Edge of the Diaspora Suzanne D. Rutland, 1997      *Edge of the Diaspora* Suzanne D. Rutland, 1988      **Our Multicultural Heritage, 1788-1945** National Library of Australia, 1995      **Conceptualizing Mass Violence** Navras J. Aafreedi, Priya Singh, 2021-05-13

Conceptualizing Mass Violence draws attention to the conspicuous inability to inhibit mass violence in myriads forms and considers the plausible reasons for doing so Focusing on a postcolonial perspective the volume seeks to popularize and institutionalize the study of mass violence in South Asia The essays explore and deliberate upon the varied aspects of mass violence namely revisionism reconstruction atrocities trauma memorialization and literature the need for Holocaust education and the criticality of dialogue and reconciliation The language content and characteristics of mass violence genocide explicitly reinforce its aggressive transmuting and multifaceted character and the consequent necessity to understand the same in a nuanced manner The book is an attempt to do so as it takes episodes of mass violence for case study from all inhabited continents from the twentieth century to the present The volume studies consciously enforced mass violence through an interdisciplinary approach and suggests that dialogue aimed at reconciliation is perhaps the singular agency via which a solution could be achieved from mass violence in the global context The volume is essential reading for postgraduate students and scholars from the interdisciplinary fields of Holocaust and Genocide Studies History Political Science Sociology World History Human Rights and Global Studies      *Special Religious Education in Australia and its Value to Contemporary Society* Zehavit Gross, Suzanne D. Rutland, 2021-02-22

This book explores the advantages of and challenges concerning Special Religious Education SRE in multicultural Australia and argues for the need for General Religious Education GRE as well Through the lens of the most recent scholarship and drawing on an in depth qualitative study and specific case studies the book examines the current debate on the role of religious education within government schools It addresses key concepts of values education spirituality health and wellbeing and cultural and religious identity It analyses why it is important to retain SRE together with GRE as government policy It explores highly relevant controversial and contested issues regarding SRE including the 30% of Australia's population who declare themselves as having no religion and brings fresh insights to the table While secularization has increased in both the national and international spheres there has also been an increase in fundamentalism within religious beliefs Events such as the September 11 terror attacks and the more recent mass shootings by white supremacists and eco fascists in Christchurch New Zealand and Pittsburgh and San Diego in the USA are reminders that religion is still a major actor in the twenty first century This poses new challenges for the relationship between church and state and demonstrates the need to revisit the role of religious education within government schools While the importance of GRE is generally acknowledged SRE has increasingly come under attack by some researchers and teacher and parent bodies as being inappropriate and contradictory to the values of the postmodern world On the other hand the key stakeholders from all the faith traditions in Australia wish to retain the SRE classes in

government schools The book addresses this burning issue and shows that it is relevant not only for Australia but also globally *The Transnational Voices of Australia's Migrant and Minority Press* Catherine Dewhirst, Richard Scully, 2020-11-13 This edited collection invites the reader to enter the diverse worlds of Australia's migrant and minority communities through the latest research on the contemporary printed press spanning the mid nineteenth century to our current day With a focus on the rare radical and foreign language print culture of multiple and frequently concurrent minority groups newspaper ventures this volume has two overarching aims firstly to demonstrate how the local experiences and narratives of such communities are always forged and negotiated within a context of globalising forces the global within the local and secondly to enrich an understanding of the complexity of Australian voices through this medium not only as a means for appreciating how the cultural heritage of such communities were sustained but also for exploring their contributions to the wider society *Argentine Jews in the Age of Revolt* Beatrice D. Gurwitz, 2016-11-21 *Argentine Jews in the Age of Revolt* traces the ongoing efforts among Argentine Jews to rethink the Argentine nation Jewish membership in it and the nature of Jewishness itself from 1955 to 1983 Beginning with the celebrations around the supposed triumph of the liberal nation after the overthrow of Juan Perón this study examines Jewish activists discourse through years of rapid transitions between civil and military rule massive social protest escalating violence and finally the brutal military dictatorship of 1976 to 1983 It argues that these were crucial years in which Jewish activists forcefully discarded previous understandings of the nation and pioneered novel definitions of Jewishness and Zionism designed to resonate in a Latin America upended by revolutionary ferment **A History of the Jews in the Modern World** Howard M. Sachar, 2007-12-18 The distinguished historian of the Jewish people Howard M Sachar gives us a comprehensive and enthralling chronicle of the achievements and traumas of the Jews over the last four hundred years Tracking their fate from Western Europe's age of mercantilism in the seventeenth century to the post Soviet and post imperialist Islamic upheavals of the twenty first century Sachar applies his renowned narrative skill to the central role of the Jews in many of the most impressive achievements of modern civilization whether in the rise of economic capitalism or of political socialism in the discoveries of theoretical physics or applied medicine in higher literary criticism or mass communication and popular entertainment As his account unfolds and moves from epoch to epoch from continent to continent from Europe to the Americas and the Middle East Sachar evaluates communities that until lately have been underestimated in the perspective of Jewish and world history among them Jews of Sephardic provenance of the Moslem regions and of Africa By the same token Sachar applies a master's hand in describing and deciphering the Jews unique exposure and functional usefulness to totalitarian movements fascist Nazi and Stalinist In the process he shines an unsparing light on the often widely dissimilar behavior of separate European peoples and on separate Jewish populations during the Holocaust A distillation of the author's lifetime of scholarly research and teaching experience *A History of the Jews in the Modern World* provides a source of unsurpassed intellectual richness for

