Douglas Robinson, 2001-02-01 2001 CHOICE Outstanding Academic Title Translators have long claimed that their job is to step aside and let the source author speak through them In Who Translates Douglas Robinson uses this adage to set up a series of postrationalist perspectives on translation all based on the recognition that translation has always been thought of in terms of the translator s surrender to forces beyond his or her rational control Exploring this theme Robinson examines Plato s Ion Philo Judaeus and Augustine on the Septuagint Paul on inspired interpreters Joseph Smith on the Book of Mormon and Schleiermacher Marx and Heidegger on translation He traces the imaginative and historical linkages between twentieth century conceptions of ideology and ancient conceptions of spirit channeling and the performative inversion of power relations by which the channel or translator comes to wield the source author as his or her tool And he argues throughout for a postrationalist conception of translation based not on the translator s rational control of words and meanings but rather on a flowing through the translator of voices and textualities *Natural-Born Intuition (Easyread Super Large 20Pt Edition)* , **Natural Born Intuition** Lauren Thibodeau, 2014-10-07 Natural Born Intuition is a practical step by step guide to living your best life through the process Dr Lauren calls Knowing living from a deeply guided wholly trusted sense of inner wisdom By demystifying intuition Dr Lauren teaches you how to bring your intuitive right brain and your analytical left brain together Using a simple self assessment tool she developed Dr Lauren helps you determine your natural

Paul Johnson, 2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce s reliability in the subject areas emphasized by the readings Cayce s medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce s ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their

Rethinking Religion in the Theatre of Grotowski Catharine Christof, 2017-03-27 This book opens a new interdisciplinary frontier between religion and theatre studies to illuminate what has been seen as the religious or spiritual nature of Polish theatre director Jerzy Grotowski's work. It corrects the lacunae in both theatre studies and religious studies by examining the interaction between the two fields in his artistic output. The central argument of the text is that through an embodied and materialist approach to religion developed in the work of Michel Foucault and religious studies scholar Manuel Vasquez as well as a critical reading of the concepts of the New Age a new understanding of Grotowski and religion can be developed. It is possible to show how Grotowski's work articulated spiritual experience within the body achieving a removal of spirituality from ecclesial authorities and relocating spiritual experience within the body of the performer. This is a unique analysis of one of the 20th Century's most famous theatrical figures. As such it is a vital reference for academics in both Religion and Theatre Studies that have an interest in the spiritual aspects of Grotowski's work

The Spirit Within Paul Pacific, 2012-04-27 The Spirit Within is a treasure map that will illuminate a path for the reader to travel on an inner journey of spiritual self discovery. It is not our physical self that was created in the image and likeness of God but our Soul or Spirit Within. Learning how to connect with your Spirit Within or True Self is a treasure far beyond any riches you could ever imagine. Get quiet focus within and ask yourself Is this book for me? You will know the answer from a subtle feeling or knowing within you. Whether you choose to read on or not as long as you are heeding the advice or your own Spirit Within you can never lose your way. True intuition is a brief consciously aware connection with God through your Spirit Within. IT is never wrong. True Inspiration is the consciously aware ability to access and maintain this same connection at deeper levels and for longer periods of time. Great Masters of all disciplines demonstrate this connection at the highest of levels. Anyone who performs at a much higher level than their peers have a deeper or stronger level connection Within compared to those below them. There are many levels and durations of this connection some are stronger or deeper than others. Occasionally someone will display a once in a lifetime feat or performance never to be duplicated by them again. Everyone has this innate ability within themselves. When someone learns how to access this connection at deeper levels miracles can and DO happen. Each and every one of us can consciously learn how to develop and use this God force because we are eternally connected to IT. As an inspirational and motivational speaker Paul Pacific relays all true dramatic encounters and profound moments from tears of joy and sadness to circumstances which witnesses stated bordered on the miraculous. From a variety of personal stories the latest scientific evidence and a host of other well documented areas the author explains how and why we are Spiritual Beings choosing to have a human being experience. Paul also presents simple and practical guidelines on how to personally and consciously connect to your own Spirit Within
