Chicago occupies a central position in both the geography and literary history of the United States From its founding in 1833 through to its modern incarnation the city has served as both a thoroughfare for the nation's goods and a crossroads for its cultural energies The idea of Chicago as a crossroads of modern America is what guides this literary history which traces how writers have responded to a rapidly changing urban environment and labored to make sense of its place in and implications for the larger whole In writing that engages with the world's first skyscrapers and elevated railroads extreme economic and racial inequality a growing middle class ethnic and multiethnic neighborhoods the Great Migration of African Americans and the city's contemporary incarnation as a cosmopolitan urban center Chicago has been home to a diverse literature that has both captured and guided the themes of modern America **Dictionary Catalog of the Dance**

oversight of his music and art In 1983 Guthrie created his own label Rising Son Records to reissue titles from his back catalog and create new music Guthrie speaks frankly about record company blues and music industry tangles offering lively accounts of the people he met and the places he performed The narrative takes several detours with Guthrie sharing memories written in the spirit of his signature shaggy dog storytelling style Rising Son also illuminates the spiritual journey of a restless pilgrim a man devoted to exploring and synthesizing the most benevolent principles of charity and kindness as practiced by different religious traditions What I've tried to do Guthrie has reflected is to use live music to change people's lives This definitive biography invites new appreciation for Arlo Guthrie's remarkable career as a musician storyteller and humanitarian activist
