

Gorbachev And His Generals

R Bogdan

Gorbachev And His Generals:

Gorbachev And His Generals William C. Green, 2019-05-20 This book investigates the debate over Soviet military doctrine and changes in civil military relations in the Soviet Union since 1985 One of Gorbachev's greatest challenges is to apply new thinking to the military sphere Under this rubric such phrases as reasonable sufficiency and reliable defence are used by Soviet military leadership to *Soviet Military Power In A Changing World* Susan L Clark, 2019-06-04 Many people have been instrumental in helping see this book through to completion First I want to thank Robbin Laird not only for his professional encouragement over the years but especially for his suggestion to do this book in the first place Nor would this effort have been possible or nearly as enjoyable without the support and friendship of Susan McEachern I would also like to thank Jackie Evans for her assistance in helping to prepare the manuscript

Gorbachev and His Generals Christopher N. Donnelly, 1990

Gorbachev's Gamble Andrei Grachev, 2018-03-12 Gorbachev's Gamble offers a new and more convincing answer to this question by providing the missing link between the internal and external aspects of Gorbachev's perestroika Andrei Grachev shows that the radical transformation of Soviet foreign policy during the Gorbachev years was an integral part of an ambitious project of internal democratic reform and of the historic opening of Soviet society to the outside world Grachev explains the motives and the intentions of the initiators of this project and describes their hopes and their illusions He recounts the story of the internal debates and struggles in the Kremlin and behind the scene decisions that led to the Soviet withdrawal from Afghanistan the fall of the Berlin Wall the break up of the Warsaw Pact and eventually the demise of the Soviet Union itself The book is based on exclusive interviews with the leaders of the Soviet Union including Gorbachev personal notes and diaries of their assistants and advisers and transcripts of the discussions inside the Politburo and Secretariat of the Central Committee Together they constitute a multi voice political confession of a whole generation of decision makers of the Soviet Union that enables us better to understand the origin and the breathtaking trajectory of the events that led to the end of the Cold War and the unprecedented transformation of world politics in the closing decades of the 20th century

The Russian View of U.S. Strategy Jonathan Samuel Lockwood, 2017-09-04 Soviet perceptions of U S strategy remained remarkably consistent from the post Stalin period through the collapse of communism in Eastern Europe and the Soviet Union itself The consistency of the Soviet tendency to engage in the mirror image fallacy in their analyses of U S doctrine and strategic intentions has profound implications for the future relationship of the U S and the now independent republics This authoritative volume analyzes the Soviet Russian perspectives of U S strategic evolution from the declaration of the massive retaliation doctrine of 1954 through the Soviet collapse of 1991 The Soviets considered the growth of their strategic nuclear arsenal as the main factor giving them political leverage over U S foreign policy and predicted that a defense policy based on strategic defense would be the most effective deterrent from a Soviet perspective Now the Russian military and political leadership places a high value on strategic nuclear forces in terms of political leverage and prestige

Building upon a wide variety of international sources the Lockwoods offer a penetrating assessment of how the present Russian perspective will affect political relationships not only with the U S and the West but also among the independent republics This factor will become ever more critical as they vie for decentralized versus unified control of what was the Soviet nuclear arsenal under the shadow of the collapsing economies The authors also introduce a new theory concerning the future impact of ballistic missile defense on operational warfare in light of the U S experience in Operation Desert Storm The Russian View of U S Strategy provides a comprehensive historical context and an up to date appraisal of an uncertain and potentially volatile development in U S Russian relations It will be of interest to historians policymakers and military analysts

