Mysteries Cedar Sigo, 2021-06-02. *Guard the Mysteries* is a compendium of five talks that the poet Cedar Sigo presented for the Bagley Wright Lecture series. Retracing the ways in which he first encountered the realm of poetry, Sigo plumbs the particulars of modern critique, identity politics, early influences, and poetic form to produce a singular autobiography of voice. Across these lectures, Sigo explores his childhood on the Suquamish Reservation while paying homage to revolutionary artists, teachers, and thinkers whom he has shaped his poetic aesthetic. Simultaneously timeless and extremely timely, these talks ponder the presences that California Buddhism, LGBTQ experiences, and Native Nations occupy in the poetic world and the world at large. **Astrophysical Aspects Of The Most Energetic Cosmic Rays - Proceedings Of The Icr**

Legitimizing the Artist Luca Somigli, 2003-12-15. In the late nineteenth and early twentieth centuries, the production of literary and cultural manifestoes enjoyed a veritable boom and accompanied the rise of many avant-garde movements. *Legitimizing the Artist* considers this phenomenon as a response to a more general crisis of legitimation that artists had been struggling with for decades. The crucial question for artists confronted by the conservative values of the dominant bourgeoisie and the economic logic of triumphant capitalism was how to justify their work in terms that did not reduce art to a mere commodity. In this work, Luca Somigli discusses several European artistic movements: decadentism, Italian futurism, vorticism, and imagism, and argues for the centrality of the works of F. T. Marinetti in the transition from a fin

de si cle decadent poetics exemplified by the manifestoes of Anatole Baju to a properly avant garde project aiming at a complete renewal of the process of literary communication and the abolition of the difference between producer and consumer It is to this challenge that the English avant garde artists and Ezra Pound in particular responded with their more polemical pieces Somigli suggests that this debate allows us to rethink the relationship between modernism and post modernism as complementary ways of engaging the loss of an organic relationship between the artist and his social environment **Proceedings of the Royal Society of Edinburgh** Royal Society of Edinburgh, 1888 List of fellows for 1908 in v 25
