began to describe it as a classic This third edition has been radically recast Over half the entries are new or have been entirely rewritten and most of the balance have been substantially revised Written by an international team of contributors the Encyclopedia offers a global perspective on key issues within the social sciences Some 500 entries cover a variety of enduring and newly vital areas of study and research methods Experts review theoretical debates from neo evolutionism and rational choice theory to poststructuralism and address the great questions that cut across the social sciences What is the influence of genes on behaviour What is the nature of consciousness and cognition What are the causes of poverty and wealth What are the roots of conflict wars revolutions and genocidal violence This authoritative reference work is aimed at anyone with a serious interest in contemporary academic thinking about the individual in society Social Integration in the Second Half of Life Karl Pillemer, 2000-11-24 Social scientists use the term social integration to refer to individuals connections with others in their environments The concept and its consequences have been the subject of considerable study Many researchers have asserted that meaningful and enduring ties to other persons serve as a buffer against stress and thereby promote physical and mental health The results are especially pronounced for older persons Social Integration in the Second Half of Life presents integrative reviews of theory and research on this topic The editors and contributors all currently or previously affiliated with the Cornell Gerontology Research Institute also present new empirical findings of research done at their center The first section of the book discusses basic theory and principles of social integration in later life and its implications for health The second largest section examines specific issues retirement driving family support housing neighbors The third section addresses interventions to promote social integration transportation volunteering and peer support for dementia caregivers Throughout the authors focus on the diverging influences of social integration and its converse social isolation in later life Nursing for Wellness in Older Adults Carol A. Miller, 2009 Now in its Fifth Edition this text provides a comprehensive and wellness oriented approach to the theory and practice of gerontologic nursing Organized around the author's unique functional consequences theory of gerontologic nursing the book explores normal age related changes and risk factors that often interfere with optimal health and functioning to effectively identify and teach health promotion interventions The author provides research based background information and a variety of practical assessment and intervention strategies for use in every clinical setting Highlights of this edition include expanded coverage of evidence based practice more first person stories new chapters and clinical tools such as assessment tools recommended by the Hartford Institute of Geriatric Nursing Families Susan K. Pfeifer, Marvin B. Sussman, 1991 Devoted to the synthesis and review of theoretical and conceptual approaches associated with familial and non familial connections across the life span this outstanding book provides a rare opportunity for the scholarly comparison of the various perspectives in the broader spectrum of family relations This timely book will be an invaluable aid to educators students and researchers concerned about families and familial and non familial relationships Counselors and therapists will value this enlightening

book with its diverse theoretical and conceptual perspectives on kinship intergenerational solidarity and relations social supports and cross national perspectives on family connections The Well-Being of the Elderly in Asia Albert Isaac Hermalin, 2010-09-22 In the broadest sense The Well Being of the Elderly in Asia is a study of social change and of anticipating future social change It examines the effects on the current and future elderly of the rapid demographic transition that has occurred over much of Asia accompanied in many countries by equally dramatic social and economic transformations Policymakers in Asia have been aware of these trends and their potentially deleterious consequences for a decade or more and have sought to fashion appropriate policies and programs that anticipate and mitigate their effects Accordingly any study of the sociodemographic trends and their impact must be examined in the light of policies put in place and under development Health, Illness, and Optimal Aging, Third Edition Carolyn Aldwin, Carolyn M. Aldwin, Heidi Igarashi, Diane Gilmer, Michael R. Levenson, 2017-10-28 Health Illness and Optimal Aging Biological and Psychosocial Perspectives Third Edition shows the continuity and advancements in our understanding of human life span development It offers a solid foundation for exploring the art and science of successful aging Robert M Kaplan Stanford University Chronically Limited Elderly Howard A.
