simply for the aesthetic effects they could evoke. It was commonly held that a home that expressed an artful harmonious soul would instill high aesthetic and moral merit in its inhabitants. The Aesthetic Movement in America helped to popularize the idea that everyone should be able to enjoy beautiful well made homes and furnishings not just the very wealthy. Artful homes could be composed from brilliant antique store finds, discriminating department store purchases and gems hand made by the ladies of the house. It was the moment when people embraced the idea that only a beautiful home could be a happy home. Karen Zukowski delves into the movement's establishment, evolution and main characters and shows how today's homes can incorporate Aesthetic principles. Through suggestion rather than statement, sensuality, massive use of symbols and synaesthetic effects that is correspondence between words, colors and music. How influential designers such as Clarence Cook and Charles Eastlake popularized the idea that beautiful homes with tasteful furnishings could be available to practically everyone. How today's designers, manufacturers and retailers deploy the very same stylistic markers of the Aesthetic Movement: rich color, layered pattern and texture, mixtures of historical motifs.