university students and educated laypersons alike      **Jews at Home** Simon J. Bronner, 2010-05-27 A multifaceted exploration of what makes a home Jewish materially and emotionally and of what it takes to make Jews feel at home in their environment      *The Jews in the Modern Age* John Efron, 2025-06-23 Providing a broad as well as a pointillist overview of modern Jewish history on a global scale from the eighteenth century to the present day this book analyzes how the Jewish people have been dramatically transformed by the forces of social economic political technological and demographic change Now in a new edition as a split volume this second volume of a comprehensive history of the Jews includes topics such as the impact on Jewish society of the Enlightenment as well as its Jewish equivalent the Haskalah religious innovations in eastern and central Europe the processes of emancipation and Jewish acculturation the modern economic history of the Jewish people which includes their embourgeoisement in central and western Europe and the growth of a giant Jewish proletariat in eastern Europe the emergence of an antisemitic politics that sought to roll back Jewish gains and the variety of Jewish responses to those illiberal forces especially in the form of vibrant Jewish political cultures among them Zionism socialism and mass migration Middle Eastern Jewish communities were likewise impacted by the forces of modernity in ways particular to them and that history is addressed as is the emergence and consolidation of the state of Israel in the wake of the Holocaust and the dissolution of Jewish communities across the Muslim world Currently illiberal forces are again on the march from both the right and the left helping to foster a global upsurge of antisemitic violence and online hate The book is useful not just for those interested in the Jews themselves but also for readers open to learning about global history from the vantage point of an ethnic minority deeply impacted by modernity both its blessings as well as its horrors      [Reader's Guide to Judaism](#) Michael Terry, 2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly      *Holocaust Memory and Racism in the Postwar World* Shirli Gilbert, Avril Alba, 2019-07-08 Holocaust Memory and Racism in the Postwar World is intended for students and scholars of Holocaust and genocide studies professionals working in museums and heritage organizations and anyone interested in building on their knowledge of the Holocaust and the discourse of racism      [Australia's Unthinkable Genocide](#) Colin Tatz, 2017-04-04 We are a moral people and the very notion that Australians could have anything to do with genocide is unthinkable so claimed parliamentarians when Australia was asked to ratify the UN's Genocide Convention in 1949 The reality is that even decent democrats and people who consider themselves good colonists are capable of doing just that killing people because of who they were forcibly removing their children in order to assimilate them and erase them from the landscape and then in the name of their protection incarcerated them on reserves in a manner that caused them serious physical and

