Ski , 2004-03 *The Forbidden Knowledge of Good and Evil* Daniel F. Owsley, 2012-02-23 1 It s with great pride that some very great literature about creation has finally been gathered together for God s faithful few So be prepared to go on a journey back in time 2 But the very first thing that any inspired work about creation has to do is to present some undeniable facts so that evolution can be discredited to it s very core Therefore the voices of many modern experts shall now ring out in unity to teach the facts of reality For it s now well beyond crystal clear that many fantasies have haunted billions of people about the way that life somehow came into existence upon our blue and green world 3 Tis also as clear as cloudless skies that the past ideas of those multitudes hasn t only been ridiculous but they have also imagined some totally impossible scenarios as well 4 Tis therefore a sure thing that people can object to other people s opinions But there s nobody with even half of a brain that can dare to disagree with the kind of indisputable fossil evidence that humanity has already uncovered For those rocks silently yell out the fact that Man s understandings of prehistoric time lines have always been very false 5 And to accomplish the kind of teaching that rocks teach the best our Lord has allowed several of those discoveries to stress that our science is wrong He even uses the voice of Charles Darwin to prove once and for all that evolution is an absurdity at it s highest height 6 So this shall be the time to explore some artifacts to look at some fossils to crawl through some real deep mines to look at some graveyards and to look through some

microscopes And it s also the time to set the world s clock ahead For most people have always been pretty backwards in their thinking when it comes to the book of Genesis 7 But for people who want to be enlightened they have to listen to the apocryphal voices of Enoch Methuselah Israelius and the two sons of Moses Gershom and Eliezer 8 Tis also the hour to peek into caves to examine some art work to listen to the ancients as well as the moment to put all of those things into a single package so God s supernatural creation of everything we know shall be extremely clear For it s a given that things scientifically could never have happened any other way once all of the facts are in 9 So sit back and relax as this true tale about the miraculous aspect of our world s creation is looked at For this is the time to look at geology giants of old and the great thunder lizards that caused the grounds to tremble as they gently walked under the moonlight 10 Then the focus of this Forbidden Knowledge of Creation shall shift as truths about God are briefly held up very high for all to see Tis therefore the long awaited hour for some new revelation through the voices of many of God s servants from history past and present 11 And once all of the above has been accomplished earth s true history shall then be laid out in chronological order so nothing will seem to be complicated But the complexities of everything involving creation will certainly spin some people s heads around if they refuse to accept the very simple fact that everything about earth has been supernatural from it s very sudden creation when God long ago first said let it be

The Apocalypse of Isaiah Metaphorically Speaking Brian Doyle,2000 The analysis of metaphors constitutes an ideal point of entry into the exegesis of Biblical Hebrew poetic texts because it forces the exegete to examine the said text from a variety of perspectives How can one discern the presence of metaphorical speech What are the various types of metaphorical speech available to and employed by the biblical poet How does the structure of a piece of Hebrew poetry carry its metaphorical dimensions How did the biblical poet make use of the various types of metaphor and to what end Can we ultimately gain access to the poet s meaning The present study endeavours to provide at least a partial answer to these questions In maintaining focus on the biblical text moreover the author hopes to anchor some of the abstractions of metaphorical theory with chosen examples taken from the so called Apocalypse of Isaiah The Hebrew prophets constitute fertile ground in their use of metaphorical language for speaking the unspeakable especially concerning the relationship between the people and God
