## **Handbook For Pharmacy Educators Getting Adjusted As A New Pharmacy Faculty Member:**

*Handbook for Pharmacy Educators* Shane Desselle, Dana P Hammer, 2002-08-22 What can senior pharmacy faculty do to help their junior colleagues succeed The Handbook for Pharmacy Educators Getting Adjusted as a New Pharmacy Faculty Member gives voice to junior pharmacy faculty members who present their personal accounts of their experiences on the job These six junior faculty representing the basic administrative and clinical sciences share their lessons learned give advice on what to do and what NOT to do as a new faculty member and relate the triumphs and challenges they met along the way For balance a senior faculty member with experience in both teaching and research environments shares his thoughts on what the other authors have to say From the editors Despite the existence of a couple of excellent references in this area there has not been any previous work that takes this approach that is of allowing junior faculty representing both teaching and research institutions to share memoirs of their own unique experiences We hope that this approach will ease the way for new faculty members and provide senior faculty deans and administrators who are long removed from new faculty status a better understanding of the hurdles that new faculty must clear today In gaining this understanding they may become even better advisors mentors and administrators The Handbook for Pharmacy Educators Getting Adjusted as a New Pharmacy Faculty Member will help new faculty address the questions that start with how like How can I be sure to start my teaching out on the right foot figure out which teaching strategies are most appropriate establish and develop good rapport with my students begin to establish mutually beneficial relationships with my colleagues socialize and make new friends in my new environment gain support for my research agenda learn what resources are available to me find out about performance appraisals and rewards handle or appreciate the extra pressures facing faculty who don't happen to be white males

**Promoting Civility in Pharmacy Education** Bruce A. Berger, 2003-09-24 Why can't we all just get along Incivility is a growing problem within all aspects of pharmaceutical education and indeed across the spectrum of higher education Promoting Civility in Pharmacy Education describes the issues involved and provides practical solutions With this book you'll learn which teaching characteristics lead to more or less incivility in the classroom how to make your expectations known in a nonconfrontational manner and how to respond to incivilities from students administrators and faculty Promoting Civility in Pharmacy Education examines ways to deal with incivility in large classroom settings with a discussion of honor codes and a sample syllabus small classroom small group settings including discussion of the role of the group in controlling and preventing incivilities and of the negative effect of incivility on group learning clinical settings with a focus on insubordination missed deadlines sloppy incomplete work and unprofessional conduct Some of the problems this book will help you address include passive incivilities such as inattention lateness asking for extensions on assignments and making excuses as well as mild disruptions such as cell phone conversations during class time overt or active incivilities including vulgar language insulting comments direct challenges to the teacher's authority and physical threats The book also explores

the incivilities brought on by prejudice and racism incivilities that occur between graduate students and their teachers the important relationship between professionalism and civility and issues that new faculty face as they adjust to new teaching positions Because it is packed with practical solutions to a large number of problems Promoting Civility in Pharmacy Education is a must have for anyone involved with pharmacy education Make it a part of your professional collection today

**The Millis Study Commission on Pharmacy** Dennis B. Worthen, 2006-02-17 A book for today's student of pharmacy as well as the pharmacy professional There were several surveys and conferences on pharmacy during the twentieth century but few had the impact of the Millis Study Commission on Pharmacy The Millis Study Commission on Pharmacy A Road Map to a Profession's Future is an insightful look at the report and its effects on today's pharmacy profession The book chronicles the educational surveys of the twentieth century reviews the study's impact on the profession and then presents Pharmacists for the Future the actual Millis Study Commission's 1975 report This source provides a multi perspective look at pharmacy its place in society and its direction for the future The Millis Commission is seen as the turning point for pharmacy as a profession calling for a shift in focus from being product centered to being patient centered One reason the study has remained so effectual was that the study commission's views came from a membership that included not only pharmacy professionals but also educators and other health professionals who provided a depth of knowledge beyond but still interconnected with pharmacy The Millis Study Commission on Pharmacy A Road Map to a Profession's Future reviews pharmacy's forces of change educational recommendations and credentialing issues past and present The book also traces the Minnesota Program and Kellogg Program direct applications of the study's suggestions Helpful tables and a thorough bibliography are included to provide full clarity of thought The Millis Study Commission on Pharmacy A Road Map to a Profession's Future discusses the history of pharmacy in the twentieth century differences between other studies and the Millis study the Health Manpower Act of 1968 evolving educational standards and recommendations changing roles of pharmacists pharmacist activities beyond distribution the future of pharmacy The Millis Study Commission on Pharmacy A Road Map to a Profession's Future is an essential resource for educators graduate students pharmaceutical professionals pharmacists health professionals and anyone interested in the history of pharmacy
