Collins,2005 This is a collection of twenty essays written over forty years between 1962 and 2004 on the Sudan southern Sudan and Darfur Four decades of civil war has cost more than two million dead and another six million refugees and Internally Displaced Persons Now after a decade of ambivalent and frustrating negotiations a peace agreement between the Sudan People's Liberation Movement and the Government of the Sudan has finally been signed on 9 January 2005 leaving in its wake a devastated southern Sudan its infrastructure completely destroyed its fragile economy in ruins and its people exhausted after nearly half a century of fierce fighting Although these twenty essays include such topics as nation building the dynamics of racial ethnic cultural and religious identity the politics of oil and the legacy of slavery most of them are concerned with conflict in the Sudan its participants and the reasons why and it began and has continued for so long These essays are presented here in chronological order the aggregate becomes a unique history of the Sudan's terrible civil war that cannot be found elsewhere the independent Sudan are woven into the text of each revealing new insights into the history of these tumultuous decades **L'Africa nera fra cristianesimo e islam** Gianpaolo Romanato,2003 *Gordon* Pierre Crabitès,2016-10-04 The critics of Charles George Gordon accused him of vacillation and of instability of character His supporters refused to admit that he was inconstant they took the position that it was the Gladstone Cabinet which manifested a spirit of indecision that was fraught with terrible consequences General Gordon was a prolific letter writer and he also kept a journal Many official notes and dispatches deal with his final mission to Khartoum This book first published in 1933 attempts to get at the truth of Gordon's character and his time in the Sudan through these letters this journal these notes and dispatches *Gordon, the Sudan and Slavery ... **Gordon of Khartoum** Mike Pearce,2023-03-19 Many of the opinions or facts recorded about General Gordon's life and death given here from written sources may be subjective One of the main problems in Sudan is it is composed of a mixture of conflicting tribes and religions The Sudan has always suffered if not from warfare then from drought and resulting starvation The arrival of Charles George Gordon as governor general in 1877 has been said to be the start of a better period of history He abolished slavery and fought against taxes He was regarded as honest generous and a just person and even today there is an underlying respect for him even though there is little remaining to commemorate his past especially in the Sudan Many books have been written on Gordon's life his time in the Sudan his military tactics and the battle leading up to the fall of

Khartoum The account presented here looks at the brighter side of Gordon's life in the Sudan his feelings his numerous comments portrayed in his journals and his concern for others It also outlines his ingenuity as a member of the royal engineers used to defend Khartoum together with the final outcome before and after his death as seen by the romantic and critic Finally an assessment is made of his impact on society at the time and what remains of his memory today Charles Gordon had faith in what he was doing during his life In the end he had faith that an army would come to save Khartoum but it arrived too late a few days after Even then he put his faith in his God and became a hero and a martyr and an example for everyone
