subjects or to other relevant writings and by indicating when the writer himself has dealt with the subject at greater length. The order of the chapters has been determined with the view of exhibiting as far as possible a continuous argument. In accordance with his idea of the task of Apologetics as commendation rather than defence, less attention has been given to meeting objections than to presenting the attractiveness of the Christian Gospel. The writer has not hesitated in stating conclusions reached by himself after much study and thought in the hope that they will be as helpful to others as to himself. No attempt has been or could be made to indicate in every instance the source of arguments and suggestions offered, as for the writer many have become part of his own mental stock. He gladly acknowledges a far greater debt to other writers than his express references can indicate. The bibliography too makes no pretense to be exhaustive. It is confined to the books known to the writer which he has found helpful and which from personal knowledge he can commend to others. A Handbook of Christian Apologetics Alfred Ernest Garvie, 1923 **The Layman's Manual on Christian Apologetics** Brian G. Chilton, 2019-11-14

Modern Christians have been bombarded by objections launched against the Christian faith from popular secular authors, bloggers, and stars from the entertainment industry. The church is quickly beginning to acknowledge the need for apologetics due to the number of youth and adults alike leaving the faith. But how does one respond to these objections? For the laity of the church, this is especially difficult as many are left without the proper training to know how to answer these objections. In *The Layman's Manual on Christian Apologetics*, the essentials of apologetics are taken from the ivory towers of academia and are made available to those who have not obtained seminary training or for those thinking about attending seminary. In this book, three major areas of apologetics are covered. The first unit engages the nature of truth and what can be known. The second unit deals with the existence of God and issues involving God's existence. The last unit tackles historical objections to the resurrection of Jesus and early Christianity. *The Layman's Manual on Christian Apologetics* delivers heavy apologetic issues with the laity in mind and blends in personal illustrations to make the material applicable.

Challenge and Response, a Handbook of Christian Apologetics Frederic R. Howe, 1982 *A Handbook of Christian Apologetics* Alfred Ernest Garvie, 1913 **Handbook of Catholic Apologetics** Peter Kreeft, Ronald Tacelli, 2009

Also included is a Protestant-friendly treatment of Catholic-Protestant issues. The Catholic answers to

Protestant questions show how Catholicism is the fullness of the Christian faith Handbook of Catholic Apologetics is full of the wisdom and wit clarity and insight of philosophers Peter Kreeft and Ronald Tacelli This is an informative and valuable guidebook for anyone looking for answers to questions of faith and reason Whether you are asking the questions yourself or want to respond to others who are here is the resource you have been waiting for Topics include faith and reason the existence of God God s nature creation and evolution providence and free will miracles problem of evil Bible s historical reliability divinity of Christ Christ s resurrection life after death salvation the Eucharist Catholic hierarchy and more