Russia's Army Roger R. Reese, 2023-10-03 With the invasion of Ukraine Vladimir Putin's Russia seems to have stepped out of time reverting to an imperial era of conquest and expansion But as Roger Reese points out in this comprehensive new history Russia's way of war has changed little from one century to the next one regime to another from the army of the tsar to the army of today Russia's Army reveals how the Imperial Russian Army and its successors the Soviet Army and the army of the Russian Federation confronted the state's foreign policy challenges projecting power and defending the empire and the domestic challenge of containing internal unrest generated by nationalism competing ethnic and religious identities and political discontent These twin challenges in turn drove defense policy and the planning and conduct of war From the beginning of the nineteenth century the development of the army was driven by shifts in the European balance of power and changes in global diplomacy politics economics and society Reese identifies themes that weave their way through this military history the adoption of a strategy to maintain a defensive posture in the West an offensive strategy in the Balkans and an expansionist policy in the East maintenance of a large standing army and a consistent unease about the army's and non-Russian minorities loyalty to the state These themes he shows have emerged in times of peace and war as heads of state have made operational and strategic military decisions while managing civil-military relations from the times of tsarist Russia through the collapse of the Soviet empire when Putin sought to restore authoritarian rule and hegemony over the former Soviet states of the USSR A comprehensive account of the history of the Russian army from 1801 to 2022 Reese's is the first book to link Russian military history across three distinct eras and to situate this history within the context of military strategy and doctrine as reflected in specific campaigns issues of manning and maintaining an army and relations between army and society at home and in the near abroad

A Dictionary of 20th-Century Communism Silvio Pons, Robert Service, 2022-04-12 An encyclopedic guide to 20th century communism around the world The first book of its kind to appear since the end of the Cold War this indispensable reference provides encyclopedic coverage of communism and its impact throughout the world in the 20th century With the opening of archives in former communist states scholars have found new material that has expanded and sometimes altered the understanding of communism as an ideological and political force A Dictionary of 20th Century Communism brings this scholarship to students teachers and scholars in related fields In more

than 400 concise entries the book explains what communism was the forms it took and the enormous role it played in world history from the Russian Revolution through the collapse of the Soviet Union and beyond Examines the political intellectual and social influences of communism around the globe Features contributions from an international team of 160 scholars Includes more than 400 entries on major topics such as Figures Lenin Mao Stalin Ho Chi Minh Pol Pot Castro Gorbachev Events Cold War Prague Spring Cultural Revolution Sandinista Revolution Ideas and concepts Marxism Leninism cult of personality labor Organizations and movements KGB Comintern Gulag Khmer Rouge Related topics totalitarianism nationalism antifascism anticommunism McCarthyism Guides readers to further research through bibliographies cross references and an index

Living Weapons Gregory D. Koblentz, 2011-05-16 Biological weapons are widely feared yet rarely used Biological weapons were the first weapon prohibited by an international treaty yet the proliferation of these weapons increased after they were banned in 1972 Biological weapons are frequently called the poor man's atomic bomb yet they cannot provide the same deterrent capability as nuclear weapons One of my goals in this book is to explain the underlying principles of these apparent paradoxes from Living Weapons Biological weapons are the least well understood of the so called weapons of mass destruction Unlike nuclear and chemical weapons biological weapons are composed of or derived from living organisms In Living Weapons Gregory D Koblentz provides a comprehensive analysis of the unique challenges that biological weapons pose for international security At a time when the United States enjoys overwhelming conventional military superiority biological weapons have emerged as an attractive means for less powerful states and terrorist groups to wage asymmetric warfare Koblentz also warns that advances in the life sciences have the potential to heighten the lethality and variety of biological weapons The considerable overlap between the equipment materials and knowledge required to develop biological weapons conduct civilian biomedical research and develop biological defenses creates a multiuse dilemma that limits the effectiveness of verification hinders civilian oversight and complicates threat assessments Living Weapons draws on the American Soviet Russian South African and Iraqi biological weapons programs to enhance our understanding of the special challenges posed by these weapons for arms control deterrence civilian military relations and intelligence Koblentz also examines the aspirations of terrorist groups to develop these weapons and the obstacles they have faced Biological weapons Koblentz argues will continue to threaten international security until defenses against such weapons are improved governments can reliably detect biological weapon activities the proliferation of materials and expertise is limited and international norms against the possession and use of biological weapons are strengthened

