## **Handbook Of British Regiments:**

The Handbook of British Regiments (Routledge Revivals) Christopher Chant, 2013-10-18 Since the creation of the standing army in 1661 when each regiment was known by the name of its current colonel there have been many reforms and rationalizations of the British army From 31 cavalry regiments and 113 infantry regiments in 1881 at the time of this title's first publication in 1988 the army had reduced to just 16 regiments of armour and 39 regiments of infantry through processes of absorption and amalgamation The Handbook of British Regiments provides insight into the lineage and history of the approximately 85 regiments and corps which formed the British army towards the end of the 1980s Comprehensive in coverage each has a separate entry giving factual details in a layout standardized for easy comparison including current title colonel in chief uniform and history amongst others A key title amongst Routledge reference reissues this handbook provides an accessible guide to specialists as well as lay enthusiasts and illustrates a sense of the continuity and inherited tradition of each regiment and corps

The Battle Honours of the Second World War 1939-1945 and Korea 1950-1953 Compiled from official records, Terry Cave, 2012-03-29 In February 1925 the War Office published an Army Order listing the battle honours awarded for the Great War and although this was announced as the final list there were subsequent revisions and minor amendments No such list was published after WWII but an unofficial Record was published in 1958 by the War Office with a limited distribution which included the Korean War battle honours and this is

that list with 651 actions This Record covers only British including British Gurkha Regiments and Colonial Regiments In most cases there is a brief summary of the operations with an indication of the troops involved and these include Commonwealth troops though the question of their Battle Honours is one for the Commonwealth Government concerned and the Sovereign There were a good many errors in the list typographical grammatical misspelling of place names dates and order of battle In some cases there was confusion between those battle honours which were selected to be carried on the Colours and those which were simply awarded Strange new regiments appeared Highlanders Light Infantry a persistent favourite King s Own Yeomanry Light Infantry the K A R R R C London Irish Fusiliers London Irish Buffs Queen s Own Nigeria Regiment an unauthorised Queen s Own and the Royal West King Regiment to name some of them Place names also caused some trouble and in some of the brief descriptions of the engagements or actions there were order of battle mistakes such as the confusion between the 12th Frontier Force Regiment and 13th Frontier Force Rifles two different regiments of the old Indian Army The index contained scores of place names that had nothing to do with anything this has been pruned drastically so that it contains only those places for which a battle honour was awarded Every effort has been made to eliminate errors and present a corrected version and a number of sources was used the most important of which was H C B Cook s The Battle Honours of the British and Indian Armies 1662 1982 a magnificent piece of work Other valuable works included Orders of Battle Second World War 1939 1945 H F Joslen Commonwealth Divisions 1939 1945 Malcolm A Bellis A Register of the Regiments and Corps of the British Army Arthur Swinson Regiments and Corps of the British Army Ian S Hallows and Handbook of British Regiments Christopher Chant **Technical Manual** ,1943 A Manual of British & Irish History Thomas Flanagan,1847
