soldiers dedicated to battling the legions of the devil himself Powering this army of young misfits is an ancient machine from the darkest parts of history Known as the devil s engine it can make any wish come true as long as you are willing to put your life on the line Promised powers beyond belief and facing monstrous apparitions straight out of the netherworld Marlow must decide if he s going to submit to a demonic deal with the infernal machine that will enable him to join the crusade if it doesn t kill him first From the author of the Escape from Furnace series here is the opening salvo in an explosive new horror trilogy about an ordinary American kid caught up in an invisible war against the very worst enemy imaginable *The Isolation Booth* Hugh Hood,1991 The Isolation Booth is the third volume in Hugh Hood s Collected Stories it contains short fiction written between 1957 and 1966 While all of the stories have been previously published in various magazines this is the first time they are available in book form The title story was first published in The Tamarack Review in 1958 the paid to Hood for that story represents the first income he ever made from his writing Since then Hugh Hood has become one of Canada s most prolific short story writers and novelists William French The Globe they may have powerful friends These stories reflect the variety of Hood s experiments with the form as well as his continuing concern with the human condition which prompted William Blackburn to comment Hood s thirty year career demonstrates his profound and compassionate sensitivity to our human predicament Canadian Book Review Annual As Hood writes in the introduction to The Isolation Booth Surely the society that invents a space called the isolation booth isn t far removed from the subliminal motivations of the torturers in prisons and camps of one kind or another I ve always shuddered remembering the phrase yet it was in common use among millions of weekly viewers of big money TV quiz programmes like The 64 000 Question These concerns are unfortunately as meaningful now as when The Isolation Booth was written in 1958 **The Devil's Engine: Hellwalkers** Alexander Gordon Smith,2017-11-07 From the author of Fury The Devil s Engine Hellwalkers concludes an explosive trilogy about the secret battle for control of an all powerful ancient machine which can grant you anything you wish for in exchange for your soul In the third and final book of Alexander Gordon Smith s Devil s Engine series Marlow and Pan are in hell Literally in hell Faced with the awful truth of being trapped in the underworld for an eternity of Pan being trapped Marlow makes a final deal with the Devil a deal to go home But he should have known there is no real escape from a fight with the ultimate enemy And when all hell breaks loose it will be a war to end all wars with demonic creatures spilling into the streets monsters emerging from the shadows Only the Hellraisers stand in their way and they re not sure this is a battle they can win They have no powers they have no weapons But they have each other and they have hope and they know how to kick ass *The Little Engine That Could: Delivery Day* Matt Mitter,2021-12-28 Join The Little Engine That Could on her Delivery Day Follow along in this rhyming story and open each package to discover a surprise inside Includes 6 envelopes to deliver letters puzzles a recipe and more All aboard for a brand new Little Engine story Little Engine agreed to deliver the mail when the Postman went off on vacation Now readers can come along for the ride as she travels from friend to friend delivering mail With delightful
