**Bookman's Weekly** ,1999 HSA Heritage Auctions Rare Books Auction Catalog #6030 James Gannon,2009-09 The 1940s: A Decade of Modern British Fiction Philip Tew,Glyn White,2022-02-24 How did social cultural and political events concerning Britain during the 1940s reshape modern British fiction During the Second World War and in its aftermath British literature experienced and recorded drastic and decisive changes to old certainties Moving from potential invasion and defeat to victory the creation of the welfare state and a new Cold war threat the pace of historical change seemed too rapid and monumental for writers to match Consequently the 1940s were often side lined in literary accounts as a dividing line between periods and styles Drawing on more recent scholarship and research this volume surveys and analyses this period s fascinating diversity from novels of the Blitz and the Navy to the rise of important new voices with its contributors exploring the work of influential women Commonwealth exiled genre avant garde and queer writers A major critical re evaluation of the intriguing decade this book offers substantial chapters on Elizabeth Bowen Graham Greene and George Orwell as well as covering such writers as Jocelyn Brooke Monica Dickens James Hadley Chase Patrick Hamilton Gerald Kersh Daphne Du Maurier Mary Renault Denton Welch and many others Angels in the Trenches Leo Ruickbie,2018-11-08 After a miraculous escape from the German military juggernaut in the small Belgian town of Mons in 1914 the first major battle that the British Expeditionary Force would face in the First World War the British really believed that they were on the side of the angels Indeed after 1916 the number of spiritualist societies in the United Kingdom almost doubled from 158 to 309 As Arthur Conan Doyle explained The deaths occurring in almost every family in the land brought a sudden and concentrated interest in the life after death People not only asked the question If a man die shall he live again but they eagerly sought to know if communication was possible with the dear ones they had lost From the Angel of Mons to the popular boom in spiritualism as the horrors of industrialised warfare reaped their terrible harvest the paranormal and its use in propaganda was one of the key aspects of the First World War Angels in the Trenches takes us from defining moments such as the Angel of Mons on the Front Line to spirit communication on the Home Front often involving the great and the good of the period such as aristocrat Dame Edith Lyttelton founder of the War Refugees Committee and the physicist Sir Oliver Lodge Principal of Birmingham University We see here people at every level of society struggling to come to terms with the ferocity and

terror of the war and their own losses soldiers looking for miracles on the battlefield parents searching for lost sons in the silence room It is a human story of people forced to look beyond the apparent certainties of the everyday and this book follows them on that journey

**Used and Rare** Lawrence Goldstone,Nancy Goldstone,2010-04-01 Journey into the world of book collecting with the Goldstones rediscover the joy of reading laugh and fall in love with books all over again The idea that books had stories associated with them that had nothing to do with the stories inside them was new to us We had always valued the history the world of ideas contained between the covers of a book or as in the case of The Night Visitor some special personal significance Now for the first time we began to appreciate that there was a history and a world of ideas embodied by the books themselves Part travel story part love story and part memoir Lawrence and Nancy Goldstone s Used and Rare provides a delightful love letter to book lovers everywhere

**Fine Books & Collections ,2008** **The Queen Chronology (2nd Edition)** Patrick Lemieux,Adam Unger,2018-04-11 REVISED EXPANDED 2ND EDITION The Queen Chronology is a comprehensive account of the studio and live recording and release history of Freddie Mercury Brian May John Deacon and Roger Taylor who joined forces in 1971 as the classic line up of the rock band Queen Years of extensive research have gone into the creation of the Chronology which covers the very beginnings of band members careers their earliest songwriting efforts and recording sessions through the recording and releasing of Queen s 15 original studio albums with their classic line up to the present day solo careers of Brian May and Roger Taylor All of this information is presented date by date in chronological order with detailed descriptions of each song version including those both released and known to be unreleased Every Queen and solo album single non album track edit remix and extended version is examined as are known demos or outtakes pre Queen recordings and guest appearances

**Europe's Long Century** Spencer Di Scala,2013 The twentieth century has been interpreted as a short century marked by extremes According to this view the century lasted only from 1914 to 1989 or 1991 These dates coincide with the rise and fall of communism that came to power in Russia in 1917 and ended with the fall of the Berlin wall 1989 or that of the Soviet Union 1991 Thus the concept of a short century is unduly influenced by a Cold War perspective In Europe s Long Century Spencer Di Scala presents an alternative view that will be more helpful to undergraduate history students in the twenty first century namely that twentieth century Europe was actually a long century lasting approximately from 1900 to 2000 with patterns and antecedents discernible before the century began and that continue to be elaborated today Comprehensive current and affordable Europe s Long Century integrates the histories of Eastern Europe Scandinavia and the Balkans that are often neglected in similar treatments It also thoroughly covers the role of science in shaping modern European life and the book s biographical sketches profile the lives of important though not always well known people who influenced Europe s long century

**Empires of Print** Patrick Scott Belk,2017-05-08 At the turn of the twentieth century the publishing industries in Britain and the United States underwent dramatic expansions and reorganization that brought about an increased traffic in books and periodicals around the world

