Handbook of Pragmatic Language Disorders Louise Cummings, 2021-09-22 This reference work is the first to examine pragmatic language disorders of clients in complex and underserved populations In chapters written by a range of experts the unique pragmatic language skills of clients are examined allowing for a broad overview The text gives focus to client groups with complex cognitive and psychiatric problems and children and adults that have been underserved by clinical language services because of maltreatment and social exclusion Pragmatic disorders are examined in children with sensory loss children who have been exposed to HIV and substance abuse and adults with Huntington's disease and other complex neurodegenerative pathologies This Handbook is an essential reference for researchers and clinicians in speech language pathology linguistics psychology and education **Child Development Mediated by Trauma** Boris Gindis, 2019-06-04 Drawing on clinical data obtained through the study of children adopted from overseas orphanages the author of this cutting edge text applies the Developmental Trauma Disorder DTD conceptual framework to the analysis of psychological educational and mental health impact of the early childhood trauma on development A massive scale of international adoption of children victims of profound neglect and deprivation combined with the fundamental change in a child's social situation of development after adoption offers a valuable opportunity to explore the concept of Developmental Trauma Disorder in particular developmental delays emotional vulnerability mixed maturity cumulative cognitive deficit and post

orphanage behavior patterns being presented by many adoptees long after the adoption By focusing on the neurological and psychological nature of childhood trauma Dr Gindis offers a unique approach to understanding the ongoing impacts of DTD and the ways in which any subsequent neuropsychological educational and mental health issues might be assessed Offering an evidence based exploration of DTD and a critique of conventional approaches to rehabilitation and remediation of international adoptees this book will be of great interest to researchers in the fields of psychology mental health education and child development as well as clinicians involved in trauma treatment and international adoption

Intercountry Adoption Karen Smith Rotabi, 2016-12-05 Intercountry adoption represents a significant component of international migration in recent years up to 45 000 children have crossed borders annually as part of the intercountry adoption boom Proponents have touted intercountry adoption as a natural intervention for promoting child welfare However in cases of fraud and economic incentives intercountry adoption has been denounced as child trafficking The debate on intercountry adoption has been framed in terms of three perspectives proponents who advocate intercountry adoption abolitionists who argue for its elimination and pragmatists who look for ways to improve both the conditions in sending countries and the procedures for intercountry transfer of children Social workers play critical roles in intercountry adoption they are often involved in family support services or child relinquishment in sending countries and in evaluating potential adoptive homes processing applications and providing support for adoptive families in receiving countries social workers are involved as brokers and policy makers with regard to the processes procedures and regulations that govern intercountry adoption Their voice is essential in shaping practical and ethical policies of the future Containing 25 chapters covering the following five areas policy and regulations sending country perspectives outcomes for intercountry adoptees debate between a proponent and an abolitionist and pragmatists guides for improving intercountry adoption practices this book will be essential reading for social work practitioners and academics involved with intercountry adoption

International Advances in Adoption Research for Practice Gretchen Miller Wrobel, Elsbeth Neil, 2009-01-12 This is a unique compilation of cross cultural and international attitudes towards adoption research and outcomes Whilst informal adoption of children has probably always existed across all human societies this work is timely in that interest in the role of legal adoption as both a child welfare solution and as a means of alternative family formation for adults wanting to become parents has never been higher This book is an edited collection of 13 papers based on invited keynote presentations or paper symposia presentations given at the Second International Conference on Adoption Research ICAR2 2006 It gives a unique Cross cultural look at adoption from worldwide multidisciplinary community of distinguished and emerging adoption researchers International appeal with different countries laws attitudes and outcomes fully explored

Far Away from the Tigers Jane Katch, 2011-04-15 Over the past three decades more than a quarter of a million children have become citizens of the United States through international adoption Kindergarten teacher Jane Katch recently found herself with three such children in her class Katya