mental harm This confronting book addresses the whole issue of what happens to an indigenous minority who were considered other than human an unworthy order of beings destined to die out White Russians, Red Peril Sheila Fitzpatrick, 2021-03-30 Over 20 000 ethnic Russians migrated to Australia after World War II yet we know very little about their experiences Some came via China others from refugee camps in Europe Many preferred to keep a low profile in Australia and some attempted to pass as Polish West Ukrainian or Yugoslavian They had good reason to do so to the Soviet Union Australia's resettling of Russians amounted to the theft of its citizens and undercover agents were deployed to persuade them to repatriate Australia regarded the newcomers with wary suspicion even as it sought to build its population by opening its door to more immigrants Making extensive use of newly discovered Russian language archives and drawing on a lifetime's study of Soviet history and politics award winning author Sheila Fitzpatrick examines the early years of a diverse and disunited Russian Australian community and how Australian and Soviet intelligence agencies attempted to track and influence them While anti Communist White Russians dreamed a war of liberation would overthrow the Soviet regime a dissident minority admired its achievements and thought of returning home The Jews John Efron, Steven Weitzman, Matthias Lehmann, 2018-09-03 The Jews A History is a comprehensive and accessible text that explores the religious cultural social and economic diversity of the Jewish people and their faith Placing Jewish history within its wider cultural context the book covers a broad time span stretching from ancient Israel to the modern day It examines Jewish history across a range of settings including the ancient Near East the age of Greek and Roman rule the medieval realms of Christianity and Islam modern Europe including the World Wars and the Holocaust and contemporary America and Israel covering a variety of topics such as legal emancipation acculturation and religious innovation The third edition is fully updated to include more case studies and to encompass recent events in Jewish history as well as religion social life economics culture and gender Supported by case studies online references further reading maps and illustrations The Jews A History provides students with a comprehensive and wide ranging grounding in Jewish history Anxious Histories Jordana Silverstein, 2015-04-01 Over the last seventy years memories and narratives of the Holocaust have played a significant role in constructing Jewish communities The author explores one field where these narratives are disseminated Holocaust pedagogy in Jewish schools in Melbourne and New York Bringing together a diverse range of critical approaches including memory studies gender studies diaspora theory and settler colonial studies Anxious Histories complicates the stories being told about the Holocaust in these Jewish schools and their broader communities It demonstrates that an anxious thread runs throughout these historical narratives as the pedagogy negotiates feelings of simultaneous belonging and not belonging in the West and in Zionism In locating that anxiety the possibilities and the limitations of narrating histories of the Holocaust are opened up once again for analysis critique discussion and development **Daviborshch's Cart** David Fraser, 2011-01-01 In the spring of 1942 Nazi forces occupying the Ukraine launched a wave of executions targeting the region's remaining Jewish

communities These mass shootings were open public and intimate Although the victims themselves could never testify against their killers many eyewitnesses could and did identify the perpetrators Among these communities three local men from the villages of Serniki Israylovka and Gnivan were intimately implicated in such killing operations Ivan Polyukhovich a forester in the German controlled administration Heinrich Wagner a Volksdeutscher liaison officer and Mikolay Berezowsky a member of the local police force More than fifty years later these three men were arrested and brought to trial in Australia for their alleged war crimes Daviborshch s Cartis more than an account of Holocaust perpetrators who found a safe haven in postwar Australia It is also the story of the Holocaust in the Ukraine the War Crimes Act Nazi policies and the ways in which future generations translate history into law archives into proof and law into justice Based on a review of previously unexamined historical and legal documents and transcripts Daviborshch s Cartoffers the first critical examination of Australian attempts to bring alleged Nazi criminals to justice *The Angel of Kings Cross* Anne Sarzin, 2023-08-11 Dr Fanny Reading arrived in Australia in 1889 as a migrant child and felt the loneliness of the newcomer A brilliant musician and compassionate medical doctor she created the National Council of Jewish Women of Australia mentoring thousands of women bringing them out of their kitchens into the worlds of public debate and policies A leader on Australia s home front during World War II she was a trailblazer feminist and courageous activist for the disadvantaged at home and abroad This illuminating biography makes a significant contribution to Australian history politics and culture Emeritus Professor Konrad Kwiet Resident Historian at the Sydney Jewish Museum Few leaders are endowed with the vision and ability to transform their society One such catalyst of change was Dr Fanny Reading Professor Andrew Markus Emeritus Professor of Monash University s Australian Centre for Jewish Civilisation Sarzin s book a labor of love is a precious gift not only to a great woman whose legacy has justly been restored but especially to readers who will emerge with a greater knowledge of critical chapters in Jewish and Australian history and an appreciation for someone they can cherish as a role model and source of inspiration Dr Daniel Polisar Executive Vice President Shalem College Jerusalem *Soldiers and Aliens* June Factor, 2022-06-15 Four thousand Australian soldiers in World War II who signed up for service were never to fire a weapon Their work was essential for the war effort but they were aliens non British subjects many born in other countries Scholars and peasants musicians and factory workers communists and royalists Jews and Catholics animists and atheists they all laboured under standard strict Army regulations living in tents and huts loading and unloading trains working the wharves cutting timber and transporting goods They raised money for good causes gave public concerts and staged theatre performances And every day they feared for loved ones caught up in the horror of occupied Europe and Asia They were a multicultural force in the Army long before the term multicultural was coined Largely forgotten their contribution to Australia during World War II makes for an engrossing story and provides new insights into a critical period of Australian history **Lost Souls** Sheila Fitzpatrick, 2024-11-12 A history of the roughly half a million Soviet displaced persons post

WWII that looks at how ordinary people caught up in the deepening Cold War sought resettlement
