Good Vibes Cara Malone, 2025-09-02 An eccentric adult shop owner An anxious game collector And a love story about finding joy where you least expect it Libby's life is anything but conventional from her offbeat fashion sense to the adult toy shop she runs with irreverent charm But when her business partner retires the safety net vanishes and Libby suddenly has to face the terrifying possibility that good vibes alone won't keep her store afloat Theo prefers her world small orderly and controlled She collects old school card games avoids surprises like the plague and rarely ventures outside her apartment But when her sister gets engaged Theo's dragged into Libby's chaotic shop in search of bachelorette party supplies The encounter is awkward And electric Despite their wildly different approaches to life Libby and Theo strike up an unexpected connection As they team up to save the shop sparks fly and not the battery operated kind But building something together means facing fears breaking old patterns and learning to play without knowing every rule Good Vibes is a quirky heartfelt sapphic rom com about anxiety attraction and embracing life's messiest most joyful surprises

Good Vibes with Dr. S Randolph D Sconiers,2020-07-09 Good

Vibes is a collection of positive energies in written form Originating from the Good Vibes with Dr S blog I wanted to provide a space where you can have all the energy and good vibrations under one positive roof so to speak Every entry provides an opportunity to experience a positive spark of thought perspective and reflection There is power within us all to experience good energy We must increase our capacity to receive that energy by broadening our horizons releasing what no longer serves us and lastly allowing what strengths us to flow continuously Good Vibes does not mean that we will never encounter Bad Vibes it just means that we can shift our mood and create the vibes we desire There is power in our ability to choose and we must decide that there is always an opportunity to grow from whatever we have experienced The positive times teach us gratitude and appreciation The tough times teach us patience resilience and allow for recognition of our own strengths We often do not realize where our behaviors originate There is an opportunity to explore deeper by reading this book and doing some self reflecting in the process I want this book to provoke enlightenment which is different from your standard self improvement books which provide for you The Blueprint for Success or information on How to Change Your Life in 10 days This book is centered on discovery and exploration of self As you read the Good Vibes entries I want you to ask questions of yourself This book does not require you to know all the answers What I am requesting of you is that you promise yourself that you will continue to explore various parts of your existence The journey does not require us to be hyper focused on the destination but to realize that there are mini destinations within our travels to appreciate and enjoy Those are the Good Vibes Those are the moments of happiness reflection and growth that I hope this book provides for you So let us take this trip Good Vibes with Dr S Dr Sconiers **Good Vibes Only** Simple Planners Journals,2018-11-04 Wonderful Under 10 Gift or For

Unlimited Benny Tate,2023 Why limit the only power that s capable of doing far and above all that we could ever think or imagine After reading this book you will have the tools you need to navigate life with the Holy Spirit in the way that God always intended for you to have In 2016 when Benny Tate decided to preach a sermon series on the Holy Spirit He believed the Holy Spirit would come and bring great change But He didn t expect Him to change everything in his life as well and in the lives of his church staff and congregation In Unlimited Tate helps readers discover a deeper understanding of the Holy Spirit and realize His importance in their daily lives Focusing on our need of the Holy Spirit as well as His presence power and role in equipping us to fulfill our purpose this book will help readers grow and better relate to the third person of the Trinity Providing real life practical applications and examples Tate shows readers that when they allow the Holy Spirit to fill and direct their lives everything will change relationships will be healed self esteem will be lifted purpose will be revealed direction will become clear hope will overflow peace will reign in their hearts and God s goodness and faithfulness in their lives will be undeniable Being filled daily by the Holy Spirit is the only satisfying source in life The hardships and disappointments will drain us but the Holy Spirit s power is available to us every day because His power and presence are unlimited

THE EVOLUTION OF PSYCHOLOGY Dr. Ankit Kumar,2025-10-01 Forget everything you think you know about psychology This is not a polite history lesson This is the naked ruthless truth about how humanity lied guessed manipulated

and occasionally discovered fragments of reality in its desperate attempt to understand the mind For most of history psychology wasn't science it was myth Shamans blamed demons for madness Priests declared seizures a punishment from God Witches were burned for what we now call trauma This wasn't healing It was ignorance dressed as authority Then came philosophy the first cosmetic surgery for human confusion Plato spoke of souls Aristotle wrote about logic Eastern sages spoke of manas and suffering But speculation is not science These weren't experiments They were stories Elegant poetic inspiring but mostly wrong And modern psychology Don't worship it either Freud sexualized everything Jung mystified everything Skinner reduced humans to rats in boxes Cognitive psychologists declared the brain a computer Neuroscientists reduced joy to dopamine despair to serotonin Every generation of psychology has built myths first truths later And each myth shaped culture politics relationships and power This book rips apart that entire timeline Inside you'll see The Age of Illusions how shamans priests and witch doctors became the first psychologists Philosophers as Healers when Plato Aristotle Buddha and others turned speculation into doctrine Freud's Obsessions how one man sexualized the mind and shocked morality Jung and the Shadow mystical archetypes suppressed desires and collective myths Behaviourism how Pavlov Skinner and Watson reduced humans to machines of reward and punishment The Cognitive Revolution psychology borrows from computers and finally admits humans are irrational The Neuroscience Takeover fMRI scans neurotransmitters and how sadness became a chemical imbalance Positive Psychology the rise of happiness science and the cult of good vibes only Dark Psychology psychopathy cults dictators and the manipulation industry The Digital Age when algorithms became the new psychologists hijacking your brain daily The Future AI neurohacking and why psychology fears irrelevance But this book doesn't stop with history It also exposes the dirty hands of psychology Nazi eugenics and concentration camp experiments CIA's MKUltra mind control horrors Cambridge Analytica's manipulation of elections Psychology has healed millions yes But it has also enslaved billions If you want a comforting fairy tale about noble scientists discovering eternal truths close this book now If you want the raw uncomfortable reality that psychology is as much about power control and manipulation as it is about healing keep reading Because psychology is not evolution It is survival And until you see how deeply it has been used to program you you are still its prisoner
