Crossing the Kingdom Loring M. Danforth,2016-03-29 For many people the Kingdom of Saudi Arabia evokes images of deserts camels and oil along with rich sheikh in white robes oppressed women in black veils and terrorists But when Loring Danforth traveled through the country in 2012 he found a world much more complex and inspiring than he could have ever imagined With vivid descriptions and moving personal narratives Danforth takes us across the Kingdom from the headquarters of Saudi Aramco the country's national oil company on the Persian Gulf to the centuries old city of Jeddah on the Red Sea coast with its population of undocumented immigrants from all over the Muslim world He presents detailed portraits of a young woman jailed for protesting the ban on women driving a Sufi scholar encouraging Muslims and Christians to struggle together with love to know God and an artist citing the Quran and using metal gears and chains to celebrate the diversity of the pilgrims who come to Mecca Crossing the Kingdom paints a lucid portrait of contemporary Saudi culture and the lives of individuals who like us all grapple with modernity at the dawn of the twenty first century

The Lost Dark Age Kingdom of Rheged Ronan Toolis,Christopher Bowles,2017-01-31 Trusty s Hill is an early medieval fort at Gatehouse of Fleet Dumfries and Galloway The hillfort comprises a fortified citadel defined by a vitrified rampart around its summit with a number of enclosures looping out along lower lying terraces and crags The approach to its summit is flanked on one side by a circular rock cut basin and on the other side by Pictish Symbols carved on to the face of a natural outcrop of bedrock This Pictish inscribed stone is unique in Dumfries and Galloway and southern Scotland and has long puzzled scholars as to why the symbols were carved so far from Pictland and even if they are genuine The Galloway Picts Project launched in 2012 aimed to recover evidence for the archaeological context of the inscribed stone but far from validating the existence of Picts in this southerly region of Scotland the archaeological context instead suggests that the carvings relate to a royal stronghold and place of inauguration for the local Britons of Galloway around AD 600 Examined in the context of contemporary sites across southern Scotland and northern England the archaeological evidence from Galloway suggests that this region may have been the heart of the lost Dark Age kingdom of Rheged a kingdom that was in the late sixth century pre eminent amongst the kingdoms of the north The new archaeological evidence from Trusty s Hill enhances our perception of power politics economy and culture at a time when the foundations for the kingdoms of Scotland England and Wales were being laid
