Goodbye Chicago:

Coming Home Paul A. Contos, 2014-01-30 A real life experience and a sobering surprise for a WWII veteran returning to the United States after having served in Europe for about 18 months Having been notified that it was his turn to be released from service he was sure that he was going to the home he left two years earlier Upon returning he was faced with the reality that the home was not his and there was no room for him Although not stated the message was Sorry Buster you dont live here anymore What happened It is generally assumed that one has a home a physical shelter where you hang your hat or where you are a member of a household with either the given rights of residency or other qualifying reason s Without the legitimacy of an assumed status in a home does any metaphor describing a destination or objective such as coming home make it a rite of passage Despite the object lesson the veteran courageously dealt with it and moved on achieving a better life than was anticipated or foreseen in his childhood home Could this story be a message lesson or guidance for parents or is it a sobering reality of rights Despite an upsetting experience a last minute compromise and the veterans tenacity allowed him a temporary residence that gave him an opportunity to adjust to the changed landscape Margaret Haley's Bulletin ,1929

School-University-Community Research in a (Post) COVID-19 World R. Martin Reardon,Jack Leonard,2023-07-01 The American Psychological Association 2020 reported that some 81% of teenage children 13 to 17 years of age were negatively impacted in a range of ways due to school closures in connection with COVID 19 including 47% who indicated that they didn't learn as much as they did in previous years para 21 That perhaps many more than 47% of teenage children in the United States did not learn as much as they did in previous years was documented in the most recent National Assessment of Educational Progress NAEP report which found that the national average score declines in mathematics for fourth and eighth graders were the largest ever recorded in that subject Wilburn Elias 2022 para 1 The National Center for Educational Statistics Commissioner commented somewhat hyperbolically that the results showed that every student was vulnerable to the pandemic's disruptions Wilburn Elias 2022 para 5 and called for a single minded emphasis on ways to assist students to recover from their trauma and accelerate their learning Wilburn and Elias 2022 joined those who have pointed out that the learning declines associated with COVID 19 did not occur equitably The likelihood of a single minded policy response to change the system and address the achievement gaps exposed by the range of responses to COVID 19 seems small On the

one hand doubting the sustainability of innovative responses education historian Larry Cuban referenced the dominant stability of schooling which if anything produces this huge public and professional need to resume schooling as it was Young 2022 para 18 On the other hand diverse political agendas will diffuse concerted efforts Grossman et al 2021 discussed a pertinent example from Michigan where public health data partisanship and collective bargaining p 637 each played a role in determining school reopening decisions On this same issue of school reopening there is credible evidence from Massachusetts that the much maligned and politically explosive masking policies implemented in some schools may have saved lives Cowger et al 2022 Roy 2020 asserted that historically pandemics have forced humans to break with the past and imagine their world anew This one is no different It is a portal a gateway between one world and the next para 48 The chapters in this volume attest to the willingness of individuals to collaborate in stepping through that portal On the Fly! Iain McIntyre,2018-09-01 The first anthology of its kind On the Fly brings forth the lost voices of Hobohemia Dozens of stories poems songs stories and articles produced by hoboes are brought together to create an insider history of the subculture s rise and fall Adrenaline charged tales of train hopping scams and political agitation are combined with humorous and satirical songs razor sharp reportage and unique insights into the lives of the women and men who crisscrossed America in search of survival and adventure From iconic figures such as labor martyr Joe Hill and socialist novelist Jack London through to pioneering blues and country musicians and little known correspondents for the likes of the Hobo News the authors and songwriters contained in On the Fly run the full gamut of Hobohemia s wide cultural and geographical embrace With little of the original memoirs literature and verse remaining in print this collection aided by a glossary of hobo vernacular and numerous illustrations and photos provides a comprehensive and entertaining guide to the life and times of a uniquely American icon Read on to enter a world where hoboes tramps radicals and bums gather in jungles flop houses and boxcars where gandy dancers bindlestiffs and timber beasts roam the rails once more