Focusing on adventure fiction published from 1899 to 1919 Patrick Scott Belk looks at authors such as Joseph Conrad H G Wells Conan Doyle and John Buchan to explore how writers of popular fiction engaged with foreign markets and readers through periodical publishing Belk argues that popular fiction particularly the adventure genre developed in ways that directly correlate with authors experiences and shows that popular genres of the late nineteenth and early twentieth centuries emerged as one way of marketing their literary works to expanding audiences of readers worldwide Despite an over determined print space altered by the rise of new kinds of consumers and transformations of accepted habits of reading publishing and writing the changes in British and American publishing at the turn of the twentieth century inspired an exciting new period of literary invention and experimentation in the adventure genre and the greater part of that invention and experimentation was happening in the magazines

Summa on Marriage Saint Raymond (of Peñafort), Pontifical Institute of Mediaeval Studies, 2005 The birth and flowering of canonical jurisprudence in the twelfth century is one of the most striking and fruitful developments of the age marking an important turn in the history of the Church and in framing the essential elements of the rule of law in political and social life Raymond of Penyafort was an important participant in these developments Born near Barcelona in 1175 he became a teacher of canon law at Bologna the greatest centre of legal studies He joined the newly founded Order of Preachers Dominicans and championed multilingual education of the friars for a more effective evangelization of Muslims and Jews He became Master General of the Order in 1238 and died in 1275 He was canonized in 1601 and has been declared the patron saint of canon lawyers Pope Gregory IX appointed Raymond to produce a comprehensive compilation of papal legal decisions The result the Decretals of Gregory IX 1234 would remain normative in the Catholic Church until 1917 Raymond drew on it to compose his Summa on Marriage a summary of learned reflection on the law of marriage to aid his Dominican brothers in hearing confessions where numerous problems touching on marriage would have been encountered The definition of marriage and of its ends stages and impediments arrangements and consequences are the subject of the work This translation of it offers students and scholars alike a comprehensive presentation of the medieval teaching on marriage learned in content practical in orientation

BOOK JACKET Crusaders Dan Jones, 2020-10-06 A major new history of the Crusades with an unprecedented wide scope told in a tableau of portraits of people on all sides of the wars from the author of Powers and Thrones For more than one thousand years Christians and Muslims lived side by side sometimes at peace and sometimes at war When Christian armies seized Jerusalem in 1099 they began the most notorious period of conflict between the two religions Depending on who you ask the fall of the holy city was either an inspiring legend or the greatest of horrors In Crusaders Dan Jones interrogates the many sides of the larger story charting a deeply human and avowedly pluralist path through the crusading era Expanding the usual timeframe Jones looks to the roots of Christian Muslim relations in the eighth century and tracks the influence of crusading to present day He widens the geographical focus to far flung regions home to so called enemies of the Church including Spain North Africa

southern France and the Baltic states By telling intimate stories of individual journeys Jones illuminates these centuries of war not only from the perspective of popes and kings but from Arab Sicilian poets Byzantine princesses Sunni scholars Shi'ite viziers Mamluk slave soldiers Mongol chieftains and barefoot friars Crusading remains a rallying call to this day but its role in the popular imagination ignores the cooperation and complicated coexistence that were just as much a feature of the period as warfare The age old relationships between faith conquest wealth power and trade meant that crusading was not only about fighting for the glory of God but also among other earthly reasons about gold In this richly dramatic narrative that gives voice to sources usually pushed to the margins Dan Jones has written an authoritative survey of the holy wars with global scope and human focus *The History of British Women's Writing, 1880-1920* Holly A. Laird, 2016-10-06 The ranks of English women writers rose steeply in the late 19th and early 20th centuries contributing to the era's revolutionary social movements as well as to transforming literary genres in prose and poetry The phenomena of the new New Women New Unionism New Imperialism New Ethics New Critics New Journalism New Man are this moment's touchstones This book tracks the period's new social phenomena and unfolds its distinctively modern modes of writing It provides expert introductions amid new insights into women's writing throughout the United Kingdom and around the globe **Listen to Punk Rock!** June Michele Pulliam, 2021-04-19 Listen to Punk Rock Exploring a Musical Genre discusses the evolution of punk from its inception in 1975 to the present delving into the lasting impact of the genre throughout society today Listen to Punk Rock provides readers with a fuller picture of punk rock as an inclusive genre with continuing relevance Organized in a roughly chronological manner it starts with an introduction that explains the musical and cultural forces that shaped the punk genre Next 50 entries cover important punk bands and subgenres noting female punk bands as well as bands of color The final part of the book discusses how punk has influenced other musical genres and popular culture The book will give those new to the genre an overview of important bands and products related to the movement in music including publications fashion and films about punk rock Notably it pays special attention to diversity within the genre discussing bands often overlooked or mentioned only in passing in most histories of the movement which focus mainly on The Sex Pistols The Clash and The Ramones as the pioneers of punk **British Film Institute Film Classics** Rob White, Edward Buscombe, 2003
