V. Sreenivasa Murthy, 1990      *Jaina Culture in Medieval Karnataka* Julia A.B. Hegewald, 2025-04-21 Why did the Jainas in Karnataka plunge from a

position of supremacy into one of severe dependency After a steep and steady rise throughout the region from about the fifth century CE Jaina influence waned dramatically from the late eleventh or early twelfth centuries onwards In this publication specialists in Indian history religious studies and anthropology as well as historians of art and architecture discuss various expressions of this sudden and detrimental decline and explore the reasons for it focusing in particular on the relations of the Jainas with V ra aivas and Muslims The evidence provided by the five international scholars who offer insights from different disciplinal backgrounds indicates that the reasons for the Jainas loss of authority in the region were manifold Certain internal triggers such as changes in Jaina social structure and religious practices adversely affected their position over time In particular however the withdrawal of royal patronage the success of the V ra aivas as traders and the emergence in the area at this time of a number of competing religious groups caused the Jainas to slip into a position of strong asymmetrical dependency **Report** India. Sengupta,2023-10-30 Political Hinduism was once considered a sort of fringe ideology shadowy and even misunderstood Its ideas and narratives seemed in popular discourse to lack analytical rigour and were easily dismissed But history shows that political Hinduism as an intellectual idea was a pioneering theme in India s nationhood In fact it precedes the Indian republic and has been one of the most resilient political theories of India which survived many bans boycotts and decades out of power to become in the twenty first century the predominant political force of India The adherents of political Hinduism are as determined as its detractors one complains about facing relentless prejudice the other throws accusations of promoting continuous religious strife One believes that India cannot be saved without decimating political Hinduism the other is sanguine that only political Hinduism can save the future of India Soul and Sword traces the journey of political Hinduism from events that are critical to its self narration that is early Indian resistance to invasions to intellectual definitions by nineteenth century litterateurs and more contemporary electoral politics It tries to understand the context and historical sources used to construct and promote political Hinduism s world view From award winning writer Hindol Sengupta Soul and Sword is absolutely critical reading to understand India s present and future      *Creating Heritage for Tourism* Catherine

Palmer, Jacqueline Tivers, 2018-07-27 What does heritage mean in the twenty first century Traditional ideas of heritage involve places where objects landscapes people and ideas are venerated and reproduced over time as an inheritance for future generations To speak of heritage is to speak of a relationship between the past the present and the future However it is a past recreated for economic gain hence sectors such as culinary tourism ecotourism cultural tourism and film tourism have employed the heritage label to attract visitors This interdisciplinary book furthers understanding on how heritage is socially constructed interpreted and experienced within different geographic and cultural contexts in both Western and non Western settings Subjects discussed include Welsh linguistic heritage tango mushroom tourism Turkish coffee literary tourism and the techniques employed to construct tourist accommodation By focusing upon heritage creation in the context of tourism the book moves beyond traditional debates about authentic heritage to focus on how something becomes heritage for use in the present This timely volume will be of interest to students and researchers in tourism heritage studies geography museum studies and cultural studies      Temples of South India V.