born in Russia Jasper from Cambodia and Caleb from Romania Each child had spent early years in an orphanage and each had unique educational and emotional needs How Katch came to recognize and respond to those needs makes up the journey of discovery in this moving and insightful book Interspersing vignettes from the classroom and conversations with the children s parents Far Away from the Tigers first explores Katch s misunderstandings and mistakes as she struggles to help the children adjust to school As Katch learns more about each child s preadoption past she gradually realizes that they were deprived of some basic learning experiences and she needs to find ways to fill those gaps Before Caleb can learn to read or write he must improve his verbal skills by learning nursery rhymes stories and songs Katya who came from an overcrowded orphanage now needs to be the center of attention before learning how to form real friendships she first must gain control over more basic functions such as eating and sleeping And the youngest Jasper needs steady encouragement to play with classmates instead of sitting alone practicing his handwriting Slowly through trial and error and by drawing on the deep understanding and intense commitment of the children s parents Katch discovers the importance and joy of allowing each child time to develop in his or her own way Beautifully told wise and candid Far Away from the Tigers is a gift for parents teachers and anyone who cares for children growing up in a new home

Unregulated Custody Transfer of Adopted Children Marina Rakopyan,2023-09-07 Did you know that once a week an adopted child is advertised to be given away on Internet The book *Unregulated Custody Transfer of Adopted Children* is a thought provoking and an eye opening book that uncovers the gray zone of adoption The book talks about the often overlooked issue of the terrifying reality of national and international adoption Through legal analysis and accompanying story this book sheds light on the heart wrenching reality of children who have been rehomed It delves into the lives of adoptive families who find themselves overwhelmed and unable to care for their adopted children leading to a black market of custody transfer where vulnerable children are given away with one click and with just one piece of paper to strangers This book is a must read for as it highlights the urgent need for increased regulation and oversight to protect the well being of children in need of safe and loving homes Particular attention is given to the international adoption and the countries such as Russia and Ukraine The author has played close attention to the laws and regulations in the above mentioned countries by first hand translation and research in order to give a deeper insights into the heartbreaking reality of unregulated custody transfer of adopted children The book provides helpful insights for lawmakers legal practitioners scholars child care professionals international law scholars and students interested in human rights law adoption law and child protection

S. Mukherjee,Neil Aiton,2021-07-31 This book presents clinical assessment and management solutions for those people who are exposed to Alcohol in Pregnancy Over the last few decades we have begun to understand the enduring effects of prenatal alcohol exposure on the developing fetus The consequence of prenatal alcohol exposure Fetal Alcohol Spectrum Disorders is a lifelong disorder and affects children and adults It is a condition which is significantly under recognised for many reasons Assessment and diagnosis requires the input of multiple different professionals and referral pathways are often poorly developed or non existent Information to support and guide these professionals in practical ways what to do and how to help remains limited This book seeks to fill some of that gap by offering professionals clear and useable research based information and guidance that will help in their practice whilst also being a useful resource for anyone new to this increasingly recognised area of work The book is divided into four broad areas bringing together chapters authored by experts in their field including those with lived experiences Part one focuses on presenting an overview of the condition and approaching women about their alcohol use and risk followed by part two focusing more around diagnostic issues Part three follows with management advice and part four revolves around policy and health prevention in general Each chapter is designed to offer insight but also practical tips and support in an accessible manner The book offers an essential guide for a broad range of health and social care professionals working with this condition *Legitimizing Life* Sonja van Wichelen,2019 Sonja van Wichelen boldly describes how contemporary justifications of cross border adoption navigate between child welfare humanitarianism family making capitalism science and health Focusing on contemporary institutional practices of adoption in the United States and the Netherlands she traces how professionals bureaucrats lawyers politicians social workers and experts legitimate a practice that became progressively controversial **Modern Families** Joshua Gamson,2015-09-10 A personal intimate account of the extraordinary ways that

today's families are being created From adoption and assisted reproduction to gay and straight parents coupled and single and multi parent families the stories in *Modern Families* explain how individuals make unconventional families by accessing a broad range of technological medical and legal choices that expand our definitions of parenting and kinship Joshua Gamson introduces us to a child with two mothers made with one mother's egg and the sperm of a man none of them has ever met another born in Ethiopia delivered by his natural grandmother to an orphanage after both his parents died in close succession and then to the arms of his mother who is raising him solo These tales are deeply personal and political The process of forming these families involved jumping tremendous hurdles social conventions legal and medical institutions with heightened intention and inventiveness within and across multiple inequities and privileges Yet each of these families however they came to be shares the same universal joys that all families share A companion for all those who choose to navigate the world of modern kinship *Modern Families* provides a fascinating look at the remarkable range of experiences that is broadening the very idea of family Booklist