Robustness and Fragility of Political Orders Richard Ned Lebow, Ludvig Norman, 2022-11-24 A comparative interdisciplinary volume on the robustness and fragility of political orders that focuses on leader understandings and their consequences It includes studies of failed orders like the Weimar Republic and the Soviet Union current orders like the United States regional orders such as the European Union and international orders

The Triumph of Improvisation

James Graham Wilson, 2014-02-15 In *The Triumph of Improvisation* James Graham Wilson takes a long view of the end of the Cold War from the Soviet invasion of Afghanistan in December 1979 to Operation Desert Storm in January 1991 Drawing on deep archival research and recently declassified papers Wilson argues that adaptation improvisation and engagement by individuals in positions of power ended the specter of a nuclear holocaust Amid ambivalence and uncertainty Mikhail Gorbachev Ronald Reagan George Shultz and George H W Bush and a host of other actors engaged with adversaries and adapted to a rapidly changing international environment and information age in which global capitalism recovered as command economies failed Eschewing the notion of a coherent grand strategy to end the Cold War Wilson paints a vivid portrait of how leaders made choices some made poor choices while others reacted prudently imaginatively and courageously to events they did not foresee A book about the burdens of responsibility the obstacles of domestic politics and the human qualities of leadership *The Triumph of Improvisation* concludes with a chapter describing how George H W Bush oversaw the construction of a new configuration of power after the fall of the Berlin Wall one that resolved the fundamental components of the Cold War on Washington's terms [Western Intelligence and the Collapse of the Soviet Union](#) David Arbel, Ran Edelist, 2004-11-23 In 1991 the Soviet Union collapsed It was an event of major historic and global dimensions yet it took the entire world totally by surprise In this book the authors interview dozens of people who dealt with Soviet affairs in the 1980s all of who admit to having been caught off guard [The Holy Warrior: Osama Bin Laden and His Jihadi Journey in the Soviet-Afghan War](#) Reagan Fancher, 2023-10-10 Fought between 1979 and 1989 the Soviet Afghan War provided vital combat experience for Osama bin Laden and his senior lieutenants in al Qaeda allowing them to hone their newly acquired skills in guerrilla warfare to later support Islamist insurgencies worldwide Yet the ruthless al Qaeda chief's success depended on the Soviet leadership's reluctant prolonging of its military occupation out of fear of leaving Afghanistan in hostile hands As relative latecomers to the ferocious Afghan frontlines the inexperienced Arab fighters benefitted militarily from the combat training unwittingly provided by their Soviet foes After skillfully obtaining this command and battle experience by working within the wartime atmosphere bin Laden channeled al Qaeda's efforts in a global jihadi campaign targeting a second superpower and its allies While allegations of U S support for the Arab jihadis have contributed to a popular image of bin Laden and al Qaeda as CIA creations the historical facts appear to demonstrate that the combat opportunities provided by the Soviet occupation forces played a far larger role in transforming them into seasoned guerrilla fighters In this second edition Reagan Fancher updates and expands his monograph in an Afterword elaborating on the contemporary U S U K perceptions of bin Laden's wartime actions and their results as he applied his battle honed guerrilla tactics judo skills and recruitment capabilities in tactically helping Yemen's anti communist Salafi guerrillas to emerge victoriously in their country's 1994 Civil War before concluding with an assessment of the founding al Qaeda leader's impact on history It offers an opportunity for today's decision makers to learn from history and avoid creating new generations of Osama bin Ladens

