US Marine Corps Handbook 1941-45 Lieutenant Colonel George Forty OBE, 2006-09-21 Employing a range of archive black and white photographs this book examines the US Marine Corps organisation and command structure strategy tactics and amphibious assault doctrine Providing biographies of its most influential figures it also surveys insignia uniforms and equipment to provide a portrait of the US Marine Corps at war **Churchill's Eagles** Richard Mead, 2024-06-30 An in depth overview of the role of the Royal Air Force's leaders during World War II The RAF did not come of age until the Second World War The role of its forerunners in the Great War the Royal Flying Corps and the Royal Naval Air Service although important was peripheral to that of the ground forces The founding father of the RAF Lord Trenchard was determined that it should become a fully fledged third service equal in status to the Royal Navy and British Army and this he succeeded in doing between the wars firstly by setting up the RAF College at Cranwell and Staff College at Andover and secondly by providing a cost effective policeman of the more rebellious parts of the British Empire By 1939 the RAF had grown substantially but of the three best aircraft of the coming War only the Supermarine Spitfire was in service as neither the Avro Lancaster nor the De Havilland Mosquito would be available until early 1942 Aircraft however were not enough It was the leaders of the RAF the subjects of this book who would take the battle to the enemy and who after six long years would prevail **Ultimate Allied Fighters of the Second World War** Justo Miranda, 2024-01-07 During the five years of the Second World War the power of engines and speed of aircraft increased as much as it did during twenty years of peacetime Conventional aircraft and engines reached the limits marked in the original design and surpassed them very fast The basis for this huge achievement was exotic fuels short lived artificially overpowered engines propellers with four five and even six blades and thinner wings with special sections of laminar flow Then the faster Allied fighters began to be attacked by a demon that lived in the air scientists called it compressibility buffeting and different type of aircraft suffered it at different speeds and manifested itself in different ways The American and British designers never understood the true causes behind the

aerodynamic phenomenon They were forced to adopt brute force solutions by increasing engine power on the turbojet powered fighters leaving in the background the research on the last projects of fighters driven by monster piston engines The purpose of this book is to present them to the public for its notable interest Routledge Library Editions: World War II in Asia Timothy Hall, John J. Sbrega, 2021-03-11 The 4 volumes in this set originally published between 1980 and 1983 bring to light and focus on the conflict between Japan and Australia and Japan and the USA Timothy Hall's volumes richly illustrated with black white photographs used highly contentious documents as their sources and give fascinating insights into a period of Australian history which is sometimes less than glorious John J Sbrega's tour de force is not only one of the most extensive annotated bibliographies on the USA and Japan in World War 2 ever published but it also provides invaluable information on lesser known but no less important aspects of the conflict The War Against Japan, 1941-1945 John J. Sbrega, 2015-06-12 With over 5 200 entries this volume remains one of the most extensive annotated bibliographies on the USA's fight against Japan in the Second World War Including books articles and declassified documents up to the end of 1987 the book is organized into six categories Part 1 presents reference works including encyclopedias pictorial accounts military histories East Asian histories historiographies Part 2 covers diplomatic political aspects of the war against Japan Part 3 contains sources on the economic and legal aspects of the war against Japan Part 4 presents sources on the military aspects of the war embracing land air and sea forces Religious aspects of the war are covered in Part 5 and Part 6 deals with the social and cultural aspects including substantial sections on the treatment of Japanese minorities in the USA Hawaii Canada and Peru

Dambuster-in-Chief Richard Mead, 2020-12-30 A fascinating biography of one of the most important figures in Bomber Command during the Second World War History of War Ralph Cochrane was born in 1895 into a distinguished naval family After joining the Royal Navy he volunteered in 1915 to serve with the RNAS in airships and was an early winner of the Air Force Cross In 1918 he transferred to the fledgling RAF and learned to fly serving in Iraq as a flight commander under Bomber Harris His inter war career saw him as a squadron commander in Aden before he became the first Chief of Air Staff of the Royal New Zealand Air Force During the Second World War he served mainly in Bomber Command and commanded 5 Group from early 1943 He formed 617 Squadron and was instrumental in planning the legendary Dambuster Raid the most spectacular of the War as well as the sinking of the battleship Tirpitz An inspirational leader he trained 5 Group in low level target marking skills Post war Cochrane held a string of senior appointments commanding Transport Command Flying Training Command and finally as Vice Chief of Air Staff retiring in 1952 He died in 1977 A brilliantly researched biography of a fascinating fighter adds a new name to rank alongside Great Britain's most heroic warriors Argunners The Dambusters is one of my absolute favourite stories from WWII and this bio of Cochrane tells the story of an extraordinary man Brilliant Books Monthly **SeaLion Supremacy** Philip Warnes, 2017-06-01 SeaLion Supremacy is World War 2 tabletop naval wargaming delivered in a format to use for both experienced wargamers but also those new to the naval wargaming scene
