Canon Law Explained Fr. Laurence J. Spiteri ,2014-02-25 Not only inefficiency but frustration disorder anger and injustice threaten all human endeavors no matter how pure their motives or high their ideals That s why successful organizations always create employee handbooks and clear procedure manuals that delineate where authority lies how conflicts are to be resolved and above all how each organization s mission is and is not to be accomplished Is it any wonder then that the Catholic Church comprised not of 200 persons but 1 2 billion members in 200 countries also governs itself by means of a handbook which it calls the Code of Canon Law Because handbooks and manuals concern themselves with the day to day inner working of organizations they often reveal more than do news releases about the actual purposes and genuine spirit of organizations a fact that s particularly true in the case of the Catholic Church Indeed if you want to know the Church for who She is you need to be familiar with the Code of Canon Law Unfortunately it contains over 1 752 rules or canons Among them you ll find fascinating canons that lay out the Church s official principles and procedures governing matters as various as abbots and annulments scandals and Sacraments monks and missions bishops and books priests and popes synods and sacraments homeschoolers hostile witnesses baptisms burials parishes penance confessions Councils impotence imprimaturs and even marriages to the person who murdered your spouse Thankfully Vatican expert and veteran author Fr Laurence Spiteri has in the pages of *Canon Law Explained* relieved you of the need to read all 1 752 of them fascinating or not Here he acquaints you with the fundamental canons by which the Church seeks to bring about as it declares in the very last canon the purpose all of them serve The salvation of souls which must always be the supreme law in the Church Fr Spiteri s brief but lucid explanations of the origins and meaning of the canons make sense of much that puzzles non Catholics about our Church and that sometimes frustrates even us Catholics As he relates the Church s laws and procedures directly to Christ s command to go forth and teach all nations and to the role those laws and procedures play in your salvation and mine Fr Spiteri transforms what seem to be dry as dust rules into the sweet waters of salvation If you want to know the Church for who She is and to love Her more *Canon Law Explained* is the book for you

A Handbook for Beginners on Basic Research Concepts Asefa Abahumna, Exciting the interest of students joined higher institution prior taking research courses is significant stage to draw and build students interest in the subject The book is written in a simplified way as to lead the students to engage in high level of research courses Indeed I do assume that this book shall serve still the needs of instructor and students to understand the meanings and purposes of fundamental terms that entirely remain part and parcel such as abstract synopsis proposal and reviews of literature of research One who conceptualized the basic elements at the initials levels can understand able to think critically and innovatively while pursuing the higher level courses of research Furthermore the book is concise to the point ideas are simple to grab with few instances that may help the students to verify Yet it is still not detailed enough to serve as a reference book for students as they progress to higher level courses but it could serve as highlight and be easily understood to work on their research papers Many sub unities are incorporated in order to enable the students to draw inferences from existing research types and methodologies Other than brief descriptions of entirely part of research work sub divisions are incorporated in the book as to help the students refer instantly In order to advance the mastery of the wide range of concepts terms and applications which are innermost of research lesson every section of this book expected to be clear and understandable to the students The

Layman's Manual on Christian Apologetics Brian G. Chilton, 2019-11-14 Modern Christians have been bombarded by objections launched against the Christian faith from popular secular authors bloggers and stars from the entertainment industry The church is quickly beginning to acknowledge the need for apologetics due to the number of youth and adults alike leaving the faith But how does one respond to these objections For the laity of the church this is especially difficult as many are left without the proper training to know how to answer these objections In The Layman s Manual on Christian Apologetics the essentials of apologetics are taken from the ivory towers of academia and are made available to those who have not obtained seminary training or for those thinking about attending seminary In this book three major areas of apologetics are covered The first unit engages the nature of truth and what can be known The second unit deals with the existence of God and issues involving God s existence The last unit tackles historical objections to the resurrection of Jesus and early Christianity The Layman s Manual on Christian Apologetics delivers heavy apologetic issues with the laity in mind and blends in personal illustrations to make the material applicable *Handbook of Fictitious Names* Ralph Thomas, 1868