Professional Journal of the United States Army ,1996 **Problems of Communism** ,1985 *At the End of Military Intervention* Robert Johnson,Timothy Clack,2015 Written by leading scholars and practitioners this is the first book to explore the specifics of what happens at the end of military intervention It draws upon on a wide range of post 1945 examples from a variety of regions and periods providing a foundational source on what forms a crucial element of past and present interventions **Bulletin of the Atomic Scientists** ,1985-11 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world The Age of Anxiety Mark Galeotti,2014-09-25 The geography of Russia vast unwieldy exposed and her tragic history of foreign invasion have created an overriding sense of military vulnerability amongst her leaders that after the horrors of the Second World War amounted almost to paranoia This important study of the years since Brezhnev shows how this obsession with national security have been at the core of Russian thinking right through the reforms of the Gorbachev era and the eventual collapse of the USSR and continues to dominate the turbulent politics of post Soviet Russia today **Seven Years that Changed the World** Archie Brown,2007-04-19 A rigorously argued and lively interpretation of the transformation of the Soviet system the disintegration of the Soviet state the end of the Cold War and the role of Mikhail Gorbachev Written by a leading authority on Soviet politics this thoroughly researched book draws on new archival sources and puts perestroika in fresh perspective Perestroika began as an attempt by a minority within the leadership of the Communist Party to reform the Soviet system The decisive role was played by the new General Secretary Mikhail Gorbachev Perestroika reconstruction developed into an attempt to move from Communism to competitive elections and a market economy of a social democratic type This revolution from above had profound consequences both intended and unintended The latter included the dissolution of the Soviet state Four of the ten chapters were written in real time in the second half of the 1980s while perestroika was still underway The other six chapters provide an up to date discussion of such important issues as the stimuli to perestroika its intellectual origins and development its influence on other countries and their influence on developments in the Soviet Union and the ending of the Cold War Archie Brown takes issue with a number of popular interpretations of perestroika and of the end of the Cold War and draws on new archival sources in a book which is both clearly and vigorously argued and well documented

The Soviet Military Experience Roger R. Reese,2002-01-04 The Soviet Military Experience is the first general work to place the Soviet army into its true social political and international contexts It focuses on the Bolshevik Party s intention to create an army of a new type whose aim was both to defend the people and propagate Marxist ideals to the rest of the world It includes discussion of the origins of the Workers and Peasant s Red Army effects of the Civil War Bolshevik regime s use of the military as a school of socialism effects of collectivization and rapid industrialisation of the 1920s and 1930s Second World War and its profound repercussions ethnic tensions within the army effect of Gorbachev s policies of Glasnost and

Perestroika Inside Gorbachev's Kremlin Yegor Ligachev, Stephen Cohen, 2018-02-23 This memoir by the second most powerful Communist Party leader during the early Gorbachev years provides an important alternative view of the USSR's transformation a view that is gaining ground in Russian politics today In a substantial new piece for this edition Mr Ligachev outlines the political agenda of today's communist coalition the establishment of a new Soviet Union with strong economic and political integration of its member states Yegor Ligachev a seasoned Party boss from Siberia made a solid career for himself in the capital during the Khrushchev era but following Khrushchev's ouster chose to retreat to the provinces In 1985 his political patrons brought him back to Moscow to help them build a dynamic new leadership team under Mikhail Gorbachev The two reform minded communists launched an effort to inject life and energy into the Party economy and society through a series of liberalizing measures But when Ligachev saw the reforms moving into a revolutionary phase that could result in the Party's loss of control over the helm of state he found himself increasingly siding with the opposition In this gripping book Ligachev describes the evolving confrontation between opposing forces at high level Party meetings and sessions of the Politburo as well as in less formal conversations Along the way he gives revealing glimpses not only of Gorbachev but also of Yuri Andropov Andrei Gromyko Alexander Yakovlev Eduard Shevardnadze Boris Yeltsin and other top leaders Notorious events such as the 1989 massacre in Tbilisi and the Gdlyan Ivanov affair in which Ligachev argues he was unjustly implicated are also highlighted

If you ally habit such a referred **Gorbachev And His Generals** ebook that will give you worth, acquire the unconditionally best seller from us currently from several preferred authors. If you want to humorous books, lots of novels, tale, jokes, and more fictions collections are moreover launched, from best seller to one of the most current released.
