The Turn to Gruesomeness in American Horror Films, 1931-1936 Jon Towlson, 2016-09-12 Critics have traditionally characterized classic horror by its use of shadow and suggestion Yet the graphic nature of early 1930s films only came to light in the home video DVD era Along with gangster movies and sex pictures horror films drew audiences during the Great Depression with sensational content Exploiting a loophole in the Hays Code which made no provision for on screen gruesomeness studios produced remarkably explicit films that were recut when the Code was more rigidly enforced from 1934 This led to a modern misperception that classic horror was intended to be safe and reassuring to audiences The author examines the 1931 to 1936 happy ending horror in relation to industry practices and censorship Early works like *Murders in the Rue Morgue* 1932 and *The Raven* 1935 may be more akin to *The Texas Chain Saw Massacre* 1974 and *Hostel* 2005 than many critics believe

Peter Capuano,2015-06 A new imagining of human hands as physical objects and literal representations in Victorian fiction

The Transmedia Vampire Simon Bacon,2022-02-18 This book explores vampire narratives that have been expressed across multiple media and new technologies Stories and characters such as Dracula Carmilla and even Draculaura from Monster High have been made more real through their depictions in narratives produced in and across different platforms This also allows the consumer to engage on multiple levels with the vampire world blurring the boundaries between real and imaginary realms and allowing for different kinds of identity to be created while questioning terms such as author reader player and consumer These essays investigate the consequences of such immersion and why the undead world of the transmedia vampire is so well suited to life in the 21st century **The Living and the Undead** Gregory A.

Waller,2010-10-01 With a legacy stretching back into legend and folklore the vampire in all its guises haunts the film and fiction of the twentieth century and remains the most enduring of all the monstrous threats that roam the landscapes of horror In *The Living and the Undead* Gregory A Waller shows why this creature continues to fascinate us and why every generation reshapes the story of the violent confrontation between the living and the undead to fit new times Examining a broad range of novels stories plays films and made for television movies Waller focuses upon a series of interrelated texts Bram Stoker's *Dracula* 1897 several film adaptations of Stoker's novel F W Murnau's *Nosferatu A Symphony of Horror* 1922 Richard Matheson's *I Am Legend* 1954 Stephen King's *Salem's Lot* 1975 Werner Herzog's *Nosferatu the Vampyre* 1979 and George Romero's *Night of the Living Dead* 1968 and *Dawn of the Dead* 1979 All of these works Waller argues speak to our understanding and fear of evil and chaos of desire and egotism of slavish dependence and masterful control This paperback edition of *The Living and the Undead* features a new preface in which Waller positions his analysis in relation to the explosion of vampire and zombie films fiction and criticism in the past twenty five years **Touch, Sexuality, and Hands**

in British Literature, 1740-1901 Kimberly Cox,2021-09-05 From Robert Lovelace's uninvited hand grasps in Samuel Richardson's *Clarissa* to Basil Hallward's first encounter with Dorian Gray literary depictions of touching hands in British literature from the 1740s to the 1890s communicate emotional dimensions of sexual experience that reflect shifting cultural norms associated with gender roles sexuality and sexual expression But what is the relationship between hands tactility and sexuality in Victorian literature And how do we best interpret what those touches communicate between characters This volume addresses these questions by asserting a connection between the prevalence of violent sexually charged touches in eighteenth century novels such as those by Eliza Haywood Samuel Richardson and Frances Burney and growing public concern over handshake etiquette in the nineteenth century evident in works by Jane Austen the Brontës George Eliot Elizabeth Gaskell Thomas Hardy Oscar Wilde and Flora Annie Steel This book takes an interdisciplinary approach that combines literary analysis with close analyses of paintings musical compositions and nonfictional texts such as etiquette books and scientific treatises to make a case for the significance of tactility to eighteenth and nineteenth century perceptions

of selfhood and sexuality In doing so it draws attention to the communicative nature of skin to skin contact as represented in literature and traces a trajectory of meaning from the forceful grips that violate female characters in eighteenth century novels to the consensual embraces common in Victorian and neo Victorian literature Peggy Webling and the Story behind Frankenstein Peggy Webling, Dorian Gieseler Greenbaum, Bruce Graver, 2024-03-21 The 1931 Universal Pictures film adaptation of Frankenstein directed by James Whale and starring Boris Karloff as the now iconic Monster claims in its credits to be Adapted from the play by Peggy Webling Webling's play sought to humanize the creature was the first stage adaptation to position Frankenstein and his creation as doppelgangers and offered a feminist perspective on scientific efforts to create life without women ideas that suffuse today's perceptions of Frankenstein's monster The original play script exists in several different versions only two of which have ever been consulted by scholars no version has ever been published Nor have scholars had access to Webling's private papers and correspondence preserved in a family archive so that the evolution of Frankenstein from book to stage to screen has never been fully charted In Peggy Webling and the Story behind Frankenstein Dorian Gieseler Greenbaum Webling's great grandniece and Bruce Graver present the full texts of Webling's unpublished play for the first time A vital critical edition this book includes the 1927 British Library Frankenstein script used for the first production of the play in Preston Lancashire the 1928 Frankenstein script in the Library of Congress used for productions in UK provincial theatres from autumn 1928 till 1930 the 1930 Frankenstein Prompt Script for the London production and later provincial performances held by the Westminster Archive London Webling's private correspondence including negotiations with theatre managers and Universal Pictures family letters about the writing and production process and selected contracts Text of the chapter Frankenstein from Webling's unpublished literary memoir *The Story of a Pen* for additional context Biography of Webling that bears directly on the sensibilities and skills she brought to the writing of her play History of how the play came to be written and produced The relationship of Webling's play to earlier stage and film adaptations An exploration of playwright and screenwriter John L Balderston's changes to Webling's play and Whale's borrowings from it in the 1931 film Offering a new perspective on the genesis of the Frankenstein movie this critical exploration makes available a unique and necessary missing link in the novel's otherwise well documented transmedia cultural history
